SATURDAY, APRIL 5, 1862.

Messrs. MATHER & ABBOTT, No. 325 Broadway, New-York, are duly authorized to act for us in soliciting advertisements, &c.

THE ASSASSIN OF PRESIDENT LINCOLN.—Many persons affect to believe that there was no intention to assassinate President Lincoln before he assumed the duties of his office. Recent developments have not only established that fact, but point directly to the person who was to perform the bloody deed. A short time since a Baltimore gambler, named Byrne, was arrested in Richmond, for keeping a gambling house, and for his supposed disloyalty to the confederate government. To prove his loyalty, Byrne summoned Wigfall, who testified that Byrne was not only loyal to the confederate cause, but was the captain of a band who were to murder Mr. Lincoln. It was for a long time supposed that an Italian barber of Baltimore had agreed to become the Orsini for the murder of the President, but he was probably only one of the conspirators.—Wash. Republican.

CENTRAL RAILROAD LOCOMOTIVES.—The Pennsylvania railroad company now have two hundred and twenty nine locomotives, of which one hundred and fifty-one are in first class condition, and forty-three are in running order. Of the whole number, twenty-three new engines were added during the year 1861. The total passenger engine mileage during the year was 1,118,137 miles; freight, 3,148,064; and distributing engines, 146,205, making the grand total 4,412,006 miles, or 779, 594 miles more than was run in 1860. The average cost of new engines added during the year, was \$781. A saving of 75 cents per 100 miles run in fuel has effected, by adapting more of the engines to the use of coal. In 1858 the cost of fuel per run of 100 miles was \$8 19, and in 1861 only \$5 41. The company now own 3,192 eight-wheeled cars, and 578 four-wheeled cars.

A PRESS FOR "PARSON BROWNLOW."—Among the many testimonials of kind feeling towards the patriot martyr of East Tennessee, it is proposed by his New York friends to give him a "Hoe's last fast," with which to uproot the last vestige of secession at his old home.—He has been invited to make the Astor House his home as long as he remains in New York. His notes of the rise and decline of secession in Tennessee, will take the name of "Brownlow's Book."

WE LEARN from the New York Leader that Mr. CHARLES A. DANNA, the accomplished managing editor of the New York Tribune, ceased his connection with that paper on Saturday. No reasons are given for this sudden and unexpected change, in which the Tribune and its readers are deprived of the advantages of a thorough journalist.

COLONEL EBENEZER MAGOFFIN, who has just been condemned in St Louis to be shot for violating his parole and killing Unionists last fall, in Pettis county, is a brother of Governor Magoffin, of Kentucky. General Halleck has approved the sentence.

The Tax Bill, as it draws its high length along in Congress, is a stupendous affair, and when it becomes a law, it will require a large force of collectors to carry it into effect. At least twenty six thousand collectors will be necessary to gather these taxes, and of this number, three thousand will be required in the State of Pennsylvania.

When President Lincoln thought it called for by the public interests, he boldly removed from command, his party and personal friend, General Fremont. Now, he thinks proper to employ him in another service and he sends him to conduct the military affairs of the Central department. In all this, Lincoln shows his supreme devotion to what he esteems the public good, above all party or personal considerations.

At a late review of Gen McDowell's division, among the spectators present were Col. Lyons and Capt. Gordon, of the British army, stationed in Canada, accompanied by Lord Lyons, whose invited guests they were. After the various division evolutions were over, these gentlemen spoke in terms of unqualified approbation of the general appearance of the troops, not only in point of discipline, but of physique, and, in addition, remarked, that they had never seen a finer body of men in any army. They also spoke in the highest terms of Gen. McDowell.

Col. Jonah Sanford, of the N. Y. Ninety-second regiment, is more than twenty years old.

CLIPPINGS FROM OUR EXCHANGES.

