

ENLARGED TO SIXTY-FOUR COLUMNS!
The first number of the new volume of "The Standard" is now on sale.

L. BAKER, EDITOR.

Marietta, Pa.

SATURDAY, SEPTEMBER 14, 1861.

Hon. Thos. E. Cochran, of York, Penn. has been nominated for President Judge of the judicial district formed by that and Adams county. He is at present the Auditor General of the State of Pennsylvania, a position which he has occupied for some two years, to the great satisfaction of those who have a regard for the economy of public business and the general safety of the resources of the State. At this time we feel almost unwilling to lose such a man from such a position, but as his fellow-citizens seem desirous to place him in a still higher position of usefulness and honor, we yield in deference to their demands, and respect also for a merited honor to a most worthy gentleman.

A gentleman recently from Richmond, says that the rebel army is rapidly becoming demoralized. The delay to attack Washington is the cause of most discontent among the men. Gen. Johnston is anxious to undertake the duty, but Davis and other leading men say that the time has not come yet. The impression, however, is that the leaders of the rebel army are afraid to make the attempt; and that the immense army of the Federal Government will make its feasibility less every day. Unless the attempt is made, and the thing done now, the fearful odds arrayed against the rebels, they think, will assure their certain destruction.

Colonel John Strother, the proprietor of Berkeley Springs, in Berkeley county, Virginia, an old, most respectable, worthy, and inoffensive man, was recently seized by some of his violent secession neighbors, and hurried off to Richmond, a prisoner. The charge against him is that he loved his country, and would not assist in its destruction. He was an officer in the Twelfth United States Infantry in the war of 1812, and was in service on the Canada frontier. Although he is nearly seventy years of age, neither his high character nor his former popularity could avail against the displeasures of his secession neighbors.

Henry Rock committed suicide in an eccentric manner, at Proviso, Illinois, last week. He prepared a rude box, intended by him as a coffin, and getting into it, attempted to shoot himself with a pistol. Inflicting by this means only a scalp wound, he next got out, constructed a noose, which he fastened to a projection from a few feet over his head, in such a manner that he managed by throwing himself upon the noose, to dislocate his neck and strangle himself, and was so found dead, reclining in his own coffin.

Ellis B. Schnabel, notorious in this his native and other states north and east, as a foul mouthed advocate of the very foulest of northern dough-facism, has been arrested by the United States Marshal of Connecticut, and imprisoned at Fort Lafayette. He was one of the pets of the Buchanan administration, and was sustained on a sinecure office by Buchanan, purposely to abuse every man who differed with him, and assist in hurrying forward the very trouble in which we are now involved.

John Hastings of West Brookfield was blinded and ridden on a rail by indignant citizens, on Saturday night, on account of his dastardly conduct in relation to the war. He has enlisted in three separate regiments—the Twenty-first at Worcester being the last—and after receiving his board as long as the troops remained in camp, had deserted before the regiments left for the war.

Andrew Johnston of Tennessee, says the Cincinnati Gazette, was asked the other day what he thought of that part of Fremont's proclamation relating to the forfeiture of property and the manumission of slaves belonging to armed rebels of Missouri; and replied, that it was just right—that "a man who will fight against the Union shouldn't be allowed to own a dollar or a dollar's worth."

Napoleon and the Pope continue the same uncertain relations as existed for some time; but the whole tendency of events looks to the withdrawal of the French troops from Rome, and the occupancy of the "holy city" by the troops of the "King of Italy." The process bringing this about is slow but sure.

Thos. Gale Foster, of Philadelphia, an old reporter, and a nephew of the late Jos. Gales, has been appointed to a second-class clerkship in the War Department.

ONE OF THE "SEALS."—A music dealer of Norwich, Conn., seeing a piano advertised for sale in a N. Y. paper, went to the address indicated and bought the instrument, a superior one, for \$275.—The advertiser a lady of elegant appearance, cried bitterly at the loss of her piano and lamented the dire necessity which compelled her to part with it.—The music dealer cried also, he was so much affected at her distress. He left his address, &c., and returned to Norwich. What was his surprise at receiving there a pinchbeck article not worth half the money he had paid! He returned to New York, sought the lady and requested an explanation. As she ordered him out of the house he went to the police who discovered for him that the good piano was still for sale and that he was a victim of a common city swindle.—They however, caused his money to be refunded and he was furthermore indemnified for the expenses occasioned.

