

None shall with impunity soil these sacred symbols of our Country's life, liberty and power.

F. L. Baker, Editor.

Marietta, Pa.

SATURDAY, NOVEMBER 30, 1861.

Messrs. MATHEW & ABBOTT, No. 335 Broadway, New-York, are duly authorized to act for advertising advertisements, &c.

MASON AND SLIDELL.—Lord Lyons has not behaved like a diplomatist since the news that Mason and Slidell were on their way to Fort Warren. Although necessarily silent in his official capacity, unofficially he is almost impertinent in his conversation. He assumes that there can be no question between his Government and ours, for the reason that the United States must yield the point in controversy, will disavow the act of Capt. Wilkes, and must return Mason and Slidell to the bosom of the only Power which seems heartily to desire the dismemberment of this great Republic.

RECKLESS BOYS.—The statement made in General Thomas' report that the young men of Kentucky had in considerable numbers been misled to take part in the revolt, is too true. At this moment Governor Wickliffe, one of the most thorough-paced friends of the Union, has a son in the Confederate service. The Rev. Dr. Robert J. Breckinridge, one of the most distinguished divines in the Union, as true a friend of the Union as any, has another. The editor of the Louisville Journal, George D. Prentice whose loyalty is unshaken, has another. In one county which gave a large majority for the Union, two hundred young men entered the rebel service.

FASTEST TIME ON RECORD.—It may interest our sporting readers to learn that the two celebrated mares, "Lady Palmer" and "Flatbush" were driven a two mile heat to his road wagon by the owner on the Centreville Course, N. Y., the other day in the unprecedented time of 5:50. The fastest time in 2:30. Flora Temple's fastest two miles to a wagon is 5:04, and her performance was never beaten until this double team "wiped it out." Flora had the advantage of a skeleton wagon, while on Tuesday "Palmer" and "Flatbush" had to drag a road wagon. The team is owned by Mr. Bonner, and it without doubt the fastest in the country.

THE "BEAUFORT" DISTRICT.—A letter from an officer of the navy says, the country around is one of much beauty, fertility rising from the sea gently, the coast sloping off far into the ocean, making a long, shallow spread of water. A beautiful cotton field was near by, the balls already ginned, and the long white cotton hanging from them in great profusion. To a Northerner, unaccustomed to the sight of a field of ripe cotton, the scene presented was one of unrivaled magnificence and novelty. It seems as if a living mantle of snow rested upon a square of beautiful country, and undulated like the yellow grain in the gentle winds.

The late London Times has a long article upon Mr. Seward's circular to the Governors of the seaboard States in relation to the necessity of defending our harbors. It charges him with attempting to "get up a quarrel between England and the United States," and insists that although the terms of the circular are general, "nobody can doubt that England is the Power alluded to."

Advices from Mexico say that, while England and France are friendly to the Juarez Government, the designs of Spain are well known to be to get the Church party in Mexico to ask for a monarchy, and to make the uncle of the Spanish Queen the King of Mexico, he being an old man, who, upon his death, without children, would leave the Queen as heiress to the throne.

The Richmond Inquirer of the 13th ult., publishes the correspondence between the Secretary of War and Gen. Winder, telling the latter to make choice of the Union prisoners as hostages for Southern privateers. As a hostage for Smith, captured at Philadelphia, the lot fell to Col. Corcoran, who was ordered into close confinement in the felon's cell.

Congress will meet on Monday next. The city is already filled with strangers. Rooms and boarding have taken a great rise and every preparation made to "facially skin" all whom business or pleasure may take thither.

General Sam Houston is not dead after all, but recovering.

A HORRIBLE DEATH.—A man named Keller, residing near Mansfield, Ohio, left home some three weeks ago, carrying with him a large jug of whisky. His hat and jug were found next morning on the railroad track, and nothing further was known of him until Thursday the 21st, when a drover at Mansfield Junction, crawling under the platform after a runaway hog, encountered the decaying body of the poor inebriate. It presented a most horrible and disgusting sight. Deceased leaves a wife and four children.

A proposition will undoubtedly be recommended to, and we think passed by the next Congress, to abolish the distinctions between the regulars and the volunteers in the army, and to solidify the whole mass in one body. It is estimated that there are more than three thousand genuine regulars in the army at this time, and if the commissioned and non-commissioned regular officers could be put at the head of the different regiments, battalions, and companies, we should soon have a force of unsurpassed soldiers. In any event, the idea of destroying the distinctions which have given rise to so much trouble is a good one.

Small wooden houses, large double canyars, tents, of heavy material, and comfortable log huts, are going up in all the localities occupied, or likely to be occupied, during the winter, or a portion of it, by our troops in the vicinity of Washington. Our soldiers will all be well provided for; but there is some difficulty in deciding how the large number of cavalry can be comfortably cared for. Different plans are under consideration, and it is probably some decision will be made in a few days. The horses have, so far, been exposed to the weather.

