MARIETTA CAR TIME.—The several passenger trains leave "Upper-station" as follows: The morning train east at 7:00. The mail train west at 12:09. The afternoon train east at 3:06. The evening train west at 6:55. The evening mail train east 7:06.

Saturday, February 22, 1862.

We are under obligations to Hon. Thaddeus Stevens for public documents. To General Glatz and Hiestand of the State Senate and Col. Myers of the House for similar favors.

THE LITERARY.—We learn that Mr. Henry M. Engle is to deliver a lecture before this Society next Monday evening, on "Domestic Economy," a subject we all ought to study much more than we do. No one likes to be considered extravagant, nor do we like very much to be told our faults, but from a shrewd, plain, practical man of Mr. Engle's intelligence, and who is well qualified to do justice to the subject, we must calculate on getting more truth than poetry, and that too of a kind eminently calculated to be of service to every one of us. And as this lecture (as well as the remaining ones for the season) will be free to all who may choose to attend, it is hoped that there will be a full house. The Society meets at half past six, and the Lecture commences at seven. Immediately preceding the Lecture Mr. Sawyer is to ventilate the mysterious subject of Mesmerism. All who wish to secure front seats will be required to be early in attendance.

Mrs. Catharine Clements, formerly of this borough, now of Columbia, says in a note to us, that she received a letter from a young Columbian, now in the U. S. service, named Orville C. Kidder, in which he breathes forth such patriotic sentiments as these: "I like soldiering so well that I would not, on any account, return home to stay, unless I first knew that the stars and stripes were floating over the soil of every State in this glorious confederacy. I will fight to the die before one star shall be defaced from that proud old glorious flag, or one feather plucked from that soaring Eagle by the traitorous and rebellious southern crew; yes, I will fight for our homes and our firesides, and die rather than be ruled by such hell-deserving scoundrels as the Jeff Davis followers."

On Tuesday morning a distressing accident occurred at the "Lower Station," or near Musselman's Furnaces, by which a Mr. Tracing, the flagman of the local freight train, had his arm caught between the bumpers whilst shifting some cars, and so badly mangled between the elbow and the shoulder joint as to render amputation necessary within four inches of the shoulder. The operation was performed by Drs. W. W. Rutherford, of Harrisburg, and Henry Landis of this place. The wounded man is lying at Johnston's Hotel, and doing as well as could be expected.

The body of Captain John H. Dyer arrived in Lancaster on Tuesday evening of last week. The funeral took place on Thursday afternoon, and was largely attended by the citizens, besides the city authorities and military companies. It was an impressively solemn and imposing cortege, peculiarly appropriate to the occasion. The Lancaster Fencibles, Independent Greys and Lancaster Artillery Cadets, did the military honors, under the command of Capt. Young of the "Cadets." The remains were interred in Woodward Hill Cemetery.

Godley for march contains 11 full length pages of spring dresses; 4 spring bonnets; riding dress; back and front view of the new Lancer jacket; Spring dresses for children, a new pattern of the Garibaldi shirt, worsted flowers, embroidery, netting, and crochet patterns, etc., etc. In this number are sixty-eight engravings, and nearly all of them illustrative of the first Spring month. A most beautiful set plate.—A fashion-plate, containing seven figures. The real Fashions, and competition decided. No lady can well do without Godley.

The Ladies' Patriotic Circle received from Mrs. I. Wolfersberger, a blanket, a pillow, a pillow slip, and a bottle of Catnip. Who will send in next? Now is the time—the hospitals are full of our wounded soldiers, and more victories will give us more to provide for. Show your joy and gratitude by your deeds.

We received a letter a few days since from Mr. Henry M. Brighton, formerly of this place, now of Liberty Centre, Ohio, containing a remittance, in which he sorely complains of hard times and poor prices for grain in that section. Wheat sells at 85 cents; Corn 20; Oats 15; Beef by the quarter, for \$2.50 and Pork at 2.25.

A number of the citizens of Lancaster recently extended an invitation to Governor Hicks, of Maryland, to deliver an address in that city on the 22d inst., in commemoration of Washington's birth-day. The Ex-Gov. declines the invitation in consequence of the pressure of private business.

Messrs. West & Roth are now selling excellent Coal Oil at Ten cents a quart.

CAMP CURTIN, Feb. 12, 1862.

Col. F. L. Baker,

My Dear Sir: By a meeting of my company, held this evening, the following members were appointed a committee to prepare a preamble and resolutions acknowledging the receipt of a box, containing, for my company, fifty-one pairs of mits, viz: Sergeant Abm. Cassel, Wm. N. Black and Harrison Butler; the following preamble and resolutions were unanimously adopted, with three cheers:

WHEREAS, many of our citizens have left their homes to endure the hardships of the tented field, and Whereas, they are deprived of many comforts which are essential to the preservation of health which cannot be had except through the kindness, energy and perseverance of their fellow Townsman and Townswoman, and Whereas the Ladies of the Patriotic Circle, of the Borough of Marietta and vicinity, are always among the first to come forward with brave and zealous hearts to encourage the soldier in the discharge of his duty and add to his comfort. Therefore be it

Resolved, That Capt. E. D. Roath's company will ever hold in kind remembrance the Ladies composing the "Patriotic Circle of Marietta," for the valuable Valentine received in the shape of a box containing fifty-one pairs of mits, (which shall be properly distributed.)

