T PROPOSE to cure; atmost instantaneously; individuals afflicted with Deafness, Head-ache, Neuralgia, Chill Fever, Ague, Rheuma-tism, and all Sores and Pains. I propose to check and effectually dissipate more ache and pain, and to accomplish nearer and more perfect equilibrium of all the circula-ting fluids in the human system, than can be effected by any other or all other methods of medical aid in the same space of time, the masses themselves being judges. I do not propose to cure every disease, but all such as are curable by any combination of medical appliances. My Electric Oil operates on chemical and electric principles, and is, therefore, applicable to the cure or natural restoration of any organic derangement, aris-ing from an improper circulation of Nervous vital fluid.

I want the masses to join in this matter-the well as the sich, because if these things are so, all are alike interested.