General Sumner's daughters are married to Virginians. One, Eugene E. McLain, is now an invalid in Richmond. He was a quartermaster in the regular service at Baltimore, where he resigned at the beginning of the present difficulties. The other, Armistead Long, was a lieutenant in the regular service, and was an aid to Gen. Sumner when he resigned and went South. Gen. Sumner's two sons are lieutenants in the regular cavalry, one in the first and the other in the Fifth Regiment.

Commodore Tatnall, who commanded the rebel naval forces at Port Royal, is said to be the owner of a large and valuable real estate at Sackett's Harbor. This property has been labeled by the United States District Attorney, and a motion for condemnation made in the United States Court at Buffalo, N. Y. The furniture of his house alone is valued at \$15,000, and that, together with the entire estate, will, no doubt, be confiscated.

Gen Patterson, of Philadelphia, whose mismanagement at Harper's Ferry, and in the neighborhood of Winchester, it is generally supposed, lost us the battle of Bull's Run, has made his defence, and throws the blame on General Scott. As Gen. Scott waited four months, until Gen. Scott left for Europe, before making this statement, we prefer waiting to hear Gen. Scott's reply before we accept an experts defence so long delayed.

The Harrisburg Telegraph says that the Hon. Joseph Ritner paid that place a visit a few days since. The ex-Governor is in his eighty-second year, but still continues remarkably healthy and active. He is at present residing on his farm, near Carlisle, the cultivation of which he personally superintends, performing himself much of the rough labor incident to that occupation.

Provost Judge Freese, of Alexandria, publishes a letter in the Newark Advertiser, in which he says if the government will allow him to follow out his course, he will undertake to collect one-third of the \$150,000,000, due from the south without doing injustice to a single individual.

There are certain indications on the surface to warrant the assertion that the "stone fleet" is destined for Charleston harbor, and once these vessels are sunk, that old and well known port of entry the world over will, as such, have ceased to exist.

Mr. Cameron's position upon the slavery question at the present time is now known beyond doubt; and in his forthcoming message he will boldly advocate the emancipation of all slaves who are the property of rebel masters.

The Commission to investigate the accounts of the Western Military Department have had filed before them three hundred and seventy-five claims. As this body sits with closed doors, little is known in detail of its proceedings.

Henry C. Hickok, formerly Superintendent of Schools for Pennsylvania, proposes to raise a regiment of Pennsylvania school teachers. They should have command of the cannon purchased by the teachers.

Nothing, perhaps, strikes the ear more pleasantly than a woman's charming voice—except, perhaps, her charming hand.

CLIPPINGS FROM OUR EXCHANGES.

Secretary Cameron has closed his doors to all applicants for office, and is now busily engaged in preparing his report for Congress.

Gen. Halleck, suspecting that many of the slaves that enter the Federal camps, in Missouri, are spies, or in the interest of the rebels, has issued an order, forbidding any to enter the Union lines.

John Jacob Astor, the millionaire of New York, has been appointed on the staff of Gen. McClellan, with the rank of lieutenant colonel.

Colonel Charles Frederick Havelock, late of the British army and a brother of the late General Havelock, has been appointed an aid to Major Gen. McClellan, with the rank of colonel, and assigned to the duty as Inspector General of Cavalry, his late position at home.

Comte de Villareau, an experienced French officer, has also been appointed an aid to General McClellan, with the rank of captain.

General Fremont recently obtained permission from the proper authorities to visit Washington. It is the opinion in military circles that there will be a Court of Inquiry in his case.

It is said the rebel Congress have concluded to remove their seat of government from Richmond to Nashville. But it is questionable whether they will find the latter city a much safer place of retreat than the former. Both are, to some extent, threatened by our army, and will sooner or later be captured.

The reason given for Jonny Lind's return to the stage is that "she finds private life somewhat a prison."

The Navy Department has issued an order thanking Captain Dupont for his brilliant services in the capture of Port Royal.

Books are being collected in Boston to form a library for the use of Prisoners at Fort Warren.

Spurgeon is called the Barnum of the United States and Canada. Price 25 cents, 50 cents, and \$1 per bottle.

A life convict in the Ohio penitentiary has subscribed \$50 to the national loan.

It is reported that assurances have been given by our government to that of Great Britain that British vessels shall have access to the cotton ports of the south before the winter is over.

On Thursday afternoon of last week, the wife of Jacob Tintle of Newark, N. J., was burned to death. Her clothing caught in the fire while reaching to the mantle shelf above.

A little boy, son of A. F. Pope of Alton, Ill., backed into a tub of scalding water one day last week, and was so badly scalded that he died in a few hours.

The ladies of Rhode Island are preparing to send to each volunteer from that State a Christmas gift of a pair of socks and mittens, the name of each soldier, with that of the company to which he belongs, to be attached to the article.

Col. McCarter's regiment of Zouaves from Lebanon, in this State, have gone to Fort Delaware, which they will occupy for the present.

The Rebel Authorities have consented that clothing shall be sent to the U. S. prisoners of war at the South. The arrangement has been effected without compromising the Government in any way whatever.

