

VILLAGE RECORD.

WAYNESBORO.

Thursday, May 11, 1871.

The Republican State Convention assembled at Harrisburg on the 17th inst.

The Joint High Commission on Monday signed the treaty for the arbitration of all existing claims against the United States and Great Britain.

At Chaco, a town in the western portion of Arkansas, a desperado recently went into the church and shot a Baptist minister, Rev. Mr. DeCamp, killing him instantly.

Two members of the Florida Legislature were assassinated on the night of the 3d instant. Three members of the Ku Klux arrived in Tallahassee to assassinate Governor Road. Upon being informed of their intention he fled and his whereabouts is unknown.

Reports from the Indian Territory represent a condition of peace and quietness, with no fear of an outbreak of hostilities. A conference of the representatives of the tribes that make complaints against the Government will be held at Washington during the summer.

The first arrests in North Carolina under the Ku-Klux law were made on Friday. A squad of United States troops under command of Major Cushing went to Chatham county and returned with three young men. One night last week a party of disguised men surrounded the log cabin in which some white women lived, and shooting at it peppered the door with bird-shot. The burst into the house and severely beat two of the women and threatened to kill them. The women can swear positively to the persons arrested.

Some time ago Mrs. Pomeroy, wife of the somewhat notorious "Briek" Pomeroy, engaged the services of General Butler as counsel for the purpose of procuring a divorce from her husband. As soon as "Briek" heard that his wife had engaged Butler he instructed his lawyer to endeavor to make a compromise. Pomeroy's lawyer wrote to Butler to ascertain whether a compromise could be effected. After consulting his client Butler replied that it could, provided Mr. Pomeroy would pay his wife twenty thousand dollars, with alimony. Pomeroy at once accepted the terms, and the case is settled, Mrs. Pomeroy resuming her maiden name.

It cost \$5,300 to convict Mrs. Fair, tried in San Francisco for the murder of Crittenden. Her personal expenses are said to have been \$12,000. She paid her senior counsel for defense \$5,000, Judge Quint, for preparing the case, \$3,500, her assistant counsel \$1,000. The balance of the \$12,000 went in payment of two physicians in attendance, nurses, carriages and people employed in hunting up testimony. The question now is, will she be hung? It is said heavy bets have been made upon it.

The relations of Thiers' Government with the German authorities are approaching a serious crisis, which brings nearer the possibility of their troops undertaking the overthrow of the Commune and the restoration of peace to Paris. Favre and Puyser-Quertier, the French Ministers of State and Finance, have met in consultation with Bismarck and Von Arnim at Frankfurt on the non fulfillment by France of the treaty stipulations. Quertier declared that the money indemnity could not now be raised by the Government, and asked for further delay, offering as an equivalent the extension of the commercial treaty, and requesting that the forts north of Paris now held by the Germans shall be given up. Bismarck is said to have insisted on a strict compliance with the terms of the treaty and while refusing the delay asked, suggested that the money be borrowed from English, French and German bankers. What the result of the conference was is not yet known, although Bismarck held a conference with Rothchild on Saturday. Meantime the batteries of the hyalists around Paris are being increased in number, and the cannonade is maintained with steadiness on the insurgent forts. Regular siege works appear to have been constructed around fort D'Isy, and there and elsewhere McMahon is working a gradual approach to the city walls under cover of the artillery fire. The Germans still intercept provisions intended for Paris, and disregard the remonstrances of the Commune.

We learn from Peterson's Counterfeit Detector that there has just been issued a new counterfeit of the \$20 Bank of Lebanon notes. The shading under the title of the bank is irregular, and the engraving coarse and scratchy, but may deceive many. The same authority says: "There has been put in circulation in this city a new counterfeit United States note (greenback) of the denomination of twenty dollars. This bogus bill purports to be of the issue of March 10, 1862. It is remarkably well executed, bearing as close a resemblance to the genuine twenties as to have deceived good judges of paper money.

On Saturday morning the installation ceremonies were performed, Rev. J. A. Crawford, of Chambersburg, preaching the sermon. Rev. J. W. Wightman, former pastor of the church, was present and took part in the ceremonies, which were solemn and impressive.

BOX WOOD BUSH. - The Mechanistown (Md.) Clarion says the oldest Box Wood bush probably in the State is now to be seen in the garden of Mr. Benjamin Firor, about one mile from that town on the Furnace road. It was planted about 90 years ago by Mrs. Barbara Rowe. It is ten feet in height and measures forty-two feet in circumference. It continues to grow and bloom every year - and it is as solid and perennial as if it were an evergreen. It is a real curiosity and to be properly appreciated requires to be seen.

