Saturday May, 17, 1862.

GOUT thanks are due Hon. Thaddeus Stevens, Gen. John Patton and Col. James Myers for public favors.

A man, supposed to have been drowned about three weeks, was found in the Susquehanna river, at "Fiptch's Eddy," ou 4th instant, and was baried on the Island opposite. When found he had on a pair of soldier pants, blue kuit shirt and a pair of newly half-soled boots; he was without a coat-had sandy hair-of short stature and about 35 years of age. These facts we gather from Pilot John Coyle, who saw the man buried.

We notice among the late millitary appointments that our former fellowtownsman, Cyrus S. Haldeman, Esq., to be assistant Adjutant General with the rank of Captian. He is assigned to duty on the staff of Gen. Van Allan. Capt. Haldeman has been for nearly a year a clerk in the Assistant Adjutant General's office in the War Department Washington, and has had ample opportunity of becoming acquainted with his duties ; so he will take the field qualified for his position. We congratulate the Capt'n on his appointment .-- Columbia Spy.

We are sorry to learn that the interest in the meetings of the "Patriotic Circle" is flagging and that the last meeting was a complete failure. The treasury still has funds and a meeting will be held at Mrs. F. L. Baker's on Tuesday evening next for the purpose of determining what disposition to make of the balance.

An error occurred in the marriage aotice of Mr. Collins to Miss Haines, in our last; it read as having taken place on the 4th of March instead of the 4th of MAY. The parties have no desire to untedate a single day: the error was purely one of the printer's.

THIS Machine is constructed on an entirely new principal of mechanism, possessing iny rare and valuable improvements, having een examined by the most profound ex and pronounced to be Simplicity and Perfection Combined.

The following are the principal objections inged against Sewing Machines :--1.-Excessive fatigue to the operator.

2:-Liability to get out of order. 3.-Expense, trouble and loss of time in reparing. 4.—Incapacity to sew every discription of

The Empire Sewing Machine is exempt from all these objections.

It has a straight needle perpendicular ac-tion, makes the LOCK OF SHUTTLE STITCH, which will neither rip nor ravel, and is alike on both sides; performs perfect sewing on every description of material, from Leather to the finest Nansook Muslin, with cotton, linen silk thread, from the coarsest to the finest number.

Having neither CAM nor COG WHEEL, and the least possible friction, it runs as smooth

as glass, and is EMPHATICALLY A noisless MACHINE It requires fifty per cent. less power to drive it than any other Machine in the market. A girl of twelve years of age can work it steadily, without fatigue or injury to health. Its strength and *wonderful simplicity* of con-struction, render it almost impossible to get out of order, and is guaranteed by the company to give entire satisfaction.
