A Nuisance,-Instead of complying with the request of our esteemed correspondent, we publish her own letter entire, with the exception of the name, and bespeak for it the respectful consideration of our gentleman readers .-Our correspondent will please to excuse us for taking this liberty. It is not unusual for editors to do so when a good object is to be gained by it, and in this instance, as the story is so much better told than we could tell it, we could not in justice to the writer, and to the subiject, do otherwise.

We need hardly say that we shall be glad to hear from our respected correspondent on some future occasion.

We had the pleasure of reading a very interesting letter from Colonel Thomas Welsh, of the Forty-fifth Pennsylvania Regiment, now at Otter Island, South Carolina, to our townsman Krater than any other Federal troops, and accustomed to it. should the city be attacked his boys I expect to be home before a great negroes, who are under my charge,nor gambling, and but very little swear-

The new sidewalk lately laid on the north side of Market street, by Dr. Huston, is pronounced by many a dangerous nuisance and not in conformity with the ordinance. Why is this? We think it is the sworn duty of the Councils to see that its ordinances are carried out in good faith, or the penalty paid .-We contend that this nuisance should he abuted-toru up, and such a walk laid as should be had in so prominant a part of the borough. We will patiently await the result, and see if this independent and fearless board are to be intimidated by a rampant old wisdom-box. Whilst on this subject, we are glad to announce that the Councils, at their last meeting, determined on erecting fourteen additional lamps, which will be distributed throughout the borough .-This is a step in the right direction.

If I were to make my complaint to some persons, they might tell me that ladies ought not to go out at night, but sir, you know that in my present situation I must either go myself, send one of my little children, or employ some one else to go for me, and I do not see why the rude filthy habit | C. of a few men, should be allowed to prevent me or any one else from doing what would otherwise be esteemed a pleasure.