Resolved, That those Ladies, not belonging to the "Circle," composing the Patriotic Daughters, but were willing to contribute and assist them, are also entitled to our gratitude.

Resolved, That if the young men (those able to leave their business), were inspired with half the patriotism of woman, they would cheerfully join the army of the Union, so they would never be placed under the painful blush of cowardice, when in the presence of a patriotic Lady.

Resolved, That Col. F. L. Baker be requested to give the above preamble and resolutions, an insertion in the columns of "The Mariettian."

Capt. E. D. Roath, Chairman.

E. H. Green, O. S., Secretary.

QUITE SEVERE.—The last Lancaster Examiner gives Nathan Worley, a member from this County, the following severe dig in the ribs: Mr. Nathan Worley, was to be great on reform, economy, snaky and corrupt legislation. But he is scarcely warm in his seat when he begins to show his hand in snaky legislation and pilfering the treasury in a small way. Mr. Worley heard, we suppose in a quiet way, something about getting postage stamps, without paying for them, and thinking it would be a very nice thing to have some to take along home, for use after the Legislature adjourned, so he sends a boy to the post office, with an order for stamps. Mr. W. being an honorable member of the Legislature, the Post-Master, of course could not refuse the modest request, and the boy returns with six dollars worth of stamps. Of course these were for private use after the Legislature adjourned. He certainly has no occasion for using stamps now, as he franks all his letters and documents and the State pays the postage. The thing "gets out" that the "economists" and "reformers" have been "helping themselves." They get uneasy and Mr. Worley offers a resolution instructing the committee on accounts to exclude from the settlements of the accounts of the Post-Master of Harrisburg, all charges for stamps. This, for cool impudence, beats all the reformers and honest men that has come under our notice for some time. He first makes sure to get the stamps, and then offers a resolution to refuse to pay for them! But the house revolted at such an outrage, and amended the resolution, requiring members to return the postage stamps or settle for them in money.—Mr. Worley is called upon to "disgorge" the stamps or pay six dollars! Not a very large sum it is true, but if each member of the House received the same amount, it would cost the tax-payers just six hundred dollars!

P. S. Since the above was put in type, we learn from the Lancaster Express, that Mr. W. denies having obtained any stamps.

Arrangements have been made to have Washington's Farewell Address read and a short oration by Rev. A. B. Grosh, in Temperance Hall, at 2 o'clock to-day. [22d]. The several bells will be rung in the morning, noon and evening. The celebration, if such it may be called, will take place in the Town Hall, where singing by the "Marietta Glee Club," and martial music will be had, and their adjourn to the Temperance Hall to hear Mr. Grosh. The stores, we understand, will all be closed, and the cannon be boomed at intervals during the day. This arrangement was "gone into" just on the spur of the moment, and hence very incomplete.

The "immortal" J. N. writes to us from Washington City, where he is enlightening the solons on "Truth and War" that he will be in this place on Friday evening next, (the 28th), and lecture in the Town Hall. The great satirist pleased and highly entertained all who happened to be present at his last lecture. We would advise those in want of a rich treat to go by all means.

We received a very friendly letter, a few days since, from Dr. Franklin Hinkle, now in the Gulf of Mexico, on board the "Pampero," from which we make the following extracts: * * * "I am glad to report myself in excellent health—weigh 140 lbs. and much pleased with the Navy service; I have suffered much from sea sickness—but sea sickness on board ship is like complaining of toothache at home—few sympathizers to be found. I was glad to find, through a copy of "The Mariettian" sent me by Mrs. F., that my worthy first-student, Dr. J. H. Grove, has done honor to his profession and to the cause of his country, by entering the field." The Doctor mentions quite a number of skirmishes with rebel vessels; one with the pirate steamer "Calhoun," which after having been chased for several hours, run ashore and was set on fire by the deserting cowardly crew; the federalists however saved her—put out the fire and towed her to Ship Island—she is now one of the U. S. Blockading vessels. After the fire had been extinguished, it was discovered that 500 barrels of powder was on board, and how narrowly they escaped being entirely blown up.—Such scenes are of frequent occurrence; the Dr. says they have oysters, docks, and fine fishing in the immediate vicinity, and that thus many-a-day is pleasantly passed in hunting, fishing and oystering.

We have heard of some astonishing cures being made by Prof. De Grath's Electric Oil. It seems to act on the diseased parts with remarkable effects and in a short space of time health regains its sway.

PROFESSOR DEGRATH'S ELECTRIC OIL.

Wonderful Cures on Man and Beast!

A VALUABLE MEDICINE!

