

VILLAGE RECORD.

WAYNESBORO.

Thursday, May 26, 1871.

Massachusetts has machinery which represents the labor of 100,000,000 men.

An Illinois dentist's patient died of high gas.

A new county to be called Loacawana has been created out of a portion of Luverne county.

It is confidently expected that the cars will run to Bedford from the east by the latter part of July.

A thirty-inch railroad track is to be laid between Allentown and Harleburg, to test the value and feasibility of a narrow gauge.

In Potter county a liquorer has been sold for 19 years. They have no poor house and the jail has not contained a prisoner for three years.

A police officer named Clark was murdered in Baltimore on Monday night by a man named Kussy whom he was attempting to arrest. He was shot dead instantly.

Mr. Bonner has accepted the challenge of the owner of the much-talked-of San Francisco horse for a trot, the match to be for \$50,000, and to take place at Chicago in June. Probably he will bring out Dexter, although this is not stated.

A man in Ashland, this State, recently ordered a "fine gold watch" from one of the swindling agencies in New York. In due time he received, after paying ten dollars express charges, a beautiful "glass marble" block, well boxed, with a note attached reading thus: "Dear Sir—The mystery in regard to this is to find the key hole by which to wind it up. Numerous persons have been searching for it during the past year, and have failed in finding it, but we hope that you will be successful. Respectfully, Williams & Co."

The great pigeon roost at the west this year was in Wisconsin. A paper at Kilbourn city says that for three weeks pigeons were flying in flocks which no man could number. On Saturday, April 27th for above two hours above nightfall, they flew in one continuous flock from South to north, darkening the air and astonishing the people by the sound of their wings. Hotels were full of trappers and hunters, coopers were busy making barrels, and men, women and children active in packing the birds or filling the barrels. They were shipped to Milwaukee, Chicago, St. Louis, Cincinnati, Philadelphia, New York and Boston. From 30,000 to 80,000 were forwarded every day.

Intelligence was received on Monday by cable that the troops of the Versailles Government had effected a lodgement within the walls of Paris. On Friday and Saturday the besieging batteries increased the intensity of the cannonade, and swept the insurgent forts and ramparts with a storm of shot and shell. The communists fell back within the city, abandoning Fort Montrouge their last position on the outer line, and leaving only a small force in the Bois de Boulogne. After this success the Versailles pushed on, and entered the city by the St. Cloud gate, on the western, and Montrouge gate, on the southern side. How far they have progressed is not stated, but it is evident that the civil war is nearly at an end, as the leaders, Piat, Grousset, and their colleagues have fled. There was immense disorder in Paris when the victorious advance of the army became known, and there may yet be considerable street fighting before the authority of the Government is completely established.

P. S. According to later intelligence, on Monday 70,000 government troops occupied the Western and Southern portions of the city. The insurgents were being steadily driven back, but fighting was desperate and the slaughter appalling.

A FATHER KILLS HIS SON.—In Philadelphia on Saturday last about 1 o'clock a number of small boys of the neighborhood standing in front of the grocery store of Mr. Vincent Lucas, at the corner of Franklin and Twentieth streets, one of whom had a small single barreled pistol in his hands, with which it appears that the boys had been playing.

Mr. Lucas' attention was attracted to the circumstance, and he took the pistol to see if it might not be loaded and endanger the lives of the boys. In the act of examining the pistol exploded, and the ball which it contained it struck the breast of his own son, Andrew Lucas, passing obliquely through his heart. He instantly died, without having uttered a word.

Lucas was between 19 and 20 years of age of prepossessing appearance and popular manners, and highly esteemed by a large circle of friends and associates.

The Republican State Convention on Wednesday a week nominated Dr. David Stanton, of Beaver county, for Auditor General, and Col. E. B. Beath, of Schuylkill county, for Surveyor General.

Equal parts of the best oil of juniper and spirits of turpentine, and applied to the parts affected, is said to be a sovereign remedy for rheumatism.

