HOLLOWAY'S PILLS.

Nervous Disorders. What is more fearful than the breaking eat plenty of solids, avoiding the use of slops; and if these goldon rules are followed, you will be happy in mind and strong in body, and

forget you have any nerves.

Mothers and Daughters. If there is one thing more than another for the these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous and suspended secretions. Universally adopted as the one grand remedy for female complaints, they never fail, never weaken the system, and always bring about

what is required.

Sich Headaches and want of Appetite. These feelings which so sadden us, most frequently arise from annoyances or trouble, from quenty arise from annovances or trouble, from obstructed perspiration, or from eating and drinking what is unfit for us, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and stomach, whence follow as a natural consequence, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

Disorders of the Kidneys. In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel or whethor they be afflicted with stone or gravel or with aches and pains settled in the loins over the regions of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief when all other means have failed.

Stomachs out of order.

Stomachs out of order.

No medicine will so effectually improve the tone of the stomach as these Pills they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in case of spasm,—in fact they never fail in curing all disorders of the liver and Stomach. the liver and Stomach.

HOLLOWAY'S OINTMENT. Bad Legs, Bad Breasts, Sores and Ulcers.

All description of sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly; for should the skin unite, a boggy diseased condition remains underneath to break out with tenfold fury in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation in and by nature, is to reduce the inflammation in and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as salt is forced into meat.

Diptheria, Ulcerated Sore Throat, and Scarlet and other Fevers. Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon peeterate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Untment will do its work at once. Whoever tries the unguent in the above manner for the discusses a mand, or any similar discusses for the cases named, or any similar discusses for the cases named. eases named, or any similar disorders affecting the chest and throat, will find themselves re-

lieved as by a charm. Piles, Fistulas, Strictures.

The above class of complaints will be remove by nightly fomenting the parts with warm water, and then by most effectually rubbing in the Ointment. Persons suffering from these direful complaints should lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointment on the affected parts, but it must be well rubbed in for some considerable time the Cintment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. There again bread and water poultices, after the rubbing in of the Cintment, will do great service. This is the only sure treatment for female cases of cancer in the stomach, or where there may be a general bearing down. eral bearing down

Indiscretions of Youth; Sores and Ulcers. Blotches, as also swellings, can, with certainty, be radically cured if the Ointment be used freely, and the Pills be taken night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another; whereas this Ointment will remove the humour from the system, and leave the patient a vigorous and healthy being. It will require time with the use of the Pills to ensure a lasting cure.

Dropsical Swellings, Paralysis and Stiff Joints. Although the above complaints differ widely iu their origin and nature, yet they all require local treatment. Many of the worst cases, of such diseases, will yield in a comparatively short space of time when this Ointment is difgently rubbed into the parts affected, even after every other means have failed. In all serious maladies the Pills should be taken according to the printed directions accompanying each

P. MOTT'S CHALVBEATE RESTORATIVE PILLS OF IRON. An Aperient and Stomachie preparation eron purified of Oxygen and Carbon by I imbustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceivable case.

Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz: each of the following complaints, VIZ:
In Debility, Nervous Affections, Emariation,
Dyspepsia, Constipation, Diarrhoa, Dysentery, Incipient Consumption. Scrofulous Tuburculosis, Sult Rheum, Mismenstruation, Chlorosis, Whites, Liver Complaints, Chronic Head
aches, Rheumatism, Intermittent Fevers, Pim-

nles on the face, &c.
In cases of General Debility, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would rend-er credible. Invalids so long bed-ridden as to have become forgotten in their own neighbor-hoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent marasmus, sanc guineous exhaustion, critical changes, and that complication of nervous and dyspeptiaversion to air and exercise for which the physician beautiful properties of the physician beautiful properties.

sician has no name. In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigo-rously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness with-out ever being a gastric purgative, or inflicting

a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dispensia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendent Costiveness.
In unchecked Diarrhea, even when ad-

vanced to Dysentary, contirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing. In the local pains, loss of flesh and strength, debilitating cough, and remitten, hectic, which generally indicate *incipient Consumption*, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

The great celebrity and the increasing de-mand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over another preparation at present in use. It cleanses the head and scalp from dandquantities over another preparation at present in use. It cleanses the head and scalp from dandruff and other cutaneous diseases. Causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, eausing it to yield a fresh covering of hair. There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectibility. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore to its original hue, giving it a dark, glossy appearance. As a perfume toilet and a Hair Restorative it is particularly recomended, having an agreeable fragrance; and the great fucilities it affects. and a flair Restorative it is particularly recommended, having an agreeable fragrance;