A Foot Soldier travels in one minute, in common time, 90 steps, 70 yards, 2 1/2 miles an hour; quick time, 110 steps, 86 yards, 3 miles an hour; double quick time, 165 steps, 151 yards, 5 miles an hour.

The convention to organize the new State of Kanawha, out of Western Virginia, met at Wheeling and organized. Thirty-seven counties were represented, and all the members took the oath of allegiance.

In Kentucky, General Breckinridge is said to be advancing with a large force from Green river in the direction of Owensboro or Henderson.

A Regiment formed in Cortland county, New York, Col. Green, has no less than seven clergymen. Two of them are captains of companies, and one is a private in the ranks.

An army officer lately insulted United States Senator Browning of Illinois, in the cars near Quincy. The Senator responded by giving the officer a flogging.

The reported death of General Sam Houston, of Texas, is untrue. By the last accounts in the Galveston Citizen, he had recovered so far as to be out of danger.

The new excitement on the tapis is the expedition which is now getting up under the auspices of Major Gen. Butler and Brigadier General Burnside. It is to be composed mainly of New England men, and will strike in an unexpected quarter.

The Department has established a Post Office at Port Royal, South Carolina, to be called by that name, and has sent out a blank commission to Gen. Sherman, to be filled with the name of a suitable person as Postmaster, who will give the required bonds.

THE RIGHT COURSE: Mason and Slidell have been safely lodged in Fort Warren. The governor has decided that they shall be treated in all respects—as to close confinement and fare—like criminals guilty of the highest crimes against the law, until full assurance is received that Col. Corcoran and the other officers now in the hands of the rebels shall receive the treatment due to their rank and position as prisoners of war taken on the field of battle, according to the usages of all civilized nations. The government has also come to the determination to hang every prisoner duly convicted of piracy on the high seas, no matter whether he hail from the north or the south, from England or any other foreign nation, and that they will hold the prisoners now in captivity—including Slidell, Mason and Faulkner—responsible for any barbarity which may be practiced by the rebels upon the prisoners of war confined in southern prisons. In other words, the administration is resolved to carry out the law strictly as regards piracy, and to treat the rebel prisoners in precisely the same manner as the rebels may deal with our officers captured in battle.

To CONSUMPTIVES: The advertiser having been restored to health in a very few weeks by a very simple remedy after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow sufferers the means of cure. PROFESSOR DE GRATH'S ELECTRIC OIL.

Wonderful Cures on Man and Beast!

A VALUABLE MEDICINE!

I PROPOSE to cure, almost instantaneously, individuals afflicted with Deafness, Headache, Neuralgia, Chill Fever, Ague, Rheumatism, and all Sores and Pains. I propose to check and effectually dissipate morose and pain, and to accustom the nervous and meet perfect equilibrium of all the circulating fluids in the human system, than can be effected by any other or all other methods of medical aid in the same space of time, the masses themselves being judges.

I want the masses to join in this matter—the well as the sick, because if these things are so, all are alike interested. N. B. Please inform me of any case of failure to cure, in from half hour to three weeks, as I wish to cure or charge nothing. The Columbus Sun remarks: On Saturday, an old gentleman named Wm. C. Osborne, well known in our city, who from rheumatic affections, has not been able to walk or use his hands sufficient to feed himself, for more than ten years, was brought to Prof. De Grath on the street, where in the presence of a large assemblage of people, he applied De Grath's Electric Oil to the neck and shoulder. He was immediately enabled to raise his hand to his head and scratch it, a thing he said he had not done before in twelve years.

The New Hampshire Patriot says: During the present week, no less than 25 of our friends, who have been induced to try Prof. De Grath's Electric Oil for Rheumatism and Deafness, in consequence of having seen this preparation advertised in our columns, have called upon us to state the result of experiments. These persons assure us that their Rheumatic pains have been entirely cured by a few applications of De Grath's Electric Oil, and they recommend its use to all who are afflicted with any of the diseases which it is designed to cure.

It seems that Rheumatism, Deafness, Neuralgia, Swollen and Stiff Joints, and other Complaints to which we are all subject, have lost their terrors. Prof. De Grath's Electric Oil is warranted to relieve in any case in a short space of time, and with a trifling expense. It always cures Scratches, Sprains, Galls and Splints on horses.

Prof. CHARLES DE GRATH, Philadelphia, Pa. None genuine without signature of Prof. C. DE GRATH. Labels signed in Writing. Principal Depot No. 217 South Eighth St. Philadelphia. Country dealers and druggists can be supplied wholesale and retail. Price 25 cents, 50 cents, and \$1 per bottle. Try everything else; give this one simple trial.

CAUTION.—Be careful to ask for and get De Grath's Electric Oil, as without imitations abound. There are numerous imitations springing up on the reputation my article has acquired. The public must beware. They are worthless. For sale by all dealers and druggists. Principal office 217 South 8th street, Phila. Feb. 2-1y
