SATURDAY, SEPTEMBER 27, 1862.

RETURN OF THE THOMAS RIFLES.—This fine company returned home on Thursday evening. They were met at the Railroad depot by the "Marietta Fencibles," Captain Mehaffey, and escorted through the principal streets. They looked careworn and fatigued, although but nine days from home, during which time, however, they endured many hardships and exposures. A very interesting letter from a member of the company, which, by the way, we did not receive until two hours after the arrival of the company home, will be found in our columns. The Captain of the Rifles, William H. Eagle, was elected Lieutenant Colonel of the Regiment, (16th P. M.) their colonel being a Mr. Wilcox of Delaware county. The men speak in the highest terms of praise of Capt. Eagle for his uniform and kind behavior toward them. Although the "THOMAS RIFLES" did not get into a battle they are none the less deserving of our admiration, for they were ready and willing for it; besides, we can really feel proud of them for their manly bearing and for the exalted positions they occupied in the regiment. The encomiums from their superior officers, when deployed as skirmishers through the woods, when the eyes of 5000 soldiers were upon them, to see how they obeyed the orders, show conclusively the material. Yes, a cooler, braver, more determined set of men never ranked themselves beneath any banner.

Just as we were going to press we received two letters from the Forty-fifth Regiment, Col. Welsh's; one from Lieut. now Capt. JOHN F. TROUT, and one from Corporal LEWIS MARTIN. Corporal says second Lieutenant JOHN M. KLINE is now a first lieutenant and that Col. Welsh has four regiments under his command and is acting Brigadier General. From these letters we learn that Geo. Fisher was wounded, not dangerously; William Sharp, dangerously and is now in the Frederick city hospital and not likely to recover; David Mat-tis slightly in the shoulder.

Now is the time for each man to make himself equal to a host by supplying with the Henry rifle. No man knows the day or the hour he may need it. Let the occasion find us unprepared. We saw one of these celebrated rifles at the Patterson hardware store, a few days since, and they certainly are the most formidable weapon we ever saw. It is worth the time to look at.

The "Ladies of the Patriotic Circle" are pleased to inform their friends, that through the successful exertions of Mr. G. W. Stahl, Mrs. Rowe, Mrs. Appold and Mrs. Zell, they have been enabled to furnish Haversacks and Shirts to Captain W. H. Eagle's company without using any of the funds, in the treasury of the Circle.

The Marietta Fencibles, Captain Mehaffey, had a pic nic and target practice on Tuesday last, at Noel's on the York county shore. We learn some fine shots were made and everything passed off finely. This company has an armory and has daily drills.

The largest peach we have ever seen was shown us by Mr. Patterson, a few days since. It measured 11 inches in circumference and weighed 1 1/2 ounces. It grew in the garden of Franklin Hipple of this borough.

Our pedestrians will find excellent sidewalks from the post office corner to Centre Square—south side—with one trifling exception—a small space between Israel Goodman's and Dr. West's—which we hope will soon be relaid.

The Patriotic Circle would inform all who wish to attend and assist in the good work they are engaged in, that their rooms will be opened every Tuesday afternoon and evening, to which all are invited.

Train after train has been passing through our place ever since Wednesday last, conveying the returned militia to their homes. They all look as if they as though they had been in a campaign of five years.

Mr. John W. Fulks, of the Quartermaster's department of the 135th Regiment, now stationed at Georgetown, D. C., is home on a flying visit. He reports the boys in fine health and spirits.

The Lancaster Examiner says Capt. Bolonius is in that city—his right arm having been amputated. He is rapidly recovering and expects soon to return again to the field.

Until further notice, the Patriotic Circle will occupy the rooms formerly occupied by Miss Trainer as a millinery, adjoining Spangler & Patterson's store.

Capt. Bolonius is recovering from the effects of his wound, and will probably be able to return home in a few days.

FROM THE MARIETTA MILITIA.

16th PENNSYLVANIA MILITIA.

Correspondence of The Mariettian.

Sir: We, the "S. B. Thomas Rifles," left Marietta on Wednesday the 17th instant, and quartered in the Harrisburg depot until 11 o'clock that night, when we started for Hagerstown, Md., where we arrived on Friday morning at two o'clock, having been 26 hours in the cars—then ordered to the woods and remained there twelve hours, after which we encamped on the Williamsport pike, 3 miles south of Hagerstown, and within sight of the rebel camp ground, where we were met by an aid of Gen. Reynolds who ordered us off "on double-quick," stating that the enemy were within two miles and that we would be in battle in ten minutes; our Colonel ordered a halt after having proceeded half-a-mile, and throwing our coats, knapsacks, &c., into a fence corner, and arrayed ourselves in line-of-battle; we were ordered to the extreme right, which in military matters is considered the post of honor. A very dense forest was immediately in our front filled with the carcasses of horses and cattle, left there by the rebels, and every man in the regiment under the impression that the rebel pickets were in the woods. At this time orders came from the commanding officer that the rifle co. on the extreme right should be deployed as skirmishers. The order—"attention company"—was given by Captain Eagle and every man was in his place. "Double-quick time—forward—march"—and down the hill they rushed—not a man faltering, when the bottom of the hill was reached, Capt. Eagle divided his company into three divisions, and with cheers the men rushed over the fence and through the woods. After meeting on the opposite side of the woods, we were ordered to advance to the front, and for eighteen hours without anything to eat; no blankets—nor coats, and lying on the bare ground, on our arms, during the entire night, with the enemy pickets in the adjoining field. In the morning we fell back to the line-of-battle, which is two miles in length, at the edge of the woods, momentarily expecting the enemy. Here we remained until noon on Sunday, when an order came from General Reynolds to report in the field at 1 o'clock. We prepared again for battle—expecting nothing else. Capt. Eagle now announced to the company that any man who had the privilege of leaving the ranks who lacked courage to go into battle—not a man quaked, but every one shouldered his rifle, and with 40 rounds in his cartridge box, started off singing "as we go marching along." We reported to General Reynolds, who said the 16th was the best looking regiment of militia he had ever seen, and ordered us to march to Greencastle, 16 miles, which we did that night. Thus, though "cocked and primed" for it, we did not get a fight. We were placed in advance positions, which is not generally the case with green men.