Here is a crinoline story reported by an African traveler: A wealthy Arab, residing near the frontiers of Morocco, lately paid his first visit to Algiers, and was present at a ball. On his return home he said to his wives: "What strange creatures these French women are. Would you believe it they absolutely carry an open umbrella under their petticoats!" Such was the idea formed of crinoline by the son of Mohammed.

It is stated that Capt. Slaymaker, of the Iowa Second, and formerly of York county, Pa., came to his death at the battle of Fort Donelson in a singular manner. A bullet struck his pocket-knife in his left pocket, shivering it to pieces, and drove the blade into his body, so that it and not the bullet severed the artery, the rupture of which caused his death. Pieces of the knife were found in his wallet.

The Memphis Appeal of the 20th says the New Orleans Vigilance Committee have passed a resolution denouncing all who trade in money, to the injury of Confederate notes, as traitors; and such a course is urged on the Mobile Committee of safety, also. The effect in New Orleans was to check the demand for coin, and the last sale was 20 per cent less than a week previous.

It is understood that the Senate bill for the abolition of slavery in the District of Columbia has been informally considered by the House Committee on the District, and will be speedily reported by them when it reaches the House. Unless the bill speedily become a law it is feared that there will be no slaves free in the District, as they are being carried into Maryland very rapidly.

The New York Metropolitan Record states that letters have been received from Archbishop Hughes to the effect that his health has been much improved, and that he will remain in Rome till after the Easter day, the period appointed by the Pope for the coronation of the Japanese martyrs.

A quantity of snow from the roof of a rear building fell into the news room of the Chicago Times, on the 28th inst., and demolished the tables, cases, racks, &c., throwing them into the job room below. Three small presses were destroyed, and a large quantity of type thrown into pi.

Sergeant-Major Walter Flockbatt, of the Royal artillery, was proceeding down the stairs of Mr. Rook's saloon, in Montreal, on Tuesday, when one of his spurs caught in the woodwork and he was precipitated to the bottom, fracturing his skull in the fall. He died the same evening.

Parson Brownlow has accepted the liberal offer of George W. Childs, the Philadelphia publisher, of \$10,000 for the copy-right of his book, and, at the request of the Parson, a copy of the book will be given to the editor of every paper in the country, so that they can see what it costs to be loyal in the regions of Secession.

In the rebel Congress, the Senate has voted down the resolution of the House against planting more cotton this year. The majority of the rebel Senators maintained that it was the interest of the South to have cotton abundant and cheap, in order to prevent its cultivation elsewhere.

Floyd said some time ago that he would give his last drop of blood to cement the South. The La Crosse Democrat thinks he concluded to save his cement when he found that Foote had so much mortar.

In view of the certain passage by Congress of the bill to abolish slavery in the District of Columbia, owners of slaves are taking away their property from Washington as fast as possible.

The Memphis Avalanche, of the 18th, says General Lee has been appointed Commander-in-Chief of the Confederate army. The report that the appointment had been conferred on Beauregard is untrue.

A Boiler Explosion occurred at the Baltimore House of Refuge on Monday, by which two of the inmates were killed, and eight others horribly, and it is apprehended fatally wounded.

It is stated that Gen. Cameron will leave for Russia about the middle of April. Bayard Taylor, Esq., the poet and traveler, is appointed Secretary of Legation.

Gen. Curtis has set free several slaves who had been employed by the rebels in Van Dorn's army, and declared them contraband of war, and forever emancipated.

The half-brother of Gen. Zollicoffer, confined among the rebel prisoners at Terre Haute, died on Monday morning of last week.

A rebel paper says that capitalists have thrown cold water on Confederate promises to pay. Doubtless on the principle of "down with the dust."

The Marietta is thoroughly repaired and in commission, having been detained to receive ammunition, heavy guns and infernal machines.

A refugee from Charleston represents that a great panic had existed there since the capture of Newbern.

