

The Local Mariettian.

MARIETTA CAR HOURS: The following is the starting time from this place, from and after Monday, June 10:

Table with 2 columns: Direction (Going East, Going West) and Time (Marietta Accommodation, Marietta Accommodation, Mail Train, etc.).

SATURDAY, AUGUST 17, 1861.

Dr. TRAIL'S VISIT.—We have learned on going to Press, and can but barely announce the fact, that Dr. Trail intends to be here the week after next, and has promised to deliver several lectures commencing on the evening of Monday the 26th Augt. instant.

Our VOLUNTEERS.—The Marietta Volunteers returned home on Saturday last. They were met at the Railway Station by the Fire Companies and a number of our citizens who escorted them through the principal streets of the borough to the front of the Donegal House where they were drawn up in line and addressed by the Rev. A. B. Grosh, who on behalf of the citizens bade them welcome to their home again, and invited them to dine with their friends on Thursday at Clark's woods where they would be happy to meet them.

The good things of the table were furnished by Mr. Housen, mine host of the Rail Road Hotel, whose catering on the occasion gave great satisfaction. After dinner a very excellent address was delivered by Mr. Grosh. The musical performances on the occasion were well executed, and contributed much to the enjoyment of the happy company.

In consequence of illness in our family we were compelled to forego the pleasure of being a looker-on at the pageant given to the Cameron Guards at Clark's woods on Thursday last. We are therefore compelled to give only a meagre account of it. In our next we will give the very able address delivered by Rev. Aaron B. Grosh on the occasion.

The York Worth Infantry spent a day in camp on the opposite side of the river and on Saturday came over to Marietta and took a dinner at Housen's Railroad Hotel. The Infantry had just returned from their three months enlistment.

We see it stated that owing to some dissatisfaction with the manner in which the principal contractors were conducting the work on the Columbia and Reading Rail Road, the Board of Directors a few days since held a meeting in Ephrata, and by a vote of six to five annulled the contract. We believe the work is to be continued; but how, and by whom, we are unable to say.

At noon on Monday last, about seventy-five young men left this place for Hagerstown, their to join the army for three years, as teamsters. Most of these young men have for years been employed at our furnaces but in consequence of that business suspending operations, they were out of employment.

A number of persons of the Duncker persuasion were immersed on last Sabbath a week in Missimer's dam, near Mount Joy. A young man named Grosh drove into the dam with his horse and buggy, to get a better view. He got out of his depth, the buggy upset, and himself and two ladies he had with him narrowly escaped drowning.

Marietta, August 15, 1861. Mr. Editor: May I be permitted, through your columns, at the request of numerous families, to return grateful and heartfelt thanks to the ladies and gentlemen composing the Town Relief Committee for their kind and attentive co-operation in supplying the wants of the families of our volunteers, who so nobly responded to their country's call. In the performance of a good work—and especially such as has been the duties of said committee—it may be unkind to particularize—nevertheless I deem it but just to name Miss Elizabeth E. Cassel and Miss Eliza Hopkins, whose promptness, efficiency and true benevolence have rendered their memories imperishable.

With respect, C. A. Dr. F. Hinkle, of this borough, has been appointed acting surgeon in the United States Navy. He left for New York on Monday.

Our thanks and the assistants attached to the office are due Mollie Shterzer for a treat in the shape of some fine luscious plumbs.

The Susquehanna is bank full and a number of timber rafts "slide along" from points along the river.

Dr. J. Levergood of Lancaster has been appointed a Regimental surgeon.

The government has decided that the three months' volunteers are not entitled to bounty for re-enlisting.

Many a sweetly fashioned mouth has been disfigured and made hideous by the fiery serpent tongue within.

COL. HAMBRIGHT'S NEW RIFLE REGIMENT.—Our readers are already aware that Capt. H. A. Hambright, late of the First Regiment, P. V., was sometime since appointed a Captain in the regular army, and assigned to the command of one of the companies of the new regiment about forming for Col. Keyes at Fort Independence, Boston. We have also stated that there was a general desire among the numerous friends of Capt. Hambright, that he should raise a new volunteer regiment for the war, for the command of which he is eminently qualified. We have the pleasure of being able to state that Capt. Hambright returned from Washington yesterday, with full authority from the War Department to raise a regiment of Riflemen, to be ready for marching within thirty days, and that therefore the young men of this city and county, who desire to serve their country under an officer in whom all have the most unbounded confidence, have now an opportunity to do so.