THE TREASURY NOTES.—The United States Treasury Fifty dollar notes are embellished with Gen. Jackson on the one end, and of the present Secretary, Chase, on the other. The placing of old Hickory's portrait on these notes is exceedingly appropriate. It will be remembered that he bitterly regretted on his dying bed that he did not hang the author of the Secession doctrine, but listened to the pleadings of the compromisers, and spared the traitor. The country partakes of the same regrets. That was the time to have nipped Secession in the bud.

ANOTHER EMBRYO STATE.—The Western Virginia Convention, which was again in session at Wheeling last week, passed by a decided vote, an ordinance declaring the portion of that State west of the mountains severed and independent of the eastern portion. The new State is determined to go with the North in any event; but if, by the end of October, the Union armies have so far triumphed as to render the subjection of the South a certainty, they will vote to retain the old name and the Old Dominion—otherwise Kanawha will stand ready to be one of the United States. The question, however, is to be submitted to a vote of the people.

WAGONS FOR COOKING.—The New Hampshire Statesman says that one of Gen. Fremont's aids visited Concord last week, to provide for the construction of a large lot of wagons arranged for cooking the food for an army on the march. Several of these wagons have been constructed—the locomotive portions at Concord, and the cooking apparatus at the Amoskaag Machine Shop, in Manchester.

DISLOYAL CLERKS DISMISSED.—The whole number of clerks and government employes, whose dismissal because of their disloyalty the Potter Committee recommended last week, is 227. Secretaries Cameron, Wells, and Smith, and Postmaster General Blair, the only heads of departments whom Mr. Potter has seen personally, have promised promptly to remove all against whom he has reported.

IMPORTANT TO SCHOOL DIRECTORS.—It may interest those school directors who are anxious to see the public schools closed during the hard times, to learn that the Hon. Wm. M. Meredith, Attorney General of the State, has declared, upon application made to him by the State Superintendent of Common Schools, that directors must keep the schools of their respective districts in operation at least four months annually.

A letter to the Baltimore American, from a citizen of Leesburg, Virginia, says that an entire Mississippi regiment stationed there revolted on Saturday, broke their muskets to pieces and started home. This letter is from a respectable and reliable correspondent, who has furnished the American regularly with correct information from that vicinity, and he adds to his note that the news is reliable.

The number of vessels purchased by the Secretary of the Navy since the war is seventy-eight. The number chartered is ten. Eight steam sloops are building; twenty-three gunboats are in various stages of progress, and thirty-five vessels are fitting out. In addition to these vigorous measures of the department, all the ships of the navy have been called home from distant service, and eighty captures have been made.

It is a noteworthy fact that Gen. Seigel completely surprised the old Indian fighter and Texan Ranger, Ben. McCulloch, securing all his pickets selecting a good position, and beginning to drop shells right into the midst of his camp, while half his men were asleep in their tents, and the remainder cooking their breakfasts.

Federal Hill, in Baltimore, and pretty generally commanding that city, a point which has been occupied by National troops since April, is now being fortified. The works will be extensive and very strong, and will be completed at the earliest practicable period.

Blondin was meeting with great success daily in some parts of England.—His latest achievement was a night ascent with fire-works, at Liverpool.

WAR AND OTHER NEWS SCRAPS.

All the Union men in South-western Missouri have been driven from their homes. Some are living in the woods, and in caves, and visit their families by stealth.

George D. Prentice, the editor of the Louisville Journal, is to receive a handsome testimonial from the merchants of New York, as an acknowledgement of his service to the cause of the Union.

A member of the 24th Indiana Regiment was poisoned at St. Louis recently, by partaking of a pie given him by a stranger. It contained a quantity of strychnine.

A secessionist has been hanged at Buckey's Town, Ind., for attempting to poison a spring from which Union troops obtained supplies of water.

Last week Mr. Oliver Commo, of St. Mary's Bay, N. S., having been informed by one of his children that a hawk was killing young robins in a willow tree near his house, went beneath the tree and fired in order to shoot the hawk. On climbing to the nest, he was horrified to find that he had shot his own son through the heart!

A great excitement was got up in Northampton a few evenings since, on account of the loss of a child. The bells were rung and a general search instituted, in the midst of which the child was found where it had the best right to be—at home and in bed.