LOCAL MATTERS.

The cherry crop will be overabundant. The first strawberries made their appearance in our market on Thursday at 20 cents per quart.

Tuesday the 13th day of June has been designated for the meeting of the Republican County Convention in Chambersburg.

The prospects for a large yield of small fruit such as blackberries, raspberries, strawberries, currants, &c., are flattering.

Robert McCurdy who was well-known here died of Consumption at London on Sunday.

Palvanized alum and common salt put on a piece of cotton and put into a hollow tooth will stop its aching.

The locust trees are heavily laden with blossoms and fill the air with their fragrance. This, in the estimation of some, insures a full corn crop.

The Ladies Sabbath School Strawberry Festival at Quincey, in Union Hall, comes off to-morrow evening and on Saturday evening.

Franklin Lodge, K. O. T. will hold an ice cream and strawberry Festival in the Town Hall sometime in June, the proceeds to be applied to furnishing the Lodge Room.

The ladies connected with the Reformed church will hold an ice cream and strawberry Festival in the Town Hall on Thursday, Friday, and Saturday evenings, 1st, 2d and 3d days of June.

A Mr. Beard formerly of Adams county, is making preparations for the erection of a large brick house on East Main Street, opposite the residence of Geo. Harbaugh, Esq.

ANTIETAM FACTORY.—We direct special attention to the advt. of Messrs. Good & Metcalf, of the Anti-etam Sash and Door Factory. It will be seen that these gentlemen are well prepared to furnish the public with all kinds of material in the line of their business.

PRETTY GIRLS.—Several of our exchanges boast of having the prettiest and sweetest girls in the State. We don't claim such high honors for Waynesboro, but some of her "bellees" for personal charms, are hard to "top,"—pretty enough to touch with the "tender passion" the flinty-heart of the most obdurate bachelor.

BURGLARS.—Attention is directed to the advertisement of T. J. Cunningham in another column. Mr. C. supplies his customers every week from the cellar in the Walker building with the choicest meats, beef, veal and lamb.

NEW CHURCH.—A society of denomination known as the "River Brethren," we are informed, are erecting a new church at Ringgold, Md. The building is to be of brick, seventy by forty-five feet. The Brethren are quite numerous in this county and in Washington county, Md. They usually worship in private houses or barns, and as a class are regarded as among our most industrious, peaceable and law-abiding citizens.

DROWNED.—On Friday last a small child of Mr. Frederick Speck, aged between one and two years, was drowned in the mill race at Mt. Hope. Its remains were brought to this place and interred in the Reformed burying ground on Sunday.

This is the second bereavement in the family of Mr. S., only a couple of years since a promising young son expired suddenly from the effects of lock jaw. The community generally sympathize with the afflicted family.

BEES SWARMING.—This is again the season when bees swarm. We understand the bees are in great demand; at sales this spring they brought a very good price. There is nothing a man or lady can possess that will increase so fast in value, as well as in the number of swarms, as a colony of bees. It is an interesting study. A person who has a taste for Natural History can learn wonders here.

Now, that the old box-bive is fast disappearing—will soon be as scarce as sickles and spinning wheels—a new impetus will take place in this pleasant business. The movable comb hives are brought to such perfection that they can no longer give place to the old box bive. The advantages gained by them are—Early swarming—raising queens, cutting out the moth—equalizing colonies—feeding week colonies—Italianizing black bees—dividing without any trouble—cut out honey from the stock for table use without disturbing the stock, &c. Page 467 Agricultural Report for 1865—we find that Mr. McNeil of Tipton, Iowa, shifted 6 colonies into Langstroth's frame hives in May 1859. That year he increased to 24 and took off 500 lbs. of honey. The next year he began with 18 weak colonies and increased to 46. This year, '80, he took 100 pounds of honey. In 1861 he increased to 60 colonies and took off 2200 lbs. In 1862 he increased to 104 stands; but owing to a poor season he obtained only 1500 lbs. In 1863 he increased to 160 and took off 3000 lbs. Thus he obtained 6200 lbs. of Honey and 154 colonies in 5 working seasons! This advantage was gained by movable comb hives.