Volunteers for the Army, should not leave their homes until supplied with HOLLOWAY'S PILLS & OINTMENT. For Scourvy, Sores, Wounds, Small Pox, Fevers, and Bowel Complaints, these medicines are the best in the world. Every French Soldier uses them. Only 25 cts. per Box. 211.

ATTENTION COMPANY!—Volunteers who expect to retain their health unimpaired during the campaign, must see to it themselves, do not trust to the Army Surgeons, supply yourselves with HOLLOWAY'S PILLS & OINTMENT. Every English Soldier's Knapsack contains them, only 25 cts. per Box. or Pot. 212.

Select School. The undersigned, will open on Monday, April 21st, 1862, a Select School, for a term of three months.

The undersigned, call to occupy the High School building, and the other classes of rooms now occupied by Mr. Heistand and Miss Cadwell, in the Town Hall. Hoping, that the patrons have sufficient confidence in the undersigned, they deem it unnecessary to call upon them personally.

Tuition the usual price. T. S. GEIST, THEO. HEISTAND.

FRIENDS AND Relatives of the brave Soldiers & Sailors. HOLLOWAY'S PILLS AND OINTMENT—All who have Friends and Relatives in the Army or Navy, should take special care, that they be amply supplied with these Pills and Ointment; and where the brave Soldiers and Sailors have neglected to provide themselves with them, no better present can be sent them by their friends. They have been proved to be the Soldier's never-failing friend in the hour of need.

Coughs and Colds affecting Troops. Will be speedily relieved and effectually cured by using these admirable medicines, and by paying proper attention to the Directions which are attached to each Pot or Box.

Sick Headache and Want of Appetite, Incidental to Soldiers. Those feelings which so sadden us, usually arise from trouble or annoyances, obstructed respiration, or eating and drinking whatever is unwholesome, thereby exciting the healthful action of the bowels and stomach. These organs must be relieved, if you desire to do well.—The Pills, taking according to the printed instructions, will quickly produce a healthy action in both liver and stomach, and as a consequence a clear head and good appetite.

Weakness or Debility Induced by over Fatigue. Will soon disappear by the use of these invaluable Pills, and the Soldier will quickly acquire additional strength. Never let the bowels be either constipated or unduly acted upon. It may seem strange that Holloway's Pills should be recommended for Dysentery and Flux, many persons supposing that they would increase the relaxation. This is a great mistake, for these Pills will cleanse the liver and stomach, and thus remove all the acrid humours from the system. This medicine will give tone and vigor to the whole organic system however deranged, while health and energy are restored to the sufferer. Nothing will stop the relaxation of the bowels so sure as this famous medicine.

Volunteers Attention! Indiscretion of Youth. Sores and Ulcers, Blisthes and Swellings can with certainty be radically cured if the Pills are taken night and morning, and the Ointment be freely used as stated in the printed instructions. If treated in any other manner they lay up in one part to break out in another. Whereas this Ointment will remove the former from the system and leave the Patient in a vigorous and healthy man. It will require a little perseverance in bad cases to insure a lasting cure.

For Wounds either occasioned by the Bayonet, Sabre or the Bullet, Sores or Bruises. To which every Soldier and Sailor are liable, there are no medicines so safe, sure, convenient and efficient as HOLLOWAY'S PILLS AND OINTMENT. The poor wounded and almost dying sufferer might have his wounds dressed immediately, if he would only provide himself with this matchless Ointment, which he thrust into the wound and keep it around it, then cover with a piece of linen from his knapsack and compressed with a handkerchief. Taking night and morning 6 or 8 Pills, to cool the system and prevent inflammation.

IMPORTANT CAUTION!—None are genuine unless the words "HOLLOWAY'S PILLS AND OINTMENT," be inscribed on the wrapper, and the direction of the book of directions, around each pot or box; the same may be plainly seen by holding the leaf to the light.—A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

\*Sold at the Manufactory of Professor HOLLOWAY, 89 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the civilized world, in pots, at 25c. 62c. and \$1 each.