Gen. McClellan forbids the purchase of gray uniforms—the secessionist color—and it is desired the State shall no longer furnish them.

A San Francisco correspondent of the Transcript alleges that a system is carried on in California, by which the Indians on the Pacific coast are hunted and killed for their children. The poor children are then sold at from \$50 to \$100 each, and employed as servants.

Early on Sunday morning two incendiary fires took place near the building in which the female spies at Washington are incarcerated; and during the confusion, a party of men attempted to force the guard and liberate the prisoners; but they were repelled by a bayonet charge.

The sword of Commodore Barron has been presented to the President. He was captured in full regiments, and wearing the eagles and the stars of the Government he so basely deserted.—The flagship of the expedition—the Minnesota—was formerly under his command.

Out of 300 wounded soldiers now in the hospital at Washington, not one has been hurt by a bayonet wound.

Mrs. Sae A. Carter Foster, of Murfreesboro, N. C., the wife of Charles Henry Foster, has applied for a divorce, on the ground that her husband is an Abolitionist.

Colonel Cochran, a gallant soldier, and one of the heroes of the battle of Stone Bridge, is named in the New York papers as a candidate for sheriff of that city. The perquisites and fees of that position amount to more, every year, than the salary of the President of the United States.

Joshua K. Giddings is seriously ill at his residence in Ashabuta, Ohio. He has overtaxed his strength in preparing the 28th Ohio Regiment for the field.

On Saturday morning last the pavements of some of the principal streets in New Haven were found chalked over with the word "peace."

Among a detachment of 50 recruits for Col. Hawkins's New York Zouaves, sent to Washington on Wednesday, were two grandsons of Paulding, who arrested Major Andre in the Revolutionary war.

Capt. Avis, John Brown's jailer, who was reported killed at the battle of Bull Run, is not dead after all, but continues to hold an appointment in the Southern army.

THE FOLLOWING SHARP CORRESPONDENCE HAS TAKEN PLACE BETWEEN TWO LOUISVILLE EDITORS:

"SEPTEMBER 2, 1861.
"GEORGE D. PRENTICE—SIR:—I am informed by my friend Mr. Thompson, that you, in reply to his inquiry made at my instance, avowed yourself the writer of an editorial in the Journal of the 23d of August, and also one of a previous date, both denunciatory of myself.—These articles are false and slanderous, and were written without any provocation on my part or the slightest justification or excuse upon yours. I demand redress, and ask that you will appoint some time and place outside of Jefferson county where and when it will be given. This note will be handed to you by my friend Mr. George Thomas, who as such is authorized to act for me.
Respectfully,
"ROGER W. HANSON.
"LOUISVILLE, September 3, 1861.

"ROGER W. HANSON—SIR:—Yours of the 2d instant is received. You sought redress for the very articles you complained of by publishing a scurrilous pamphlet, and if you 'demand' any more 'redress,' you may get it in the same way or in any other way you can. I shall not 'appoint a time and place' for meeting you, for I wouldn't go two steps to meet or avoid you. As for killing you, I think that I have done that already, and I don't care to waste powder and lead upon a carcass. They can be put to better use in these rebellious times.
Respectfully,
"GEO. D. PRENTICE.

Wm. Lyon Mackenzie, Ex-Member of the Canadian Parliament, died on Tuesday night in Toronto. The deceased was the Upper Canadian leader of the rebellion of 1837, which resulted in his exile to the United States for 12 years, during which time he was connected with the New York Tribune. Being pardoned in 1849, he returned to Canada, and was elected to Parliament, which position he occupied for several years.—He was universally respected.

At Cincinnati, on Sunday afternoon, a little boy, 5 years old, son of Mr. Joseph Hancock, was bitten in the cheek by a savage horse attached to a butcher's wagon, and the beast did not let go his hold until a piece of flesh as large as a dollar, was torn out, actually leaving bare the jaw and teeth. The animal swallowed the human morsel, while the poor boy fell fainting to the ground.

The Governor has decided upon putting Fort Mifflin in complete order, and a number of mechanics and laboring men have been sent there for that purpose. Better late than never.