Col. Hambright did not get the acceptance of this regiment without some difficulty. His abilities as an officer are so well appreciated at Washington, that there was an earnest and almost controlling desire to have him enter at once upon the discharge of the duty assigned him in the regular army, connected with the organization of the new regiment at Fort Independence. Satisfied, however, that he could render more immediate and efficient service to his country, by organizing a regiment of volunteers for the war, he pressed the matter upon the department, and finally succeeded in being detached from the regular service for this purpose.

Col. Hambright brought his "documents" with him, and will enter at once upon the organization of the regiment. It has been accepted for three years, or the war, to be mustered in by companies as they are got ready, and to be ready for marching in thirty days.—The acceptance contains the following provision:

"This acceptance is with the distinct understanding that the Department will revoke the commissions of all officers who may be found incompetent for the proper discharge of their duties."

As soon as one or more companies is ready, the men will be mustered into the service of the United States, and substituted by the Government from that date. Tents, clothing, arms, &c., will at once be furnished, and a camp of instruction for the regiment formed near this city, where it will remain until ordered into active service. One battalion will be armed with the Enfield Rifle, and the other with the Sabre bayonet, and it will be the aim of the officer commanding, as is the desire of the War Department, to have this one of the best drilled, most thoroughly equipped, and in all respects one of the most efficient regiments in the service. And none who have seen the proficiency to which Captain Hambright has brought his own company, the Jackson Rifles, will for a moment doubt what the character of his new rifle regiment will be in a very short time after its organization.

Here, then, is a chance for the gallant and patriotic sons of Old Lancaster to rally around their country's flag under their favorite officer—an officer who earned his laurels on the hard fought battle fields of Mexico—one whose ability and courage are equalled only by his wise discretion and courtesy. We understand that Col. Hambright has already had companies engaged tendered from different parts of the State, composed mostly of returned three months men, to form his regiment at once; but he is anxious to have as many men from his own and adjacent counties as it is possible to obtain within the limited time allotted by the War Department for the organization. We trust there will be a response to this call of Col. Hambright which will do honor to the loyalty and patriotism of our city and county, and that a sufficient number of our own men will be enrolled to give the regiment the character of a Lancaster county organization.

And for the information of those desirous of enlisting, we deem it to be our duty to state a fact perhaps not generally known. Although we hear of many men being recruited for various regiments said to have been accepted by the government at Washington, up to Saturday, last Col. Hambright's regiment was the only one duly accepted from this State, besides those already in the service, and exclusive of the ten regiments to be furnished by Governor Curtin. Those, therefore, who enlist in this regiment will know exactly what they are doing, can rely upon immediate subsistence, clothing, tents, and the best arms and equipments, with the assurance that all the officers of the regiment will possess the necessary qualifications to pass the ordeal of examination by the military commissioners, and hence to lead their men through honor on to victory.

Either individuals or companies desirous of entering this regiment should make immediate application to Colonel Hambright, or his authorized recruiting officers.—Lancaster Express.

President Lincoln has directed the immediate resumption of the work on the Capitol extension, and has appointed Mr. G. C. Wood Commissioner of Public Buildings.

HOLLOWAY'S PILLS.—An indisputable fact.—Coughs of the Bowels.—Many diseases which afflict mankind originate in the sluggish nature or impaired functions of the stomach and viscera, viz: indigestion, headache, nervous disorders, piles, and cutaneous eruptions, for which cathartics are usually prescribed.—These may relieve the bowels for the time but will not reach the active cause of the complaint. Ordinary purgatives create a necessity for repetition, until eventually the bowels become powerless. Holloway's Pills not only seek the seat of the disorder, but after evacuating the depraved humors from the stomach and intestines, so renovate and invigorate them as to prevent a future recurrence. ELECTRIC OIL. The cures made by Professor DeGrath, with his "Electric Oil," are so near miraculous as to resemble the ancient Scripture accounts of similar cures in fact. It is supplied by the amounting with oil, and these cures are so wonderful and instantaneous, so satisfactory and mitigating of human ill, as to call upon public institutions, and those having charge of public institutions for the relief and suffering, to look well into the well-attested merits, the simple efficacy of this "Electric Oil."

Professor DeGrath, therefore, has deposited \$100 with the Mayor, the same to be forfeited if the "Electric Oil," sold at Philadelphia, fails to cure a single case of Rheumatism, Pains in the Back, or Limbs, Piles, Sores or Burns, Fever Sores, Ulcers, Caked Breast, Sore Nipples, Bronchial Affections, Swelled Glands, Sciatica in the Joints, Spasms in the Brains, Bruises, Sores, on man or beast, or Scratches or Splints on horses; also Deafness. Price 25 cents, 50 cents, and \$1.

