The Constitution.

Now shall with impunity soil these sacred symbols of our Country's life, liberty and power.

F. L. BAKER, EDITOR.

Marietta, Pa.

SATURDAY, SEPTEMBER 28, 1861.

DISCIPLINE AT FORTRESS MONROE.—A correspondent says:—"Soon after the arrival of Gen. Wool we were reviewed by him; and such an inspection! Even the cuffs of our coats were turned up to see if our underclothes were clean.—Nothing escaped the old man. It was the first time that I had my sword inspected since I wore it. New orders are published every day. All officers have to attend roll calls, and especially at reveille, which beats at the first call. He visits the guard both day and night, and woe the unfortunate commander of the guard if everything is not right."

☞ Gen. Dix has removed a most irritating nuisance from the public thoroughfares and shops of Baltimore. He has forbidden the display of rebel emblems of any kind in the shop windows, and the wearing of Secession insignia on the streets, and put an end to the seditious cries. The result has been most auspicious, and though some of the more violent are disposed to evade the order, yet it has been obeyed in almost every instance. Mayor Brown, after paying away some $40,000 of the public money to the old rebel Police, for doing nothing, has submitted to the peremptory order of Gen. Dix, commanding him not to repeat the offence again.

☞ Hon. Andrew Johnson spoke at Newport, Kentucky, on Monday, the 9th inst. The following from the Newport speech is truly noteworthy; "I am an exile, a fugitive, not from but for justice, and my crime is my feeble efforts to support the Constitution; but if the people of Tennessee could speak to-day, an overwhelming majority of her people would shout for the Union. We want Kentucky, who fought with us side by side at New Orleans, to come and do so again and under the same flag for the same cause—Liberty. If you give us your help the Stars and Stripes will float over every court-house in the State in a very brief period." [Cries of "we will!" "we will!"]

☞ William H. Winder, a broker doing business in Third street, Philadelphia, who has a brother a colonel in the rebel army, and who is a son of General William H. Winder, who showed the white feather at Bladensburg, in the war of 1812—was arrested on Wednesday of last week, by order of the Secretary of War, on the charge of treason, and was on Friday sent to Fort Lafayette.—His letters and effects were seized at the same time. He turns out to have been the Philadelphia correspondent of the New York Daily News, the contraband secession sheet of that city.

☞ The Union Men of Berks county are uniting upon a ticket in opposition to the Breckinridge Democractic ticket, and there are strong hopes that it will be defeated. The course of Ancona, in Congress, and other leading chronic politicians, in sticking to the skirts of the rebellion until personal consequences impelled them to be quiet; as well as the secesson proclivities of at least one of the candidates (for the Legislature,) will greatly strengthen the Union ticket.

☞ There are now fully 30,000 Germans in the National army—12,000 having enlisted in New York alone.—The Irish, who are more numerous in the country than the Germans, have not perhaps half this number; they have not heretofore come forth with that alacrity that they should; but this want of promptness is fast disappearing, since Thomas Frances Meagher has taken the field and been authorised to raise an Irish Brigade, which will probably consist of four or five thousand men. Properly officered and disciplined, there are no better or braver men.

☞ We see it stated that Col. Simmons, of the Fifth Regiment Pennsylvania Reserve Volunteers, under General McCall, at Camp Tennally, on the Potomac, has been appointed a brigadier General in the army. This promotes our friend Lieut. Col. Jos. W. Fisher, of Columbia, to the command of the Regiment. We announce this promotion of Col. Fisher with great pleasure. He is an energetic and indefatigable worker, devoted to the service, and will no doubt prove himself to be equal to the position.

☞ Extraordinary exertions will be made in the Western States this fall to manufacture sugar from sorghum—partially with the object of evading the [illegible] heavy duties on imported [illegible] to supply the deficiency caused by the loss of the crop in [illegible]

WAR AND OTHER NEWS SCRAPS.

At a sale of condemned government horses in Washington city, this week, prices ranged from 37½ cents to $30.

The United States Marshal has seized the office of the Louisviller (Ky.) Courier, and arrested one of its proprietors, as well as ex-Governor Morehead and Martin M. Barr, the latter being the telegraph news reporter of the New Orleans press. The transmission of telegraph news southward has been intredicted.

The Navy Department has received and accepted proposals from Merrick & Sons, of Philadelphia, for iron clad vessels of war.

