We are requested to state that a Suppor will be furnished THIS [Saturday] EVENING, at the Town Hall, by the ladies connected with the M. E. Church Festival, commencing at nine o'clock.

A horrid and distressing accident occurred on Monday last, on the Susquahanna river, at a point called "Ellis" Book," about one mile this side of Mc-Call's Ferry. Robert Buffington was running a large timber raft, and, dispite | medicines. The Susquebanna is unusually high-at this writing-Friday after noon-and still rising-it is over the bank at many places along the town, and great danger is manifest from what, it is feared, will be the greatest freshet for a number of years. The shore is lined with timber and board rafts, and all the ropes that could be obtained have been brought into use. The prices paid for timber during the past week have been very encouraging, ranging from 8 to 11c for pice, and 16 to 18c. for oak, Our town is filled with merchants awaiting the abatement of the flood, when the lumber will soon change owners; at present the bayers "hold off," for a more safe condition of the river.

An attempt has been made to destroy the buildings of the Ephrata Mountain Springs. The President of the Insurance Company (to which the property was sold) was there for the purpose of renting the lands belonging to the arc to be then and there to prosecute against Springs, when he also visited the buildings and upon entering the main building, found that there must be fire some where in the house. Upon examination, he found that, in the room known as the "baker's room," a fire had been kindled, in an old box, containing shavings, blanketa, &c. Several box of maches were also found that had not yet been ignited. There being no draug bt, the fire smothered, but not until considerable damage had been done to the room. As to who may have been the prepetrator of this nothing is known, but guards have been watching the buildings ever since.

The Ladies' Fair for the benefit of the M. E. Church, which has been in tion in the Counting and Inspection of Lumprogress for the past three evenings. has been a decided success. The Town Hall has been nightly crowded and the display of saleable articles very fine .-The supper on Thursday evening was gotten up with great liberality and taste, and the crowd to get to the tables, immense. It will be continued during part of the coming week.

Godey for May is out. A beautiful steal plate illustrative of the "merry month of May" is in this number; a splended double extesion fushion plate; 74 engravings illustrative of this month and Godey's usal variety of pretty and ureful budget.
