

RYLAND'S PAT. CUTTER
FOR CUTTING HAY, STRAW FODDER
The merits of this Machine consist, in part, in the attachment of curved knives to the arms of the cutting-wheel, the shearing cut across the mouth-piece, the great power and directness of the blow, by which the volume of material is cut, with less power than is required by any other Machine; those combined with the simplicity and simplicity of construction, command public attention. Nothing like to get out of order, but what a boy could remedy with a pocket wrench.

Persons in want of machines of this description will do well by calling upon or addressing the undersigned. Good and responsible agents wanted to sell machines and territory.

The above Machine is now on exhibition at the office of the Waynesboro Manufacturing Company. Persons interested should call and examine it, for it is what every farmer should have.

H. C. GILBERT, Proprietor, Waynesboro, Pa.
B. N. F. STUFFER, Agent.

INVALIDS DON'T DESPAIR!
Thousands have found relief, and thousands will turn to this medicine after examining their pills and reading the testimonials of the blind, feebly, coughed, aged, and infirm, who have been cured, and whose names are given in the full and complete list of testimonials, which will be sent upon request, and which is capable of restoring vitality without the least injury to the system, and is of inestimable value to every sufferer. As a cathartic, it is very effective, yet it does not injure the system, cause nausea or disarrange the stomach or bowels. It is very pleasant to the taste, which is a very important feature in a medicine for children. As a preservative of disease, it is most efficacious, as it acts directly upon the digestive organs and the blood, and restores to the system the vitality and energy which it loses through disease, and which is common to children may be entirely eradicated.

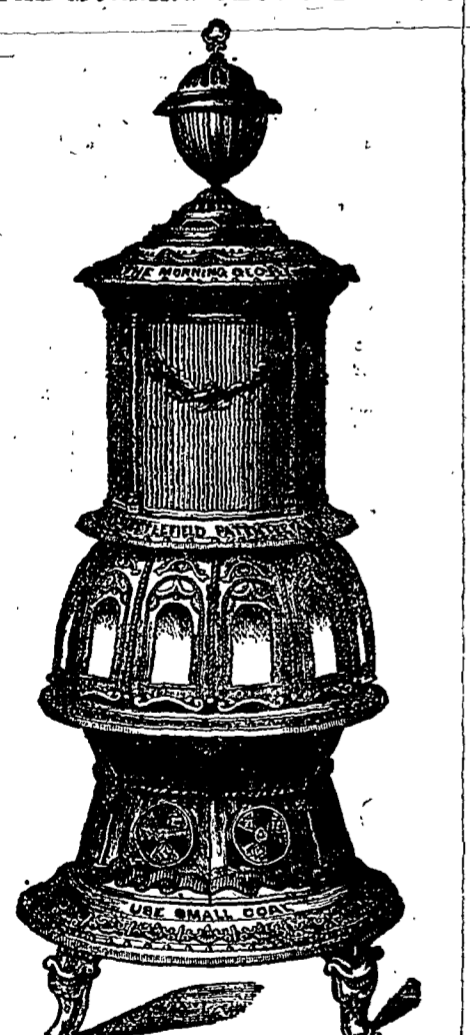

Dr. P. FAHRNEY'S
Blood Cleanser or Panacea.
As a medicine for children, the Panacea is, in every way, calculated to benefit the system, and to remove all impurities from the blood, and to restore the vitality which is lost through disease, and which is common to children may be entirely eradicated.

THE MORNING GLORY FOR '71.

For sale at W. A. TRITLE'S new Store and Tin Shop. He has on hand a large stock of the above stoves, all of the late improved kinds. There is added to the Morning of this year an oven, which is neat in appearance. It is a good Baker. You can heat Irons, Bake, Boil, Roast, Stew, and it does not interfere with the operations as a Parlor Stove.

In regard to the best of some Stove Dealers, who say that their particular stove takes less coal and gives more heat than the Morning Glory, you can put that kind of talk down as a *Blow-out*, as the Morning Glory has been sold (in this part of the country) for four years, and in that time I have put out over three hundred of them, and never had to take one back because it would not do its work or it was not what I sold it for. Now there cannot be said of any other stove ever offered in this market. That is the proof which is the stove.

I have other styles or heating stoves for coal or wood. Heating Furnaces put up and warranted. My Cook Stoves are of the best in market for coal or wood. All warranted good Bakers. Also a new Parlor Cook Stove, something that can't be exceeded.

Call and see me. You will find my stock of Tin Sheet-iron and other wares of the best kinds, and at low rates.

On hand, the best Clothes Winger in market. Also a good and cheap Washing Machine.

Roofing and Spouting done of the best work and at short notice. Job work of all kinds in my line done at low rates. The only place in town where you can get your copper work done, being the only Copper Smith in the place.

ROASTED ALIVE
The following record of one day's accidents, all from the same cause, viz: the use of inferior Coal Oil, is taken from the Philadelphia Ledger of a recent date:
"The alarm of fire, last evening, at 7 o'clock, was caused by the burning of the dwelling, corner of 13th and Poplar, resulting from the explosion of a coal oil lamp. Mrs. Harb, occupying the second story of the dwelling had retired to her apartment, a few moments before the discovery of the fire. On entering her room, she was found lying on the floor, wrapped in flames."
"About 7 o'clock yesterday morning, a coal oil lamp in the hands of Sarah Alexander, who lives on Cornhill St., near 15th. She was accidentally exploded by a **"COLUMB'S STEELER OIL,"** which is known to be a perfectly safe and reliable illuminator. It is for sale by