If you have the hat you wore five years ago, it's just the style now. Bring it out next Sunday and see it yourself!

GUERRE FRONT.—A young man from the neighborhood of Smithburg, returning from Down's Distillery on Wednesday night a week, about 12 o'clock, avers that he encountered a ghost or ghosts. We will give his statements in substance as related to our informant. On the Waterloo road between the residences of Joseph and Elise Shockey he noticed an object which he supposed to be a sheep, but which continued to increase in size until it assumed the form of a horse upon which was sitting a man with a very high hat. Looking behind, a second one appeared. Putting several questions to the horse-men as he supposed them to be, but receiving no reply, he put spurs to his horse, the strange visitors keeping pace with him for about a quarter of a mile when the animal fell throwing him into the fence corner, where he lay for about one hour, the strange objects appearing one on each side of his person. He was afraid to rise, thinking it might all be imagination he would close his eyes for several minutes at a time and open them to observe the self same objects. Finally he ventured to ask them if they would not take a drink from a flask which he had in his pocket, but as before received no reply. He then asked what they wanted with him, but the horsemen were mute. He then said if you don't want anything with me I'll get on my horse and go home, and he accordingly rose and mounted his horse, when horse and men went over the fence and vanished. The young man declares he was not intoxicated at the time and that his recollection of the strange affair is correct in every particular. We don't think the whole affair is as strange as it is damaging to our friends Downin.

A WORD TO EMPLOYERS.—We copy the following article from one of our exchanges and to which we invite the attention and careful perusal of our readers, especially those who are employers, and for whom the working man or woman labors and toils. We are glad to publish this article—containing so much good "common sense" sustained by Scripture, upon a subject which has often given us much thought. That man that earns his bread by the "sweat of his brow," should receive his wages so soon as his work is done, and to withhold them from him—as many do—is sinful.

"Pay regularly and promptly what is due to your employees. Read the scriptures on this point: 'The wages of him that is hired shall not abide with you all night until morn'g.—Lev. xix. 13.' 'We unto him that useth his neighbors service without wages and giveth not for work.—Jer. xxiii: 14.' 'I will be a swift witness against the sorceress, and against the adulteress, and against the false-swearer, and (note the company) against those that oppress the hireling in his wages.—Mat. iii: 5'

What may seem to be a small thing to you may, in reality be a very great thing to one whose living it makes. Indifference and thoughtlessness in this thing frequently causes an amount of pain which no man or woman should be willing to inflict. Because the prompt payment of the daily wages may involve momentary inconveniences, perhaps a mere breaking through a prescribed routine or even because it may interrupt a conversation with scarcely enough thought to look the creditor in the face, the debtor—just as truly a debtor as if the man or woman were asking for a million—cries out: "Call again!" He complacently turns to his paper, or his talk, as if he had done no wrong. He has committed a crime. He has sent that man away sad at heart to his home. He has compelled him to see his family deprived of necessities, perhaps put to suffering, he has forced him to make excuses to creditors with shame of face, to endure the feeling of wrong and helpless indignation—simply because for some reason he has chosen to deprive a brother man of his rightful dues. They may deem it a small thing but it is not small in His sight, and shall not escape the visitation."

RELEASED.—Luther Woods arrested in Snyder county and lodged in jail here some weeks ago, was discharged on a writ of habeas corpus last Thursday. He was arrested upon suspicion of being Forrester, the Nathan murderer. It seems his home is in Fayette county, this State, where he is respectably connected, and where he took his departure for when released.—Get. Star.