HOLLOWAY'S PILLS AND OINTMENT.—Be not deceived.—Liver Complaint.—Some people consider an article worthless because it is advertised—this is the exception not the rule.—For if anything is worth knowing it is worthy of being universally known, and the Pills is the only medium for extending this knowledge. The truth or falsity of an assertion however, lies in the proof. After deep research and scientific labor, Dr. Holloway, some fifty years back discovered two potent remedies, Pills and Ointment, for all internal and external disorders arising from the stomach, the liver, or the blood. For liver complaint particularly it is a decided cure. In all tropical climates it is the only medicine used for this disease, and the millions who have been cured by the Pills and Ointment, owe their knowledge of them to the Press.

ERISMAN'S Saw Mill and Lumber Yard, MARIETTA, PA.
CONSTANTLY ON HAND A FULL ASSORTMENT of all kinds of Seasoned Lumber, which he offers at reasonable prices.
Boards, Plank, Joist, Scantling, Rafters, Laths, Shingles, Pails, &c., &c.
OAK, PINE & HEMLOCK TIMBER.
All orders attended to with dispatch.
J. M. ERISMAN.
Marietta, April 11th, 1854.

A liberal discount off for cash.

JOHN BELL, Merchant Tailor, Cor. of Market-st., and Elbow Lane, Marietta
GRATEFUL for past favors I would return my thanks to my numerous friends and patrons for the kind notice that I still continue to receive from the old stand, where I have been pleased to see them at all times, and having a full and splendid assortment of CLOTHS, CASSIMERES & VESTINGS, which will be made up to order at the most reasonable terms, I would be pleased, therefore, to wait upon my old customers and all who see proper to patronize me hereafter. [Oct. 29-'56]

DR. W. W. WORRALL, SURGEON DENTIST, Having removed to the Rooms formerly occupied by Dr. Stewart, adjoining Spangler & Patterson's Store, Market Street, where he is now prepared to wait on all who may feel disposed to patronize him. Dentistry in all its branches carried on. Teeth inserted on the most approved principles of Dental science. All operations on the mouth performed in a skillful and workmanlike manner—on fair principles and on VERY REASONABLE TERMS. Having determined upon a permanent location at this place, would ask a continuation of the liberal patronage heretofore extended to him, for which he will render every possible satisfaction. [Either administered to proper persons.]

LAMPS! LAMPS! SHADES, &c. The undersigned has received another lot of Fluid and Coal Oil Lamps, and Lamp Shades of every variety and price. Call and see them at Dr. Hinkle's Drug Store.

DR. HINKLE'S Hair and Scalp Lotion, For Sale at DR. GROVES.

MADERIA WINES, full bodied and fruity, at the "Enterprise Store," A. D. HENNE, Mount Joy.

BERNARD'S HOLLAND BITTERS
THE CELEBRATED HOLLAND REMEDY FOR DYSPEPSIA, DISEASE OF THE KIDNEYS, LIVER COMPLAINT, WEAKNESS OF ANY KIND, FEVER AND AGUE, And the various affections consequent upon a disordered STOMACH OR LIVER.
Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Debility, Costiveness, Head and Bleeding Piles. In all these cases, Bile, Biliousness, and Nervous Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.
This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Bernhart. Its reputation at home produced its introduction here, the demand commencing with those of the Fatherland scattered over the face of this mighty country, many of whom brought with them and handed down the tradition of its value. It is now offered to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirits, and driving out the morbid influences of the system. NOTICE.—Whoever expects to find this a beverage will be disappointed; but to the sick, weak and lowly, it will prove a grateful, aromatic cordial, possessed of singular remedial properties.

READ CAREFULLY!
The Genuine highly concentrated Bernhart's Holland Bitters is put up in half-pint bottles only, and contains One Dollar per bottle, or six bottles for Five Dollars. The great demand for this truly celebrated Medicine has induced many imitations, which will do you no good, and may be injurious. Beware of Imposition. See that our name is on the label of every bottle you buy.
Sold by Druggists generally. It can be forwarded by Express to most points.
SOLE PROPRIETORS, BENJAMIN PAGE, JR. & CO. PHARMACEUTISTS AND CHEMISTS, PITTSBURGH, PA.
For sale at Dr. J. H. Groves's Drug Store, Market Street, Marietta, Pa.

