

VILLAGE RECORD

WAYNESBORO

Thursday, June 15, 1871

The coroner jury in the case of the recent disaster at the West Point mill, charges the blame upon the company and its employees.

Dr. Miller, 60 years of age, of Rockingham county, Va., was killed by lightning last Friday, while holding a hatchet in his hand.

The Democrats of Ohio have nominated Gen. Geo. W. McCook for Governor on the "new departure" platform, which accepts all the late amendments of the Constitution.

Narrow gauge Railway is causing quite a sensation in different sections of the country. It is claimed that such road can be constructed at about half the cost of the broad gauge.

The gubernatorial contest in New Hampshire has ended. On Saturday the Democratic candidate, Mr. Weston, was elected by the Labor Reformers voting with the Democrats.

A young girl, fifteen years of age, shot herself through the heart in New York on Monday night last, because a woman threatened to disgrace her for stealing a piece of silk to adorn her bonnet.

Jeff Davis made a speech in Atlanta, Georgia, a week or two ago, in which he said the Southern people accepted nothing, that they did not abide the issue of the war, and that the South is only waiting an opportunity to make good the "lost cause."

From the return of Revenue Assessors it is seen that on May 1st of the present year there were over five millions gallons of spirits in the country more than at the same period last year.

It was discovered last week that F. A. McCartney, Disbursing Agent of the Post-office Department, is a defaulter to the extent of about \$30,000. He has lost his reason and been sent to the Washington Insane Asylum.

About the 1st of August the Internal Revenue Bureau will change all the revenue stamps now in use. Two kinds will be substituted—one of sensitive paper, so that the use of acids to remove cancellation marks will render them unfit for use; the other to be printed in such colors as to prevent imitation by photography.

The German army is to be reduced to a peace footing, its strength to be seven hundred thousand men. General Von Moltke is engaged in effecting the reorganization. Even with the reduced forces Prussia will possess the largest army of any European nation. The giant in the spiked helmet uncovers its brows, but does not remove the spike.

In Etowah county, Alabama, last Saturday, William Brigg, a minister of the gospel, on trial before the Baptist Church, charged with seducing the sister of his brother-in-law, Harper James, was dismissed from the church. When, a few moments afterwards, and while yet inside the church building, he drew a knife and stabbed James in the throat, killing him almost instantly.

The Medical and Surgical Reporter estimates the cost to the people of the United States of medical services and medicines at \$100,000,000, and adds \$28,000,000 for the quack medicines swallowed. Let the people," it says, "study these figures a while and reflect as probably one half, of certainly a large fraction of this expense is incurred by a deliberate infraction of the laws of health; that if they tipped less, smoked less, over worked less, were less 'fast' and less self-indulgent, they would save some thirty or forty millions a year."

In retaliation for the Vandals' displayed by the Communists in applying the torch to the public buildings of Paris, many of the captured insurgents have been tried by the Court Martial and summarily executed. A cable dispatch describes the shooting of twenty five men and seven women, condemned to death upon the charge of arson. They were marched out to a public square and called to kneel down, when they were informed that they were about to be shot to death by shooting. The women shrieked and began swaying their bodies back and forth when an officer struck them with the flat of his sword to quiet and silence them. At the first fire several of the women were not killed outright, and their groans were heart-rending. Six rounds were fired before all lay in the silence of death.

These barbarous executions have done much to neutralize the sympathy and friendship felt for Thiers Government, by Republicans throughout the world, and we cannot doubt but had a similar effect upon the minds of the French people. We are glad to record that scenes of this character have now ceased, and something like order begins to prevail in the torn and desolated Capital.

This Army of the United States is to be placed on a peace footing at once. It will consist of one general, one lieutenant general, four major generals, and a force of 30,000 men comprising ten regiments of cavalry, one of artillery, and one of infantry. The pay of the privates is reduced to three dollars per month, and 6000 more are wanted to fill up the ranks.

LOCAL MATTERS.