Mr. D. D. Fahrney of this place is called upon by parties having bees to move them into frame hives and to divide stocks. His experience extends over 6 years, during which time no student of natural history has ever perhaps studied more intensely than he. All the leading books of the science are in his library and were well studied. Attention was paid to different kinds of hives at considerable expense. Parties having bees, or those who contemplate getting them, will do well to consult him and procure his services. Don't let your "Busy Bees" fly off to the mountain or woods.

The latest style at a dinner table is to have a fan placed at each lady's plate on which is printed the bill of fare, and on the other side of which is a small looking glass so that she is able to survey herself and take it cool.

Lost.—An over-coat was lost on the 9th inst., between Hoffman's store and George Winters' residence, one and a half miles from Smithburg. The finder will be rewarded by leaving it with Samuel R. King, Ringgold.

Lost.—A lady's gold Bracelet was lost on Main Street, Waynesboro, on Sunday the 14th inst. The finder will be liberally rewarded by leaving it at this Office.

Boerner & Wayman have received another lot of piee goods and ready made clothing.

BUSINESS LOCALS.

FISH.—Prime mackerel and herring can be had in large or small quantities at Brown's Mt. Hope Store.

D. S. Smith has just received 5 doz pairs of custom made, kid-foxed shoes, which he is selling for \$3 per pair. Defies competition.

ICE CREAM.—Mr. A. D. Gordon has fitted up one of his front rooms as a Ladies' ice cream saloon. He is also prepared to furnish families by the pint, quart or gallon.

AT GORDON'S.—Beck's celebrated Baltimore Lager can be had all hours during the day or evening, ice cold, at the Brew House Bar of A. D. Gordon.

OYSTERS.—The Bowden House Restaurant is now furnishing the finest quality of Oysters the Eastern markets afford, also clam soup, ice cream, Beck's Baltimore Lager, choice liquors, lemonade, etc.

FAMILY FLOUR.—A prime article of family flour (Garver's manufacture) can be had in different sized sacks at the Bakery and Confectionery of H. C. Henneberger.

FISH.—I expect to receive on next Friday noon a lot of BASS, the best fish that swims, also herring and Delaware shad if they can be had at anything like a reasonable price. The Potomac Fisheries have closed for the season. W. A. REID.

The New Wilson Under feed Sewing Machine has all the very latest improvements and leaves nothing more to be desired in the way of Simplicity, Ease of management, beauty of finish, durability, and perfection of work. Machines of all styles, and prices from \$45 to \$125. Every machine warranted. A. E. WAYNANT, Agent.

REAPERS AND MOWERS.—Among the great variety of Reapers and Mowers which claim the attention of our farmers, we notice the Dodge. This is a combined machine, a self-raker, with side delivery. The platform can be raised or lowered while in motion. The machine can be seen in the Waynesboro Hotel Yard. One of the agents, Mr. Wingert, will be in town on Saturday of each week. L. W. WINGERT, J. W. HOCKERAMITH, Agents.

CENTRAL MARKS.—Messrs. Wengley & Kurtz, have made extensive arrangements for the Nursery Meeting. They will slaughter several choice heaves, besides smaller stock to-morrow, so that everybody can be accommodated with choice steaks, urolins, fries, stews, &c. Call at Central market and examine for yourselves.

D. S. SMITH has a full line of genteel hosiery, gloves, handkerchiefs, bows, scarfs, very latest styles, and is continually receiving new supplies. For the Ladies he has a full line of Edgings, and Insertings, the finest ever brought to Waynesboro. A full stock Ladies, Misses, and Children's hosiery, gloves, laces, collars and handkerchiefs. The only place in town where you can find all the different shades of Zephyr and Germantown yarn. To-day (Thursday) he will receive the largest stock of Men and Boy's straw hats ever seen in town. Just stop and look at them. Prices to suit.

CORNS, BUNIONS, INGROWING NAILS, &c.—The enormously increasing sales of Briggs' Allevator and Curative for the prevention and cure of the many painful diseases of the feet, bear witness to their wonderful superiority over all other like preparations. For years they have been steadily growing in favor, until now the great majority who are troubled with bad feet will use no other remedies. The Curative, for sore, tender and feasted corns and bunions, bad nails, &c., is soothing and healing, permanent.

