DR. MOTT'S CHALYBEATE Restorative Pills of Iron.  
An Aperient and Stomachic preparation of Iron purified of Oxygen and Carbon by Ammonium in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of iron can be compared with it. Impurities of the blood, depression of energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceivable case.

Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:  
In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhea, Dysentery, Incipient Consumption, Scrophulous Tuberculosis, Salt Rheum, Menses Irregular, Chlorosis, Whites, Liver Complaints, Chronic Headache, Rheumatism, Intermittent Fevers, Pimples on the face, &c.

In cases of General Debility, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, a trial of this medicine has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travels in a distant land. Some very singular instances of this kind are attested of female Sufferers, emancipated victims of apparent marasmus, and gutta serena, exhaustion, critical changes, and other complications of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is so tonic, and so gentle, and so regular, and so effective in the most obstinate cases of costiveness without ever being a gastric purgative, or inflicting an unagreeable sensation.

It is this latter property, among others, which makes it so remarkably effective and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspepsia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant Constipation.

In unchecked Diarrhea, even when advanced to Dysentery, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and emesis, hence, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In Scrophulous Tuberculosis, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of females cannot be too confidently invited to this remedy, and restorative, in the cases peculiarly affecting them.

In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects—Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 25 pills, price 50 cents per box; for sale by druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to

COMMENTS.  
From Hon. Lewis D. Campbell, M. C., Ohio.  
My family and friends all concur in the opinion that the (Newell) Picture is more life-like than anything I ever saw. My likeness has been repeatedly taken by artists in various ways, but I have never yet had one which presents so true to nature, all the features and expressions of countenance as this.

From Hon. E. Jay Morris, late Minister to Italy.  
The exquisite finish, beauty and softness of your portraits, combined with their durability of color and faithfulness as likenesses, cannot fail to command them to the attention and patronage of all who appreciate true art.

From Col. James Page.  
Having occasion for a portrait, I procured one from Mr. Robert Newell, of the city of Philadelphia, a miniature in Oil Colors, under the new process discovered by him, and take great pleasure in expressing the satisfaction given me, not only by the accuracy of the likeness, but its artistic finish in all respects, and recommend him to the patronage of those disposed to encourage the beautiful art.
