MARIETTA CAR TIME .- The several passenger trains leave "Upper-station" as follows: the morning train east at 7:15. The mail train. west at 11:23. The afternoon train east at 5:16. The evening train west at 6:55.

Saturday, July 12, 1862.

E Through the exertions of Mr. Johnstin, of the "Lower Station" Hotel, the mail train west-which passes through this borough at 11.23 a.m.will stop at that station to take on and let off passengers, from and after Monday next, the 14th instant. This is certainly a great convenience to our lower end folks and is another evidence of the willingness of the great Pennsylvania Railroad Company to gratify the wishes of the traveling public. All that is necessary to obtain any reasonable demand from this company is to get up a petition respectfully signed, in order to show the officers that it is the wish of the patrons of the road, and success is sure to follow.

We are glad to learn that Dr. Grove, who returned from Pittsburg Landing, two weeks since, quite ill, 1s -slowly recovering. The Doctor left bere in October last the very personifi-· cation of health, weighing at least two hundred pounds and now looks-although recovering-greatly emaciated and does not weigh, we think, over 100. We have not seen a greater evidence of "worse for the wear," since the war has broken out.

We have received a letter from Mr. Fulks, dated Bucyrus, O., July 1st, "which place is two hundred miles from Pitteburg and 267 from Chicago ; it is the county town of Crawford county and has a population of 3000; it has a Presbyterian, Methodist, Episcopal, Lutherian and two Baptist churches-also an Abolition church, and foundries, flour mills, steam saw mills and is in fact quite a business place; is beautifully lit up with gas and has a splendid court house : the population is principally from New Esgiand. The crops-fruit and grain with the exception of corn-have looked all along the route I have traveled to be very promising. This is a great graizng section, hundrade and thousands of cattile, sheep and hogs can here be seen dierded together. Excellent land can be bought here at from \$20 to \$45 per acre, which is very low considering the prices paid in Lancaster county. Wheat is worth from 85 to 95c; corn 50; oats 2; rye 50 ; cattle from 2 to 3c. green weight, hogs 2; sheep from \$1 to 24 a dead; hay \$5 a ton; eggs 50; butter 8; wood, delivered, \$1,50, and everything in proportion. I will leave this place to-morrow and spend my fourth in Chicago: after spending a few days there I will either go to St. Louis or to St. Paul. 1 saw a very distressing accident a few days since; as an old lady was chasing trade of our community, and which we her pigs from before an approaching hope to see avoided in the future. ruilroad train, was caught herself and instantly killed. / Just as we were going to press we re-

The neces. after, that he started with us a-foot; he sity of this order, though not quite appa- | suffered very much, too, from his lame | rent to our readers, will be more obvious when we mention that the "shackasses" are mules carrying mountain howitzers, which are fired from the Backs of that much abused but valuable animal, and picket duty and very shortly after they the immediate occasion for the "shackasses" was that two regiments of Rebel infantry were at that moment discovered descending a hill immediately behind our

batteries. The "shackasses," with the howitzers loaded with grape and canister, were soon on the ground. The mules squared themselves, as they well knew how, for the shock. A terrific volley was poured into the advancing column, which immediately broke and retreated. Two hundred and seventy- covered with dead bodies. set down as a maxim which cannot be disputed, very truthfully says, the "Lo-CAL" of the Harrisburg Telegraph, that it is the duty of every citizen, to encourage the mechanics and business men of his own community. By so doing he builds up trade at home, and belps to make himself and his neighbors prosperous. The man, who, in order to save a few pennies, goes abroad to get his work done, or purchase his necessaries, may not be aware of it, but he is really doing that much to retard the progress of the place in which he resides. We urge upon all our readers the importance of patronizing their own mechanics and ousiness men. If you have printing to be done; clothing to purchase; furniture to be made; provisions to buywhatever you need,-get it at homebetter pay a little more for it, if peed be. -the extra expense will eventually come back into your own pockets. We are led to those remarks, by noticing a too prominent disposition amongst some of our citizens to obtain their articles in the large cities-a habit which if generally practiced, would completely ruin the