Passes for SALE.—The Prices upon which the Record is printed—Washington—old style—had 36x26—is for sale. Does good work. Price \$100 cash.

Cherries are plenty.

If some parties in arrears at this office have any regrets for their character they will lose no time in squaring their accounts.

Out P. Office is a "Money Order Office." Some delinquents, perhaps, are not aware of this fact.

"Meet me at the gate" is being practiced almost every night since the warm weather has commenced. It only takes two to meet.

No PAPER.—We have received new material and expect to present our paper in an improved form on the 29th inst. No paper will therefore be issued from this office next week.

ONE.—Our neighbor for ten months or more, Dr. J. M. Peddicord, Dentist, took leave of this place this week for Harrisburg. Professionally the Dr. is proficient, and socially, an agreeable gentleman. We therefore part with him reluctantly.

RETURN.—L. C. Braggbill has returned from the East with a new set of instruments, picture frames, and new stock generally. For fine photographs, all sizes, the Diamond Gallery is now the place. Call and see specimens.

New Stock.—Dr. A. K. Brantfoote, recently replenished his Dental office with a new stock of material. As an operator the Dr. is perhaps not excelled in our adjoining counties, and we are pleased to learn that he is doing a prosperous business.

HARVESTING.—The reaper was in motion as early as Tuesday last, 12th of June, cutting down the golden grain, on the Wiles' farm, a few miles South of our village, and we learn that other farmers in our neighborhood have since commenced the work. All accounts agree in representing the earlier wheat as well-filled and the later varieties as promising an equally fine yield.

COURT.—The following is a list of jurors from Washington and Quincy townships for Court, commencing at Chambersburg, August 14th:

Grand Jurors—Alex. Hamilton, Samuel Wingert, John Zody. Traveller Jurors—W. S. Amberson, James Cook, H. Kunk, of John, S. P. Stover, John S. Wertz, Martin Brantbaver, Benj. Funk, John N. Hoover, Aaron Lowry, Samuel—Omwake, Joseph Smeizer.

THE TICKET.—The Republican County Convention on Tuesday last nominated the following ticket:

Assembly, T. M. Mahon, of Chambersburg; Sheriff, S. F. Greenawald, of Chambersburg; Treasurer, Samuel Kinsley, of Orrstown; Commissioner, R. C. Boyd, Welsh Run; Director of the Poor, Gen. David Detrich, of Greencastle; Auditor, J. C. Kresler, Southampton; County Surveyor, J. B. Cauffman, Lutterkenny; District Attorney, Theo. McGowan.

AN ACCIDENT.—A serious accident occurred to Miss Catharine Barns of this vicinity on Thursday evening last. On reaching the gate house East of town in the evening, on her return home, in a one horse wagon, in company with a small boy, her brother, and two small girls, sisters, in descending the hill the gears broke and the horse ran off throwing them out on the pike. The children fortunately escaped harm, but Miss B. was seriously, and it was feared fatally injured, bleeding at both her nose and ears. She was conveyed to the residence of Rev. H. Stonehouse and medical aid summoned. She had no far recovered the next day as to be conveyed to her home.

HOW TO BUILD UP A TOWN.—An exchange hits it when it says the best way to build up a town is for every business man in the place to advertise his business in the columns of his local paper, and thus present an array of business houses equal to the number of houses on the street. It draws trade to the town, draws produce to the town, draws money to the town. If a man wants to buy a nothing, he goes where he sees the most men trying to sell that article. If he wants to sell anything, he goes where the most men are buying. If a man wants to buy groceries or sell produce, he goes to the business man that advertises; for he knows where to find him and what he has to sell.

KILLED BY LIGHTNING.—During the prevalence of a thunder storm on Wednesday a week, Mr. Samuel Crouse, residing in Taneytown, Md., while sitting beside the bed of his sick wife, was instantly killed by lightning. The lightning struck the cornice of the dwelling, and passed under the rafters into the room. Mr. Crouse was 58 years of age, and much respected. His grandson, aged six years, sitting upon his lap at the time of the catastrophe, was unharmed. The wife escaped, but was prostrated by the effects of the shock.