We are now in camp near Greencastle, and hourly expect to be sent home. The officers of Co. A, now, are: Harrison Roth, Captain, William Kendig, 1st lieutenant, David Coble, 2d lieutenant. Capt. Eagle having been elected Lieutenant Colonel of the Regiment, these promotions followed as a matter of course. We expect to be home on Friday. Yours, &c. ONE OF 'EM.

ANOTHER VICTIM.—Lieut. D. L. Sanders, Adjutant of the seventh Regiment Penn. Reserves, was killed in the bloody battle of Wednesday last. Lieut. S was well known in this vicinity as a school-teacher, which occupation he was pursuing when Union Guards left Lancaster in May of last year. He joined that company as a private, and was promoted to the position he held at the time of his death for gallant conduct during the battles before Richmond, in which the Reserves bore so honorably a part. He was highly respected by all who knew him, and leaves a wife and two or three children to mourn his loss. Lancaster Union.

The Lancaster Union must father the following: "A lady in Rapho township, this county, on Sunday last, presented her "liege lord" with four children—all females, and of average size. Three of them were "alive and kicking" on Monday. The fourth did not breathe after birth. The only regret the mother expressed was that she had but the means of giving sustenance to two, she did not know what she would do with the third! "A fool for luck, and a poor man for children."

The thanks of the Ladies of the "Patriotic Circle" are cordially extended to Mr. F. L. Baker for his kindness in publishing articles from the Circle in "The Mariettian." Also to Mr. John Spangler for his services in marking boxes for them; and to the merchants of our borough for furnishing boxes to convey the contributions to the sick and wounded soldiers.

E. RUDISILL, Sec'y.

The crowd every evening at the post office has become almost an intolerable nuisance. Half-grown girls and boys barricade the passage to the place of delivery and almost prevent persons from getting their mails, who have matter to get, whilst more than half standing around the door and window have no business whatever there.

FRIENDS AND RELATIVES OF THE BRAVE SOLDIERS & SAILORS.

HOLLOWAY'S PILLS AND OINTMENT.—All who have Friends and Relatives in the Army or Navy, should take special care, that they be amply supplied with these Pills and Ointment; and where the brave Soldiers and Sailors have neglected to provide themselves with them, no better present can be sent them by their friends. They have been proved to be the Soldier's never-failing friend in the hour of need.

Coughs and Colds affecting Troops.

Will be speedily relieved and effectually cured by using these admirable medicines, and by paying proper attention to the Directions which are attached to each Pot or Box.

Sick Headache and Want of Appetite Incidental to Soldiers.

These feelings which so sadden us, usually arise from trouble or annoyances, obstructed respiration, or eating and drinking whatever is unwholesome, thus disturbing the healthy action of the liver and stomach. These organs must be relieved, if you desire to do well.—The Pills, taken according to the printed instructions, will quickly produce a healthy action in both liver and stomach, and as a natural consequence a clear head and good appetite.

Weakness or Debility Induced by over Fatigue.

Will soon disappear by the use of these invaluable Pills, and the Soldier will quickly acquire additional strength. Never let the bowels be either confined or unduly acted upon. It is not seem strange that Holloway's Pills should be recommended for Dysentery and Flux, many persons supposing that they would increase the relaxation. This is a great mistake, for these Pills will correct the liver and stomach, thus removing all the acid humours from the system. The medicine will give tone and vigor to the whole organic system however deranged, while health and strength follow as a matter of course. Nothing will stop the relaxation of the bowels so soon as this precious medicine.

Volunteers Attention! Indiscretion of Youth.

Sores and Ulcers, Blotches and Swellings can be certainly be radically cured if the Pills are taken night and morning, and the Ointment be freely used as stated in the printed instructions. If treated in any other manner they dry up in one part, break out in another, and this Ointment will remove the former from the system and leave the Patients in vigorous and healthy man. It will require as little perseverance in bad cases to insure a lasting cure.

For Wounds either occasioned by the Bayonet, Sabre or the Bullet, Sores or Bruises.

To which every Soldier and Sailor are liable, there are no medicines so safe, sure and convenient as Holloway's Pills and Ointment.—The poor wounded and almost dying sufferer may be restored to health, and the Soldier if he would only provide himself with this matchless Ointment, which should be thrust into the wound and smeared all around it, then cover with a piece of linen from his knapsack compressed with handkerchiefs. The Ointment night and morning 6 or 8 Pills, to stop the system and prevent inflammation.

Every Soldier's Knapsack and Seaman's Chest should be provided with these valuable Remedies.

IMPORTANT CAUTION.—None are genuine unless the words "HOLLOWAY, NEW YORK and LONDON," are discernible as a Water-mark in every leaf of the book of directions, around each pot or box; the same may be plainly seen by holding the leaf to the light.—A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines; the same, knowing them to be spurious.

\*Sold at the Manufactory of Professor HOLLOWAY, 80 Maiden Lane, New York, and in every Dispensary and Dealers in Medicine throughout the civilized world, in pots at 25c. 62c. and \$1 each. There is considerable saving by taking the larger sizes. Directions for the guidance of patients in every disorder are affixed to each pot. December 14, 1861.—No. 20-17.