On the 10th of Kerstater Frederick of June about 500 men were placed on Kirkum Samuel Kinken Chrstian Kauffman MisCarolineWye & Hungtingdon were attacked by 1500 rebels, who tho't to capture our men, but they were somewhat mistaken, for the 45th made a good blow at them and mowed them down R. WM. B. HURD'S like grass; after an engagement of about two hours, they retreated leaving dead and wonnded behind; our loss was two killed and four wounded-theirs, 150 killed and 350 wounded : we buried nineteen of theirs in one grave; the woods where the battle occurred was the wounded was a Georgia captain, who said all he asked for was to have good

care taken of him, which our Doctor said he should have; he was brought to our hospital, but died the same night, having had nine balls in him. This same captain tried to deceive us; when we were coming together he cried out lustily "don't shoet at us, we belong to your army," but one of our Lieutenants knew better and told our boys to "fire away-they are traitors," so the liar met the just punishment of a traitor. The corporal gives an account of a fight which occurred on the 16th of June in which the federals were repulsed with a loss of 300 killed and 400 wounded and missing, although he says their loss was much heavier. At this battle the Corporal says as Adjutant Calvin S. Budding, (who is from Wrightsville) was dismounting for some purpose, his horse was struck with a shell and instantly killed, the same ball killing an engineer and taking off the leg of another poor. fellow. He says the most painful sight he ever saw was the evening after the battle on going over the ground, where some lay with heads, others legs and arms off-some yet alive going on piteously and calling for water. All the uninjured ones went to work to help and do for the wounded. The Marietta boys escaped unhurt. The Corporal says Welsh is Acting Brigadier General. Capt. Haines, acting Colonel and Lieut. Kline fiiled Capt. Haines' place in Co. B., and that the Marjetta boys are well and in fine spirits.

TOLLOWAY'S PILLS AND OINT MENT.-All who have Friends and Relatives in the Army or Navy, should take pecial care, that they be amply supplied with these Pills and Ointment; and where the brave Soldiers and Sailors have neglected to provide themselves with them, no better pres-ent can be sent them by their friends. Coughs and Colds affecting Troops. Will be speedily relieved and effectually cured by using these admirable medicines, and by paying proper attention to the Directions which are attached to each Pot or Box.

Sick Headache and Want of Appetite Incidental to Soldiers.

Those feelings which so sadden us, usually arise from trouble or sonoyances, obstructed prespiration, or eating and drinking whatever is unwholesome, thus disturbing the healthful action of the liver and stomach. These organs must be relieved, if you desire to do well.-The Pills, taking according to the printed instructions, will quickly produce a healthy action in both liver and stomach, and as a natural consequence a clear head and good appetite.

Weakness or Debility Induced by over Fatigue.

Will soon disappear by the use of these in-valuable Pills, and the Soldier will quickly acquire additional strength. Never let the bowels be either confined or unduly acted upon. It may seem strange that Holloway's Pills should be fecommended for Dysentery Pills should be recommended for Dyserver, and Flux, many persons supposing that they would increase the relaxation. This is a great mistake, for these Pills will correct the liver and stomach and thus remove all the acrid humours from the system. This medicine will give tone and vigor to the whole system however deranged, while health and strength follow as a matter o course. Nothing will stop the relaxation of the Bowels so sure as this famous medicine. Volunteers Attention ! Indiscretion of

Youth. Sores and Ulcers, Blotches and Swellings can with certainty be radically cured if the Pills are taken night and morning, and the Ountment be freely used as stated in the printed instructions. If treated in any other manner they dry up in one part to break out in another. Whereas this Ointment will remove the formor from the system and leave the Patients in vigorous and healthy man. It will require as little perseverance in bad cases to insure a