COMPLETED.—The track of the Frederick and Pennsylvania Line Railroad has been completed from Littlestown to the State line, and last week a passenger train, with the directors and a number of citizens, passed over the road. It is thought the track will be completed to Taneytown by the 4th of July.

BEARINGDOWN VISITORS.—On Wednesday of last week our town was unexpectedly visited by Gov. Geary, accompanied by Col. B. V. Ahl, Col. Owens, Representative G. W. Skinner, and Col. D. F. Widger. In the afternoon this party took a stroll around town visiting our machine shops, etc., and in the evening started for the mountains, taking supper at Beautiful View Springs and spending the night at Monterey. The next morning they visited the Copper land of D. H. Russell, Esq. where they obtained some fine specimens, one of which the Governor took with him to Harrisburg. They returned in the evening and put up at the Waynesboro Hotel, where his Excellency was visited by many of our citizens. A public meeting in the interest of the Miramar Railroad Company had been announced for 7 o'clock. Our Band serenaded the Governor, when he was escorted to a stand erected on the corner of the Diamond and addressed at considerable length the largest audience perhaps assembled here for many years. His remarks touching the railroad question and other topics to which he confined himself were well received and applauded by the assemblage without distinction of party. At the conclusion of the Governor's address Capt. Skinner was called to the stand and made some appropriate remarks. The meeting over, a Committee appointed for that purpose, met Mr. Ahl at the Hotel, and had an interview with him in regard to the Miramar R. R. enterprise. He assured the committee that not more than \$150,000 in stock subscriptions, to be divided between Washington and Quincy townships, Fankstown, Fayetteville and the Mount Alto Iron company, would be required to secure the completion of the road to this point. The committee was well satisfied with their interview with Mr. Ahl, regarding his proposition with reference to stock subscriptions as a very fair one. The ability of the people between this place and Fayetteville, including the Mt. Alto Iron Company to raise the required amount does not admit of a doubt.

The Governor and other visitors left on Friday morning in time to breakfast at the "Mona House" in Quincy. We are permitted to make the following extracts from a private letter addressed to one of our citizens by one of the visitors since his return to Harrisburg: "After we left you we arrived at Quincy about 7 o'clock. The Governor expressed himself to be surprised to see the nice section of country, the fine grain crops and fine surface indications of Iron Ore, and then to find the splendid Hotel with the nice and clever Landlord at Quincy, and a splendid little town with prosperity shining out on all sides of it. All that is wanted is a Railroad. After taking breakfast and the citizens all calling upon the Governor, giving him a hearty welcome, we started for Chambersburg, via Mt. Alto, and on our arrival at Fankstown we met Col. Geo. B. Weistling, who returned with us to Mt. Alto, where the Governor and every one of us were delighted to see such a fine Iron estate and so well managed, and to see its successful management was a great pleasure to me. I have not visited Mt. Alto for some three years, it astonished me to see what improvements Col. Weistling had made within that time."

MISTAKES.—The following are some of the few mistakes which suggest themselves to the publisher of a newspaper:

It is a mistake to suppose that the subscription of a paper is clear gain to the publisher. It is a mistake to suppose that he obtains his white paper for nothing. It is a mistake to suppose that a paper is printed without cost. It is a mistake to suppose that a printer can live bodily by faith. It is a mistake to suppose that it is easy to please every body. It is a mistake to suppose that money due for the paper would be as good to us in a year as now. It is a mistake to suppose that he would not be thankful for what is due, as well as for new subscribers.