From the southern papers we learn that, in addition to the resignation of the rebel Secretary of War, the Assistant Secretary, Professor A. T. Bledsoe, had previously resigned, and that Major John Tyler, Jr., had been appointed in his place temporarily

Gen. Wool has sent to Washington for instructions touching the course to be pursued with contraband slaves, two thousand of whom are now at Fortress Monroe. He is ordered to send to Washington all he can spare, the men to be set to work on intrenchments, the women to be employed in the camp kitchens, and paid for their services.

Governor Magoffin has vetoed the bill passed by the Kentucky Legislature requesting General Anderson to take command of the volunteer troops of that State, but both houses at once passed the bill over his veto.

The whole of Colonel Mulligan's command has surrendered to the rebel army of General Price, having been completely exhausted by hard fighting, and the total deprivation of water. He had 3500 men, of whom 900 were killed or wounded, leaving but 2600 effective men against 30,000 rebels. The loss of the rebels is reported at between three and four thousand.

On Sunday last Colonel A. C. Lewis, of the 46th Pennsylvania regiment, was shot dead at Darnstown, Md., by a private named Lanahan. It was a wilful murder.

Among the killed by the St. Joseph railroad bridge disaster was the famous Barclay Coppie, of the John Brown raid memory, together with five or six men with him, all of whom were on their way to join Montgomery's Kansas regiment.

The Toronto Globe says full one-half of the Canadian journals are in sympathy with the American government in pending war. It is mostly the ministerial organs which take sides with the traitors.

The sheriff of Crawford county, Mo., has resigned his office, and states that it will be impossible to collect the taxes for the present year.

Notwithstanding the unfavorable accounts lately received, the French vintage is now said to look as well as at any time within the last ten years.

It costs at least $200,000 to put a cavalry regiment in the field. The horses alone for 1,000 men are worth about $140,000.

John Patterson of Delaware, has a steam threshing machine in operation in that State, by which he threshes out the grain of the farmers who may employ him. He can thresh five hundred bushels of wheat per day and from one thousand to fifteen hundred bushels of oats.

The Knoxville (Tenn.) Whig of the 7th inst. contains a card from Parson Brownlow, wherein he states substantially that he will not be a party to any mad scheme of rebellion; that all who do so must suffer ruin, but that he yields his extreme position through necessity, and confesses that he has not the courage to meet unarmed eleven States armed.

The terrible accident at the Continental theatre on last Saturday night a week, by which fourteen young ladies were badly burned, has resulted in the death of nine of the unfortunates. The others will probably recover. The Continental and Arch Street theatres have both given benefits for the sufferers, by which a large fund was realized.

The Richmond papers are filled with accounts of highway robberies, stabbings in the street, and burglaries. The Richmond *Whig* of the 18th states that six more federal prisoners have escaped.

Breckinridge, the traitor, counseled Gov. Magoffin to veto the patriotic resolves of the Kentucky Legislature. In a few days, the scoundrel will have to go farther South to escape arrest; for the loyal people of that State are tired of his tresonable conduct.

The receipts of grain in Buffalo on last Thursday amounted to the unprecedent quantity, for a daily arrival of more than one million bushels.

Some 700 Creeks and a portion of the Cherokees, Choctaws and Chickaws have joined the rebels.

McCULLOCH'S INDIANS.—The Helena (Ark.) Hearld of August 10, states that thirteen hundred Indian warriors—Southern allies—had crossed the Arkansas river near Fort Smith, *en route* for McCulloch's camp. These Indians were armed with rifle, butcher-knife and tomahawk, and had their faces painted and seemed eager for the fray.

A QUESTION OF CONTRABAND.—Some time ago, a number of persons were indicted at Chicago for aiding contrabands to escape from service. In every instance it is ascertained that the owners of the slaves are rebels. Attorney General Bates has ordered the indictments at Chicago to be dismissed, and the defendants discharged from custody and from their bonds. It is probable the same course will be pursued in relation to simliar instalments elsewhere.

ICE FOR THE SICK.—A cargo of two hundred and fifty-one tons of ice was recently sent, from Providence, R. I., to Washington; one hundred and sixty-seven tons for the United State sanitary commission, for the use of the sick, and eighty-four tons for the Second Regiment Rhode Island volunteers. The expenses of the shipment were five hundred and sixty dollars, which was paid by contributions liberally donated, by several residents of Providence.

STARTED UP.—The great cotton mill at Sprague, Conn., the largest in New England, started on Monday. It belongs to Governor Sprague, of Rhode Island. This mill, known as the Baltic Mill, until the town of Sprague, in which it was situated, was incorporated by the last Connecticut Legislature. The Nashua Company and Jackson Mills, in Nashua, N. H., also "started up" on Monday.

