For Preventing Baldness, and curing it, when there is the least particle of vitality or recuperative energy remaining.

For Removing Scurf and Dandruff, and all cutaneous affections of the Scalp.

For Beaulifying the Hair, imparting to it an unequalled gloss and brillancy, making it roft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing de-mand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over another preparation at present in usc. It cleanses the head and scalp from dand-ruff and other cutaneous diseases. Causes the

hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a fresh covering of hair. There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectibility. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore to its original hue, giving it a dark, glossy appearance. As a perfume toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator can be dressed in any required form so as There are hundreds of ladies and gentlemen rator can be dressed in any required form so as to preserve its place, whether plain or in curls —hence the great demand for it by the ladies as a standard toilet article which none ought to