PILES.—Internal, External, Bleeding or Itching. This distressing and narrowing disease is alarmingly on the increase. More so, perhaps, from the fact that those who are afflicted from a false notion of delicacy, are afraid to ask for a remedy, thereby making their condition known. How wrong and fatal is this neglect. At the first intimation of the appearance of this complaint they should procure Briggs' Unrivaled Pile Remedy, and, using it according to directions, immediately check it and permanently cure it. It is easy of application, and thorough in its effects. Sold by F. Fourthman.

CROUPS, COLDS, BRONCHITIS ASTHMA, &c.—The above complaints seem to be increasing in prevalence, and if not taken in time, either one may lead to that dreadful and fatal disease—consumption. What originally to neglect them when the result may be so terrible! Briggs' Throat and Lung Healer is a positive remedy for all diseases of the throat, lungs and chest—never failing when used in the morning of affliction.—Sold by druggists.

A NOVELTY—WOOD HATS.—Among the unnumbered varieties of hats in Styles and qualities, we are this season, offering, for the first time the Hickory or Wood hat.— This hat is made out of wood split it is the lightest and lowest priced Hat ever procured. DRY GOODS!

CALDWELL & CO.

The Cheap Store of HAGERSTOWN.

Now is the time for the citizens of Pennsylvania as well as those of Maryland to procure some of our "GIGANTIC BARGAINS."

We have inaugurated a REVOLUTION in merchandising, by reducing the exorbitant prices of Parisian Fashion to insignificance. What does it signify to the honest men and women of this Free Country whether the people of France are ground under the pedal extremity of an Orleans or swayed by the ambitious will of a BONA PARTE?

It is a matter of far more importance how they expend their hard earned money. We must eat—we must drink—we must have DRY GOODS!

but what sense is there in paying double prices for these things, perhaps for one of a few days' credit. "Pay Day" must come some time and it may be that you will be less able to pay them than now. Pay as you go and go where you get the most goods for the least money.

Buy the Best Standard Prints at 10c for cash. If you have 30 per cent. by buying your goods right it will save you a fortune in a life time. And right here upon this basis we are taking our Cash—Burning—Energy—the Sheriff—the Auctioneer power. These are the mighty levers, these the motive power that drives our VAST MACHINE.

We have live agents in NEW YORK who live in the auction rooms and sleep in line of battle. This is the story BOILED IN OIL.

We grapple with the Demon Panic, the Bankrupt, the Assignor, and out of the wreck of their misfortunes we gather a harvest for the people. The masses understand the titan powers of these giant drives, these auction Bargains that are thrown out among the people to open their eyes, to show them that it is their duty to save and not to squander the sinews of life.

We sell every thing under its market value and thus battle at once all OPPOSITION, COMPETITION, AND MONOPOLY, muslins at 9c worth 14c—ginghams at 10c worth 15c. DRESS GOODS

The butchery is frightful, so too in Hosiery and Notions, stockings 3 pair for 25c. Ribbons at 6c worth 25c—Buttons at 7c worth 50c. What chance is there now for the High priced merchant who plunders the people—none. They must match these prices or go down. Our crushing specialties in staples, smash up these Moonshine mercantiles like Nitro Glycerine. Coates & Clark's genuine cottons 6c, a spool—good cotton only 1c, a spool.

In behalf of the people and against all land grabbers, who would crush out the very life with their high prices, we wage a relentless war under the black flag—making not giving quarter—crowding year into hours—fighting a Waterloo every day—winning a whole life time in a single week.

Buying every where that we can buy the cheapest and dividing our profits with the people.—Remember the name and remember the place.—Do not let time or distance keep you away, but come when you want goods at the lowest, the original, the only CALDWELL & Co. 25 West Washington St. close by the Court House. may 18—if