I PROPOSE to cure, almost instantaneously, individuals afflicted with Deafness, Headache, Neuralgia, Chills, Fever, Ague, Rheumatism, and all Sores and Pains. I propose to check and effectually dissipate more ache and pain, and to accomplish nearer and more perfect equilibrium of all the circulating fluids in the human system, than can be effected by any other or all other methods of medical aid in the same space of time, the masses themselves being judges.

I do not propose to cure every disease, but all such as are curable by any combination of medical appliances. My Electric Oil operates on chemical and electric principles, and is, therefore, applicable to the cure of natural restoration of any organic derangement, with full effect from an improper circulation of Nervous vital fluid.

I want the masses to join in this matter—the well as the sick, because if these things are all as I am interested.

N. B. Please inform me of any case of failure to cure, in from half hour to three weeks, as I wish to cure or change nothing.

The Columbus Sun remarks: "On Saturday, last, a gentleman named Wm. C. Osborne, well known in our city, who, from rheumatic affections, has not been able to walk, or use his hands sufficient to feed himself, for more than ten years, was brought to Prof. De Grath on the street, where in the presence of a large assembly of people, he applied De Grath's Electric Oil to one arm and shoulder. He was immediately enabled to raise his hand to his head and scratch it, a thing he said he had not done here in twelve years."

The New Hampshire Patriot says: During the present week, no less than six of our friends, who have been induced to try Prof. De Grath's Electric Oil for Rheumatism and stiffness, in consequence of having seen this prescription advertised in our columns, have called upon us to state the result of experiments. These persons assure us that their Rheumatic pains have been entirely cured by a few applications of De Grath's Electric Oil, and they recommend its use to all who are afflicted with any of the diseases which it is designed to cure.

It cures Rheumatism, Deafness, Neuralgia, Swollen and Stiff Joints, and other Complaints to which we are all subject, have lost their terrors. Prof. De Grath's Electric Oil is warranted to relieve any case in a short space of time, and with a trifling expense. It always cures Scratches, Sprains, Galls and Splints on horses.

FRIENDS AND RELATIVES OF THE Brave Soldiers and Sailors.

HOLLOWAY'S PILLS AND OINTMENT.—All who have Friends and Relatives in the Army or Navy, should take special care, that they be amply supplied with these Pills and Ointment; and where the brave Soldiers and Sailors have neglected to provide themselves with them, no better present can be sent them by their friends. They have been proved to be the Soldier's, never-failing friend in the hour of need.

Coughs and Colds affecting Throats: Will be speedily relieved and effectually cured by using these admirable medicines, and by paying proper attention to the Directions which are attached to each Pot or Box.

Sick Headache and Want of Appetite, Incident to Soldiers. Those feelings which so sadden us, usually arise from trouble or annoyances, obstructed perspiration, or eating and drinking whatever is unwholesome, thus disturbing the healthy action of the liver and stomach. The organs must be relieved, if you desire to do well.—The Pills, taking according to the printed instructions, will quickly produce a healthy action in the liver and stomach, and as a natural consequence a clear head and good appetite.

Weakness or Debility Induced by over Fatigue. Will soon disappear by the use of these invaluable Pills, and the Soldier will quickly acquire additional strength. Never let the bowels be either confined or unduly acted upon. It may seem strange that Holloway's Pills should be recommended for Dysentery and Flux, many persons supposing that they would increase the relaxation of the bowels. A great mistake, for these Pills will correct the liver and stomach and thus remove all the acrid humors from the system. This medicine will give tone and vigor to the whole organic system however deranged, while health and strength follow as a matter of course. Nothing will stop the relaxation of the bowels so sure as this famous medicine.

Volunteers Attention! Indiscretion of Youth. Sores and Ulcers, Blotches and Swellings can with safety be radically cured if the Pills are taken night and morning, and the Ointment be freely used as stated in the printed instructions. If treated in any other manner they may run in one part to break out in another. Whereas this Ointment will remove the humor from the system and leave the Patients in vigorous and healthy condition. It will require a little perseverance in bad cases to insure a lasting cure.

For Wounds either occasioned by the Bayonet, Sabre or the Bullet, Sores or Bruises. To which every Soldier and Sailor are liable, there are no medicines so safe, sure and convenient as Holloway's Pills and Ointment.—The poor wounded and almost dying sufferer might have his wounds dressed immediately, if he would only provide himself with this matchless Ointment, which when applied into the wound and smeared all around it, then cover with a piece of linen from his knapsack and compressed with a handkerchief. Taking night and morning 6 or 8 Pills, to cool the system and prevent inflammation.

Every Soldier's Knapsack and Seaman's Chest should be provided with these valuable Remedies.

Important Caution!—None are genuine unless the words "Holloway's" New York and London," are discernible as a Water-mark in every leaf of the book of directions; around each pot or box; the same may be plainly seen by holding the leaf to the light.—A handsome reward will be given to any person rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

Sold at the Manufacture of Professor Holloway, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the civilized world, at prices, at 25c. 50c. and \$1 each.

There is considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each pot. December 13, 1861.—No. 20-1y.
