PROFESSOR DEGRATH'S ELECTRIC OIL. Wonderful Cures on Man and Beast. A VALUABLE MEDICINE! I PROPOSE to cure, almost instantaneously, individuals afflicted with Deafness, Headache, Neuralgia, Chill Fever, Ague, Rheumatism, and all Sore and Pains. I propose to check and effectually dissipate more ache and pain, and to accomplish nearer to more perfect equilibrium of all the circulating fluids in the human system, than can be effected by any other or all other methods of medical aid in the same space of time, the masses themselves being judges. I do not propose to cure every disease, but all such as are curable by any combination of medical appliances. My Electric Oil operates on chemical and electric principles, and is, therefore, applicable to the cure of natural restoration of any organic derangement, arising from an improper circulation of Nervous vital fluid. I want the masses to join in this matter—the well as the sick, because if these things are not, all are alike interested. N. B. Please inform me of any case of failure to cure, in from half hour to three weeks, as I wish to cure or change nothing. The Columbus Sun remarks: On Saturday, an old gentleman named Wm. C. Osborne, well known in our city, who, from rheumatic affections, had not been able to walk or use his hands sufficient to feed himself, for more than ten years, was brought to Prof. De Grath on the street, when in the presence of a large assembly of friends, he applied De Grath's Electric Oil to his neck and shoulder. He was immediately enabled to raise his hand to his head and scratch it, a thing he said he had not done before in twelve years. The New Hampshire Patriot says: During the present week, no less than six of our friends, who have been induced to try Prof. De Grath's Electric Oil for Rheumatism and Deafness, in consequence of having seen this wonderful advertisement, have been cured. He called upon us to state the result of experiments. These persons assure us that their Rheumatic pains have been entirely cured by a few applications of De Grath's Electric Oil, and they recommend its use to all who are afflicted with any of the diseases which it is designed to cure. It cures Rheumatism, Deafness, Neuralgia, Swollen and Stiff Joints, and other complaints to which we are all subject, have lost their throats. Prof. De Grath's Electric Oil is warranted to relieve any case in a short space of time, and with a trifling expense. It always cures Scratches, Sprains, Galls and Spints on horses. PROF. CHARLES DE GRATH, Philadelphia, Pa. None genuine without signature of Prof. C. De Grath. Labels signed in writing. Principal Depot, No. 217 South Eighth St. Philadelphia. Country dealers and druggists can be supplied wholesale and retail. Price 25 cents, 50 cents, and \$1 per bottle. Try everything else; give this one simple trial. CAUTION—Be careful to ask for and get De Grath's Electric Oil, as worthless imitations abound. There are numerous imitations sprung up on the reputation my article has acquired. The public must beware. They are worthless. For sale by all dealers and druggists. Principal office 217 South 8th Street, Phila.

GREAT IMPROVEMENT IN SEWING MACHINES. Empire Shuttle Machine. Patented February 14th, 1860. Salesroom, 510 Broadway, New York. THIS Machine is constructed on an entirely new principle of mechanism, possessing many rare and valuable improvements, having been examined by the most profound experts, and pronounced to be Simplicity and Perfection Combined. The following are the principal objections urged against Sewing Machines:— 1.—Excessive fatigue to the operator. 2.—Inability to get up stitches. 3.—Expense, trouble and loss of time in repairing. 4.—Incapacity to sew every description of material. 5.—A disagreeable noise while in operation. The Empire Sewing Machine is exempt from all these objections. It has a straight needle perpendicular action, makes the lock or SHUTTLE STITCH, which will neither rip nor ravel, and is alike on both sides; performs perfect sewing on every description of material, from Leather to the finest Muslin, with cotton, linen, silk thread, from the coarsest to the finest number. Having neither CAM nor COG WHEEL, and the least possible friction, it runs as smooth as glass, and is EMPHATICALLY A noiseless MACHINE! It requires fifty per cent. less power to drive it than any other Machine in the market. A girl of twelve years of age can work it quickly, without fatigue or injury to health. Its strength and wonderful simplicity of construction, render it almost impossible to get out of order, and is guaranteed by the company to give entire satisfaction. It is especially adapted to all those who may desire to supply themselves with a superior article, to call and examine this unrivalled Machine. But in a more special manner do we solicit patronage from our countrymen, who are Merchant Tailors, Dress Makers, Coat Makers, Vest Makers, Gaiter Fitters, Shirt and Bosom Makers, Shoe Binders, Hoop Skirt Manufacturers, Religious and Charitable Institutions will be liberally dealt with. It can be applied to any and all kinds of roofs, whether of flat, and to Shingle Roofs without removing the Shingles. The Cost is only about One-Third that of Tin, and it is TWICE as durable. This article has been thoroughly tested in New York City and all parts of the United States, Canada, West Indies, and Central and South America, on buildings of all kinds, such as Factories, Foundries, Churches, Rail Road Depots, Cars, and on Public Buildings generally, Government Buildings, &c., by the principal Builders, Architects and others, and has been found to be the CHEAPEST and MOST DURABLE ROOFING in use; it is in every respect a Fire, Water, Weather and Time Proof covering for roofs of all kinds. It is the only material manufactured in the United States which combines the very desirable properties of Elasticity and Durability, which are universally acknowledged to be possessed by GUTTA PERCHA and INDIA RUBBER. No heat is required in making application. The expense of applying it is trifling, as an ordinary Roof, can be covered and finished the same day. It can be applied by any one, and when finished forms a perfectly FIRE PROOF surface, with an elastic body which cannot be injured by Heat, Cold or Storms. Shrinking of Roof Boards, nor any external action whatever. LIQUID GUTTA PERCHA CEMENT. For Coating Metals of all kinds when exposed to the Action of the Weather, and for Preserving and Repairing Metal Roofs of all kinds. It is not injured by the contraction and expansion of iron and other metals, consequently upon sudden change of the weather. It will not CRACK in cold or RUN in warm weather, and is NOT WASH OFF. Leaky tin and other metal roofs can be readily repaired with Gutta Percha Cement, and prevented from further corrosion and leaking, thereby ensuring a perfectly water tight roof for many years. This Cement is peculiarly adapted for the preservation of Iron Railings, Stoves, Ranges, Safes, Agricultural Implements, &c., also for general manufacturing use. Gutta Percha Cement.
