THE DELL AMONG THE DOCTORS .- We understand that the Directors of the County Alms House and Hospital, are in a quandary respecting the medical appointments to those Institutions .--The Board, consisting of the following gentlemen, viz : Simon Groh, Martin Fry, Abm. Metzler, David Styers, and Wm. S. Martin, at their first meeting, on the 27th ultimo, appointed Drs. J. L. Atlee, J. A. Ehler, and J. G. Stehman, when, disagreeing about a fourth physician, his appointment was deferred until auother time. In the meantime, however, two of the physicians who are Allopaths, resigned their appointments, because the Directors had the assurance, forsooth! to associate them with Dr. Stehman, who is a Homeoputhist. It remains to be seen whether the Directors protect those in every state who are have back-bone enough to enable them to sustain their position as MEN, or whether they will yield their manhood, and submit to be mere tools in the hands of a few doctors, whose resignations are intended to coerce the Board to give an unqualified and exclusive support to their peculiar Pathy. In appointing a Homeopathic physician to this office, the Directors have simply done their duty. The Homeopathic practice is now patronized by a large proportion of our citizens; it was, therefore, due to them. we well as to the Directors themselves, that no partiality should be shown in this matter, to any particular Pathy or party. We have known Dr. Stehman for a loag time, and are happy in being able to say that he is, in every respect, worthy of the appointment conferred on him; and moreover, we feel satisfied that the public will sustain the Directors in the manly and independent course which they have pursued in this matter.