APPALING ACCIDENT.—We are indebted to a correspondent for the following particulars of a serious accident. A serious accident occurred on last Friday on the farm of Mr. Abraham Lehman, residing one mile west of Rocky Spring. While Mr. Lehman's son, a boy of fourteen years of age, was engaged in mowing some grass with a reaper, a boy by the name of Waldrich employed by Mr. Lehman came in contact with the reaper, and had both of his feet cut off. One was cut off above the ankle, leaving the part off in the shoe; the other foot was cut off from the in-step to the sole of the foot, not injuring the heel. Had it not been for the timely arrival of a neighbor, who stopped the bleeding, the boy might have died.—Opinion.

STEREOSCOPES AND VIEWS.—Among the stereoscopic views just received at the Diamond Gallery are, Palestine, White Mountain, Trenton Falls, Niagara, Summer and Winter Yosemite Valley, Union Pacific Railroad, &c. A lot of fine Chromos are also on exhibition.

THE CROPS THROUGHOUT THE STATE of Virginia promise an abundant yield this year. The wheat crop in the entire Piedmont section of the State is the best that has been seen for fifteen years.

There has to all appearances succeeded in removing his Government for the present from the danger of possible Oriental intrigues. On Friday Prince de Joinville and the Duc d'Anville were at Versailles, and in an interview with him resigned their seats in the Assembly and disclaimed any intention of seceding against the Republic. One of the pretences on which the Communist rebellion was founded is soon to be removed by the removal of the seat of Government from Versailles to Paris. The newspapers think favorably of the stability of the Thiers Government, but anticipate a strong effort by the Bonapartists to elect delegates in the supplementary elections for the Assembly. Young Louis, the Prince Imperial, is expected to be one of the candidates. The Church property taken by the Communists has nearly all been found and restored.

ELEVEN THOUSAND PERSONS KILLED BY SNAKES.—An English paper says St. Patrick is evidently wanted in India as much as ever he was in Ireland. During the year 1869 no less than 11,410 persons in the Bengal Presidency died from the effects of snake bite. The returns giving us this information has been carefully compiled; all the merely sick and wounded have been omitted, as well as those sudden deaths which in India are often attributed to snake bites by heirs to property and duly eager for their inheritance. It is a surprising fact that this destruction of human life goes on year by year, and that no efficacious means are adopted to check its ravages.

A DISOBEYED LOVER'S REVENGE.—Early on Saturday evening, May 27th, a young man, John H. Hunter, of Carson City, Michigan, went to the house of Robert Gargett, a farmer in Richfield township, Summit Co., Ohio. Hunter was a suitor of Gargett's daughter, and had recently been disoeyed. He met the old gentleman at the gate and demanded to see the young lady. Upon being told that he could not see her, he drew a revolver and fired a bullet into Mr. Gargett's head. He then rushed into the house and shot Mrs. Gargett, killing her instantly. Rodney Gargett, a young man, seized the ruffian, and was also shot in the head, but not dangerously. Miss Gargett escaped by leaping from a second story window, and taking refuge in a neighbor's house. The murderer was arrested, and is now in jail at Akron. He narrowly escaped being lynched by the excited people of Richfield. There is no hope of Robert Gargett's recovery.

TOWNSHIP STATEMENTS.—By the new law Township Clerks are required within thirty days after the annual election, to make out and publish a full and complete statement of the financial condition of their respective townships, under a penalty of \$50.

H. W. Caldwell, of Indianapolis, Ind., heir to eight acres of land adjoining Trinity Church property in New York, has established his claim, and compromised with the occupants for \$1,000,000 cash.

WANTED.—A dwelling house, or several rooms, for a small family. Persons having either for rent will apply at this office.

PAINTS.—Parties in need of house painting material will find a large and fresh stock at Bonebrake's Drug store. Call and examine.

SAVE COSTS.—Persons indebted to C. N. Beator will positively be subjected to costs unless payment is promptly made to H. M. Sibbar, Esq.

ICE.—Persons wanting ice can have it delivered at their doors regularly every morning, or other wise, by applying to Bonebrake, druggist.

CHEAP.—For a cheap sewing machine call on Reiningier, tailor. Taken for debt. Price, \$18.

