

Refliging no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Full. The obvious reason is, that it is a more reliable and far more office the line with the most their medighbors and friends; and all know that it cured them; those who have not, know that it cares ther medighbors and friends; and all know that what it does once it does always—that it never falls through any full or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cares are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel mor any deleterious drug, they may be taken with safety by anybody. Their sugar-coating preserves them ever fresh, and makes them pleasant to take, while being purely vegetable, no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, reatoring their irregular action to health, and by correcting; wherever they exist, such derangements at are the first origin of disease.

Minute directions are given in the wrapper on the body, for the following complaints, which those Fulls rapidly cure:

For Edyspepsia or Indigestion, Listicasness, Eduguor and Loss of Appetite, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Elilous Excadache, Sick Excadence, Tourndice or Green Sickness, Elicous Colic and Elilous Every, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which canse it.

For Rheenmatism, Goot, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For Propsy and Dropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge.

As a Dinner PHI, take one or two PHIs to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and howels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists.