ELECTRIC OIL. The cures made by Professor DeGrath, with his "Electric Oil," are so near miraculous as to resemble the fanciful Scripture accounts of similar cures in ancient times by the anointing with oil, and these cures are so wonderful and instantaneous, so satisfactory and mitigating of human ills, as to call upon public functionaries, and those having charge of public institutions for the sick and suffering, to look well into the unobscured merits, the simple efficacy of this "Electric Oil."
Professor DeGrath, therefore, has deposited \$100 with the Mayor, the same to be forfeited if the "Electric Oil," sold at Philadelphia, fails to cure a single case of Rheumatism, or Pains in the Back, or Limbs, Piles, Sores, or Burns, Fever Sores, Ulcers, Caked Breast, Sore Nipples, Bronchial Affections, Swelled Glands, Jaundice, Stiffness in the Joints, Sprains, Bruises, Injuries, Sores, on man or beast, Scarcities or Splints on horses; also Deafness. Price 25 cents, 50 cents, and \$1.
PROF. CHARLES DE GRATH, Philadelphia, Pa.
None genuine without signature of Prof. C. DeGrath. Labels signed in writing. Principal Depot No. 217 South Eighth St. Philadelphia. Country dealers and druggists can be supplied wholesale and retail. Price 25 cents per bottle, and \$1 per bottle.
Try everything else; give this one simple trial.
CAUTION.—Be careful to ask for and get DeGrath's Electric Oil, as worthless imitations abound. There are numerous imitations springing up on the reputation my article has acquired. The public must beware. They are worthless.
For sale by all dealers and druggists. Principal depot 217 South 8th street, Phila. Feb. 2-ly]

AN IMPORTANT DISCOVERY!!
FOR THE CURE OF Consumption, Bronchitis, Coughs & Colds.
THE MAKORA ARABICA,
DISCOVERED BY A MISSIONARY,
WHILE TRAVELING IN ARABIA.
All who are suffering from Consumption should use the MAKORA ARABICA, discovered by a missionary in Arabia.
All those who are threatened with Consumption should use the MAKORA ARABICA, discovered by a missionary in Arabia.
All who are suffering from Bronchitis should use the MAKORA ARABICA, discovered by a missionary in Arabia.
It cures Consumption, It cures Bronchitis, It cures Sore Throat, Coughs and Colds, It cures Asthma, Scrofula and impurities of the blood.
This unequalled remedy is now for the first time introduced to the public.
It was providentially discovered by a missionary while traveling in Arabia. He was cured of Consumption by its use after his case was pronounced hopeless by leading physicians in Europe.
He has forwarded to us in writing, a full account of his own extraordinary cure, and of a number of other cures which have come under his observation and also a full account of the medicine.
At this request, and impelled by a desire to extend a knowledge of this remedy to the public, we have had his communications printed in a pamphlet form for free distribution. Its interest is enhanced by an account which he gives of some of the scenes of the Syrian massacres, which he obtained from those who suffered in that awful tragedy.
This pamphlet may be obtained at our office, or it will be sent free by mail to all who apply for it. We import the MAKORA ARABICA direct from Smyrna through the house of Cleon and Gypsius, and we have always on hand a full supply put up in bottles ready for use with full directions. One Dollar per bottle.
Sent by mail on receipt of price, and 25 cents for postage. For sale wholesale or retail, by LEEDS, GILMORE & CO., Importers of Drugs and Medicines, 61 Liberty Street, N. Y. ALSO, BY DRUGGISTS GENERALLY.

MARK THESE FACTS!
THE TESTIMONY OF THE WHOLE WORLD
HOLLOWAY'S OINTMENT.
Bad Legs, Bad Breasts, Sores and Ulcers.
All description of sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound with oil is folly; for should the skin unite, a buggy diseased condition remains underneath to break out with tenfold fury in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation in and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as salt is forced into meat.
Diphtheria, Ulcerated Sore Throat, and Scarlet and other Fevers.
Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system, and its influence can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the Ointment in the above manner for the diseases named, or any similar disorders affecting the chest and throat, will find themselves relieved as by a charm.
Piles, Fistulas, Strictures.
The above class of complaints will be removed by nightly fomenting the parts with warm water, and then by most effectually rubbing in the Ointment. Persons suffering from these distressing complaints should lose no moment in procuring this preparation. It should be understood that it is not sufficient merely to smear the Ointment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore of wound as effectually as saltpeter is palpable to the eye. There again bread and water poultices, after the rubbing in of the Ointment, will do great service. This is the only safe treatment for female cases of cancer in the stomach, or where there may be a general bearing down.