THE END OF BRECKINRIDGE.—It is reported, we presume on good authority, that John C. Breckinridge of Kentucky, has at length gone over to the enemy, and joined the Rebels who are seeking to destroy the Republic, and who, from the beginning of their treasonable movement have had secret sympathy and countenance. To the country and to the Government his departure is no great loss.

☞ General Scott expects shortly to visit New York, to receive Mrs. Scott, who is on the ocean returning from a short sojourn in France. This does not look as if he expected to see the rebels in Washington in less than a week at the shortest. Indeed, the old Hero has now discovered that in a month hence it will require glasses of stronger power than those now in use, to observe the enemy's operations from our lines.

☞ Hon. Alfred Ely, a member of Congress, now a prisoner at Richmond, has written a letter to his wife, dated Richmond, August 24th. He says: "I see some of the papers state that I am '*ditching*,' doing 'general kitching work,' and other statements equally absurd.—I beg you to heed no publicatinos of this nature."

☞ The anniversary of the adoption of the Constitution was celebrated in Philadelphia on Thursday of last week. Salutes were fired at sunrise and at noon. The home guards paraded 3000 strong, escorting the orator of the day, Hon. George M. Dallas, to Independence Square; but before the procession reached that point a copious shower of rain commenced falling, drenching the military, but without breaking up the procession.

☞ One company of Soldiers, from Fayette County, sent home in one month for the use of their families, $250. This is doing well, and when the War Department is in full operation, by which volunteers will have more facilities for remittances home, we expect to record the receipt of large sums of money in this State every month.

☞ There are now in the United States Navy 9 captains, 14 commanders, and 37 lieutenants from the seceded States. They are loyal to the core.—Eleven captains, 39 commanders, and 81 lieutenants have gone over to the traitors since the rebellion began.

☞ Mrs. Sarah Howe of Worchester, a lady well advanced in years, has manufactured a hangman's rope, fitting a noose at each end. It is made of material grown in South Carolina, and she would like to see it used on the two most prominent traitors among the Jeff. Davis conspirators. She indicates the wish by sending the halter to the care of General Scott.

Senator Wilson at the great Faneuil Hall Union meeting, a few days ago, said that the Government needs 150,000 more men in the field—50,000 for Gen. McClellan, and 100,000 for Gen. Fremont. We are glad to see this clear avowal by the chairman of the Senate Committee on Military Affairs, who is able to speak from the record. A great deal of the unconcern of the public mind about enlistments has been due to the lack of definite assurance about their necessity. In one month, at the outside, this number ought to enlist. The harvests are now in, and there are tens of thousands of persons who have but little or nothing to do, who ought promptly step forward to defend their country against its enemies. Those able to do so, and shall not offer, do not deserve to have a country, and the protection of its laws.

☞ It is stated that General M'Clellan is not yet 35: General Fremont is under 48; General Lyon was about [illegible] and General M'Dowell is about 4[illegible]

☞ To prevent a headache [illegible] ting sober keep drunk!

PERSONAL: Ross Winans, Pierce Butler, and Major Berrett of Washington, have all been released from Fort Lafayette on their parole of honor. Henry A. Wise and his son O. Jennings Wise have been indicted by the U. S. District Court at Wheeling, for treason. Col. Mulligan wept like a child when he found himself compelled to surrender.

ONLY ONE DOLLAR EACH!

10,000 *Beautiful Steel Plate Engravings of the Lord's Prayer for sale.*

VALUABLE PROPERTY GIVEN AWAY!!

The idea of representing the Lord's Prayer by an engraving, and of ornamenting and arranging it in such a manner as to produce at once a model of neatness and taste, was conceived and carried out by *ORMSBY*, the celebrated Bank Note Engraver of New York. It commences with exquisitively executed words of "*Our Father*," and then follow in succession the other parts of the prayer, every phrase of which is engraved in the most elegant and tasteful manner. Near the bottom of the picture is a superbly executed head of *Our Saviour*, and encircling the upper part of the engraving are ten angels, each bearing one of

THE TEN COMMANDMENTS.

The engraving has received the most unqualified praise from the religious community, as there is nothing of a sectarian character about it, having been recommended by clergymen of all denominations. As an ornament, it is one of the most splendid ever published in this country, and is destined to take the place of a poorer class of engravings. The size of the plate is 20 x 28 inches, and is unquestionably the cheapest engraving ever offered in this country.