CHERRY SEEDERS.—D. B. Russell & son have a supply of cherry seeders, the best in use, for sale cheap. 2t

NOTICE.—The fifth and last instalment of the subscriptions to the building of the Reformed church will be due on the 18th day of July 1871. Subscribers will please pay promptly to the Treasurer, J. W. Miller.

PHOTOGRAPHS.—New style photographs, the Victoria, Cabinet and card size, taken at the Diamond Gallery. Do not fail to have your picture taken at once for life is uncertain. Children's pictures (new style) taken in from 5 to 10 seconds.

DIVIDING BEES.—The inquiry is being made whether it is too late to drive or divide old stocks. This is answered by J. L. Langstroth, the inventor of frame hives. "I divide as late as in August," in a letter addressed to me about 5 years ago. The prejudices of old beekeepers in our vicinity, is diminishing, and we heard one "Doubting Thomas," who could not believe in frame hives and in dividing swarms—say "I give it up now." You are right in the improvement; Bees infected with worms, can easily receive assistance from the Bee Keeper. Tear out the combs of the box hive and cut out the worms. Patch the combs into the frames and put the bees in and you will soon have them in frame hives where you can daily have access to every inch of comb. If you don't then keep the colony in check, or destroy them altogether, it is because you take no interest in that business which, compared with other business, cannot be excelled in profit with so small capital required. We know of no better season than this; the ground is covered with white clover and raising it under the labor of the Aps. These will let them swarm have the fun of seeing them fly to unknown realms or high on the tree top. D. D. FAHNEY.

For Rent.—An office or business room on West Main Street, Waynesboro. Enquire of the Printer.

COUGH, BRONCHITIS, ISCHOWITZ, NALZA, &c.—The enormously increasing sales of Briggs' Rhevator and Curative for the prevention and cure of the many painful diseases of the feet, bear witness to their wonderful superiority over all other like preparations. For years they have been steadily growing in favor, until now the great majority who are troubled with bad feet will use no other remedies. The Curative, for sore, tender and festering corns and bunions, bad nails, &c., is soothing and healing, permanent.

PLEAS.—Internal, External, Bleeding or Itching. This distressing and harrowing disease is alarming in its increase. More so, perhaps, from the fact that those who are afflicted from a false notion of delicacy, are afraid to ask for a remedy, thereby making their condition known. How wrong and fatal is this neglect. At the first intimation of the appearance of this complaint they should procure Briggs' Unrivalled Pile Remedy, and using it according to directions, immediately check it and permanently cure it. It is easy of application, and thorough in its effects. Sold by F. Fourthman.

COUGHS, COLDS, BRONCHITIS, ASTHMA, &c.—The above complaints seem to be increasing in prevalence, and if not taken in time, either one may lead to that dreadful and fatal disease—consumption. What criminality to neglect them when the result may be so terrible! Briggs' Throat and Lung Healer is a positive remedy for all diseases of the throat, lungs and chest—never failing when used in the morning of affliction. Sold by Druggists.

Weak hair is strengthened by the use of Hall's Vegetable Sicilian Hair Renewer.

THE ALTAR.

On the 8th inst. by the Rev. L. T. Miller, assisted by Rev. E. B. Donahue, WILLIAM ZEIGLER, formerly of this place, to Miss MARTHA LONG, of Temperanceville, Allegheny county, Pa.

TED TOMB.

On the 3d inst., near Monterey, SUSAN NAY PIETZ, aged 48 years, 8 months and 19 days.

MARKETS.

PHILADELPHIA JUNE 12. FLOUR.—The flour market is without important change. The demand is principally from the home consumers—whose purchases foot up 500 barrels including super fine \$5.25@5.50, extras at \$5.24@7.87, Iowa and Wisconsin extra family at \$6.50@7.25, Pennsylvania do. do. at \$8.25@6.75.