PROF. CHARLES DE GRATH, Philadelphia, Pa. None genuine without signature of Prof. C. DE GRATH. Labels signed in writing. Principal Depot No. 217 South Eighth St. Philadelphia. Country dealers and druggists can be supplied wholesale and retail. Price 25 cents, 50 cents, and \$1 per bottle. Try everything else; give this one simple trial.

CAUTION—Be careful to ask for and get DE GRATH'S Electric Oil, as worthless imitations abound. There are numerous imitations sprung up on the reputation my article has acquired. The public must beware. They are worthless. Sold by all dealers and druggists. Principal office 217 South 8th street, Phila. Feb. 2-ly]

New Lumber and Coal Yard. The subscriber having purchased the property lately occupied by CLARK & ZELL, would most respectfully call the attention of his old friends and customers to the fact that he is now prepared to sell LUMBER AND COAL at the very lowest figures by Boat-load, Car-load, or otherwise.

His Stock of Lumber will be selected from the best manufacturing and cannot fail to give satisfaction. He is also prepared to supply "BILL STUFF" at short notice and at low prices.

ELIXIR PROPYLAMINE The New Remedy for RHEUMATISM.

During the past year we have introduced to the notice of the medical profession of this country the Pure Crystallized Chloride of Propylamine, as a REMEDY FOR RHEUMATISM; and having received from many sources, both from physicians of the highest standing and flattering testimonials of its real value in the treatment of this painful and obstinate disease, we are induced to present it to the public in a form READY FOR IMMEDIATE USE, which we hope will commend itself to those who are suffering with this afflicting complaint, and to the medical practitioner who may feel disposed to test the powers of this valuable remedy.

ELIXIR PROPYLAMINE, in the form above spoken of, has recently been extensively experimented with in the Pennsylvania Hospital, and with marked success (as will appear from the published accounts in the medical journals.) It is carefully put up ready for immediate use, with full directions, and can be obtained from all the druggists at 75 cents per bottle, and at wholesale of BULLOCK & CRENSHAW, Druggists and Manufacturing Chemists, Jul-1y] Philadelphia.

Health and its Pleasures; or Disease and its Agonies. Choose between them! HOLLOWAY'S PILLS. Nervous Disorders.

What is more fearful than the breaking down of the nervous system? To be excited or nervous in a small degree is most distressing, for where can a remedy be found? There is one—drink but little wine, beer, or spirits, or far better, none; take no coffee—weak tea being preferable; get all the fresh air you can; take two or four Pills every night; eat plenty of solids, avoiding the use of slops; and if these golden rules are followed, you will be happy in mind and strong in body, and forget you have any nervous disorder.

Mothers and Daughters. If there is one thing more than another for which these Pills are so famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous and suspended secretions. Universally adopted as the one grand remedy for female complaints, they never fail, never weaken the system, and always bring about what is required.

Sick Headaches and want of Appetite. These feelings which so sadden us, most frequently arise from annoyances or trouble, from obstructed perspiration, or from eating and drinking what is unwholesome, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and stomach, when followed as a natural consequence, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

Disorders of the Kidneys. In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel; or with acids and pains settled in the loins over the regions of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief when all other means have failed.

Stomachs out of order. No medicine will so effectually improve the tone of the stomach as these Pills. They remove all acidity, occasioned either by indigestion or improper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in case of spasms, in fact they never fail in curing all disorders of the liver and stomach.

Holloway's Pills are the best remedy known in the world for the following diseases. Ague, Dropsy, Inflammation, Asthma, Dysentery, Jaundice, Bilious Complaints, Erysipelas, Liver Complaints, Female Irregularities, Ulcers, Bowel Complaints, Fevers of all Piles, Colic, Gout, Rheumatism, Constipation of the Feces, Retention of Urine, Stone and Gravel, Indigestion, King's Evil, Secondary Symp., Tumours, Sore Throat, Venereal Affections, Worms of all kinds, Weakness, &c. CAUTION—None are genuine unless the words "Holloway's, New York and London," are discernible in a Water-mark in every leaf of the book of directions around each box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines of vending the same, knowing them to be spurious.

Sold at the Manufactory of Professor Holloway, 80 Maiden Lane, New York; and by all respectable Druggists and Dealers in Medicines, throughout the civilized world, in boxes at 25 cents, 50 cents and \$1 each.

There is considerable saving by taking the larger sizes. N. B.—Directions for the guidance of patients in every disorder are affixed to each box.

ESTATE OF ELIZABETH RUSING, late deceased.—Letters of Administration on the estate of the said deceased having been granted to the undersigned, all persons having claims against the same will present them, and those indebted thereto will make immediate payment to the undersigned, residing in the Borough of Marietta. EDWARD RUSING, Marietta, July 13, 1861. [8t]