Who that loves art—who delights to study a fine engraving—who that would receive the impressions which such a work is calculated to impart, would fail to secure a copy when the price is ONLY ONE DOLLAR, with the chance of securing for the sum in addition, a permanent home or another valuable gift?

As a work of art this valuable and beautiful engraving is worth more then the dollar asked for it, it will readily be acknowledged on an inspection of it; but the subscribers intend to make a Gift Distribution to purchasers of the engraving of valuable presents of follows:—

1 House and Lot in York Borough.
2 Buggies, (Quinn & Palmer's make, warranted.)
1 Rockaway.
2 Building Lots in York Borough.
100 Valuable Books.
50 Bbls. Flour, (Warranted.)
1000 Gold Gilt Frames to suit Engraving of the Lord's Prayer.
500 Steel Plate Engravings, Birth of Christ.
Magnificent Looking Glasses.
Gold and Silver Watches.
All kinds of Jewelry, embracing Cameos Florentine, Mosaic, Gold Stone, &c., &c.

A Gift worth from 50 cents to $500.00 with each engraving sold.

When the engravings are sold a meeting of the purchasers will be called at Washington Hall, York, Pa., when the Gifts named above will be distributed in such a manner as the purchasers may determine. The Purchasers selecting a committee of disinterested persons to make the awards in such manner as they may designate.

The proprietors from the favorable manner in which this Gift Enterprise has been received, and the number of engravings already sold, hope to be able to have the amount disposed of by the 1st of July, '61, and when all are sold they will notify the purchasers, and have the distribution of the Gifts proceeded with.

The engraving has received the commendation of the Reverend Clergy, our first citizens, and indeed of all classes, who enter into it with interest and spirit.

RECOMMENDATIONS.

We invite attention to some of the recommendations: *From Rev. C. W. Thompson, Rector of St. John's Protestant Episcopal Church, York, Pa.*

Messrs. Austin & Wehrly:—The engraving of the "*Lord's Prayer*," which is now offered for sale by, Messrs. Austin & Wehrly, of this Borough, is "got up" with much taste and beauty, and ought to recomend itself to public attention—anything that will keep that noble composition before the mind and memory is likely to do good. The work seems to me only to require examination in order to be admired, and I cannot but hope that the gentlemen who have in hand its distribution at so moderate a rate, will be abundantly successful in their undertaking.

C. W. THOMPSON.

From Rev. F. F. Hagan, Pastor of the Moravian Church, York, Pa.

York, Pa., Feb. 20, 1861.

Messrs. Austin & Wehrly:—Having had the pleasure of inspecting Messrs. Austin & Wehrly's splendid engraving of the *Lord's Prayer*, I would cordially recommend it to the favorable attention of their friends at York and elsewhere. It is not only a beautiful ornament for the dwelling of every christian family, but also a useful and edifying acquisition for Sunday Schools and similar benevolent institutions. F. F. Hagan.

Prof. Miller's Hair Invigorator

An Effective, Safe and Economical Compound.

For restoring Gray Hair to its original color without dyeing, and preventing the hair from turning gray.

For Preventing Baldness, and curing it when there is the least particle of vitality or reparative energy remaining.

For Removing Scurf and Dandruff, and all cutaneous affections of the Scalp.

For Beautifying the Hair, imparting to it unequalled gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, compels the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over another preparation at present in use. It cleanses the head and scalp from dandruff and other cutaneous diseases. Causes the hair to grow luxuriantly, and gives it a soft, glossy and flexible appearance, and also where the hair is loosening and thinning, will give strength and vigor to the roots, and prevent the growth to those parts which have become bald, causing it to yield a fresh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectibility. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will in certainty restore to its original hue, giving a dark, glossy appearance. As a perfume [illegible] and a Hair Restorative it is particularly recommended, having an agreeable fragrance and the great facilities it affords in dressing the hair, which, when moist with the Invigorator can be dressed in any required fashion to preserve its place, whether plain or [illegible]—hence the great demand for it by those as a standard toilet article which none should be without, as the price places it within the reach of all, being

ONLY TWENTY-FIVE CENTS

per bottle, to be had at all respectable [illegible] and perfumers.

L. Miller would call the attention and Guardians to the [illegible] his invigorator in cases where the children's hair is thin and weak. The use of it [illegible] the formation of a good head of hair, as it removes any humor that may have become connected with the scalp, the removal of which is necessary for the health of the child and the appearance of its Hair.