GRAIN.—The wheat market is very quiet and prices are drooping; sales of 1,200 bushel Indiana red at \$1.52@1.94 and one same amber at \$1.67@1.68. Rye is held at \$1.10. Corn is firm and in better request; sales of 3,700 bushels Delaware yellow at 74@75c ahead, and 6,000 bushels Western mixed, part at seventy three and part on private terms. Oats are without change worthy of special note; 2,000 bushels Pennsylvania and Western sold at 65@68c.

TAKE NOTICE! The subscriber will do mason work as cheap as before the war, such as walls, Bake-ovens, &c. GEO. A. ROCK. Quincy, June 15, 1871—4t.

NOTICE!

The subscriber informs the public that he has opened a Flour and Feed store on the West side of the Bowden House, and will at all times be ready to supply choice family Flour, and Mill stuff of all kinds at Millers' prices. He respectfully solicits a share of public patronage. THOS. ROBINSON. June 15—2t

PORTABLE SAW MILL FOR SALE

The undersigned will sell at Private Sale, a Portable Engine and Circular Saw, and if not sold at Private Sale until the 1st of August next it will then be offered at Public Sale, at his residence two miles West of Leeterville. Address him, Leeterville, Washington Co., Md. JOHN MILLER. June 8

TO CONTRACTORS

WAYNESBORO, Pa. June 7th. 1871 Sealed proposals will be received by the Waynesboro School Board until July 8th for the building of a brick School House, 60 by 72 feet, two stories and basement. Plans and specifications can be seen at the Council Room in Town Hall, where information will be given on application. The Board reserves the right to reject any or all bids for any reason deemed sufficient. Bids to be addressed to the undersigned, and the envelopes to be endorsed "Proposals for building." J. B. HAMILTON, Secretary.

Assignee's Sale OF VALUABLE REAL & PERSONAL PROPERTY

THE undersigned, Assignee of Henry Brown, of Washington township, Frank county, Pa., will expose to Public Sale, on the premises, on Thursday, the 16th day of June at 9 o'clock, A. M., that Valuable FLOURING MILL and Water Right appurtenant, with two Tenement Houses and an old Millinery, with about TEN ACRES OF LAND, situated in Quincy township, Franklin Co., known as the "Wharf Mill Property," and being midway between the Townships of Mount Hope. This mill is a splendid property. The Mill is large and nearly new, being three stories high, having three pairs of Burrs and one Chopping Stone. It has a fine Water Power, a large Wheel over twenty feet high. Everything in the Mill is in complete order, having the latest improvements. It is an excellent location for a MERCHANT MILL, and its run of custom Work is unequalled by any in the neighborhood. At the same time and place, will be sold a pair of FAHNEY'S PLATFORM SCALES, a lot of Mill Tools, Empty Barrels, a set of Lumber, 1 Deck, Benches, 1 Nova, Bedstead, Bedding, Jugs, Cans, Half Bushel and Peck Measures, 2 Bag Wagons, Sieves, 1 Grindstone, 3 large Coppers, 3 Still Kettles, and Fixtures of Distillery, a lot of Mill stuff, &c., &c. Also, on the same day, in Waynesboro, on the premises of the said Henry Brown, the GROCERY STORE of the said Henry Brown, consisting of Sugar, Coffee, Molasses, Fish, Salt Bacon, Confectionery, &c., and a Large Assortment of Fancy Articles, Notions &c. Also, Two SHARPS or BROWNS in the Waynesboro, Greencastle and Mercersburg Townships Co. Also, all the interest of said Henry Brown in the "Dower on the Tobias Farm Property."

TERMS.—Cash on day of sale, one-fourth on the 1st of January, 1872, and balance on the 1st of April, 1872. Terms of other Property.—Six months on all sums over \$5. Terms of Mill—One-fourth cash, or approved notes at 60 days; one-half of balance on the 1st of April, 1872, and the remainder on the 1st of April, 1873. Interest from day of sale. D. B. BONEBRAKE, Assignee. June 8—4t