FORMER HOME OF JEFF. DAVIS. - A Chicago gentleman who recently accompanied Jefferson Davis on a visit to the plantation in Mississippi, formerly owned by Jos. E. Davis, now deceased, writes: "These plantations were sold by Mr. Joseph E. Davis, who owned them both, to his favorite freedman, Ben. Montgomery, for \$300,000, payable at the end of ten years (1st of January, 1873) interest at 6 per cent, payable annually. Ben., who is very black, but thoroughly educated before the war, met us and gave us a breakfast, waiting on the table himself, but not offering to take a seat. After breakfast, we had a carriage and rode over the magnificent estate, the extent of which you can form some idea of, when I tell you that Ben. Montgomery made last year 2,500 bales of cotton, and a large quantity of corn. We dined at Blairfield, the former residence of Mr. Jefferson Davis, and now occupied as a residence by the aforesaid Ben., and you will not be surprised to learn that the former slaves of Mr. Davis greeted him with all the warmth of affection that they were capable of expressing. Mr. D. met them cordially, and encouraged them by many kind words. After dinner, at which our wealthy host again waited on us in elegant style, we passed on to a very large and valuable plantation which has been purchased by Ben. Montgomery and added to the Davis estate, and which will add to his crop this year probably 1,000 bales more, making 3,500 in all, if it is a good crop year.

KILLED BY LIGHTNING. - On Friday afternoon last, during the prevalence of a thunder storm, two men named Michael Gorman and Robert Potts, living in Westwood, were struck by lightning and instantly killed. The two men were in the employ of Townsend Walter, Esq., on the Osborne Farm, in Westwood township, about two miles south of West Chester. In company with two sons, of Mr. Walter, Charles and Caleb, and a colored man, they were engaged in picking and loading stones. Between two and three o'clock, the storm began coming up, when Charles Walter said, as it appears to be going to rain, they had better all go to the house. Potts observed that he thought it would be mostly wind and not much rain. He and Gorman then went up and took refuge under a large cherry tree standing by the fence on top of a hill. The colored man drove one team home, while the Walters remained with the other team. A terrific clap of thunder scared the horses, and the attention of the drivers was for a moment occupied in quieting the animals. Just before the thunder clap Potts

and Gorman were seen standing one on each side of the tree. A moment after Mr. Walter saw they were both lying on the ground with smoke rising from their bodies. Running to them, Walters found that both men were dead. Potts had fallen on his back, his clothes were almost entirely stripped and burned from his body, even his shoes being off. The little clothing left was scorched to a dark brown while his body was all blistered and scorched, and his hair was badly scorched. Gorman had fallen on his face, his clothes were burned some little, and his eyebrows and whiskers singed. The tree was a cherry in full blossom. Michael Gorman was an Irishman, and lived in the tenant house of Mr. Walter. He leaves a wife and four small children. Robert Potts was a colored man, and had formerly been a slave in Virginia. The season of thunder storms has once more arrived and this melancholy accident should serve as a terrible warning to all, not to seek shelter of a tree during the prevalence of a storm. - West Chester Record.

AMONG THE INDIANS. - Lieut. Herndon tells us that no tribes of aborigines are found in the deepest forests of South America, from the Andes to the Atlantic coast, that do not have and use Dr. Ayer's medicine and Lowell cottons. "Tremont," "Suffolk," "Boott," are seen stamped in large red and blue letters upon their garments, while Ayer's Pills and Cherry Pectoral are among the treasures of their habitations. Their native soil furnishes them all their food and most of their remedies, but they suffer from some afflictions which must have the interposition of higher skill. [Sentinel, Liberty, Va.

CORNS, BUNIONS, INGROWING NAILS, &c. - The enormously increasing sales of Briggs' 'Allevator and Curative for the prevention and cure of the many painful diseases of the feet, bear witness to their wonderful superiority over all other like preparations. For years they have been steadily growing in favor, until now the great majority who are troubled with bad feet will use no other remedies. The Curative, for sore, tender and festered corns and bunions, bad nails, &c., is soothing and healing, permanent.

PILES. - Internal, External, Bleeding or Itching. This distressing and harassing disease is alarmingly on the increase. - More so, perhaps, from the fact that those who are afflicted from a false notion of delicacy, are afraid to ask for a remedy, thereby making their condition known. How wrong and fatal is this neglect. At the first intimation of the appearance of this complaint they should procure Briggs' Unrivalled Pile Remedy, and, using it according to directions, immediately check it and permanently cure it. It is easy of application, and thorough in its effects. Sold by F. Fourthman.

COUGHS, COLDS, BRONCHITIS, ASTHMA, &c. - The above complaints seem to be increasing in prevalence, and if not taken in time, either one may lead to that dreadful and fatal disease - consumption. What criminality to neglect them when the result may be so terrible! Briggs' Throat and Lung Healer is a positive remedy for all diseases of the throat, lungs and chest - never failing when used in the morning of affliction. - Sold by druggists.

HALL'S VEGETABLE SICILIAN HAIR RENEWER. PHYSICIANS AND CLERGYMEN Testify to its merits in restoring GRAY HAIR to its original color and promoting its growth. It makes the hair soft and glossy. The old in appearance are made young again. It is the best HAIR DRESSING ever used. It removes Dandruff and all Scabby Eruptions. It does not stain the skin. Our Physicians on the Continent free by mail. Beware of the numerous preparations which are sold upon our reputation. H. P. HALL & Co. Schuyl, N. H. Proprietors. For sale by all druggists.
