Empire Shuttle Machine. Patented February 14th, 1860. Salesroom, 510 Broadway, New York.

THIS Machine is constructed on an entirely new principle of mechanism, possessing many rare and valuable improvements, having been examined by the most profound experts, and pronounced to be Simplicity and Perfection Combined.

The following are the principal objections urged against Sewing Machines: 1-Excessive fatigue to the operator. 2-Liability to get out of order. 3-Expense, trouble and loss of time in repairing. 4-Incapacity to sew every description of material.

The Empire Sewing Machine is exempt from all these objections.

It has a straight needle perpendicular action, makes the lock or shuttle stitch, which will neither rip nor unravel, and is alike on both sides; performs perfect sewing on every description of material, from leather to the finest Nansook Muslin, with cotton, linen silk thread, from the coarsest to the finest number.

Having neither CAM nor COG WHEEL, and the least possible friction, it runs as smooth as glass, and is EMPHATICALLY A NOISELESS MACHINE! It requires fifty per cent. less power to drive it than any other Machine on the market. A girl of twelve years of age can work it steadily, without fatigue or injury to health.

Its strength and wonderful simplicity of construction, render it almost impossible to get out of order, and is guaranteed by the company to give entire satisfaction.

We respectfully invite all those who may desire to supply themselves with a superior article, to call and examine this unrivaled Machine.

PROFESSOR DEGRATH'S ELECTRIC OIL. Wonderful Cures on Man and Beast. A VALUABLE MEDICINE!

I PROPOSE to cure, almost instantaneously, individuals afflicted with Deafness, Headache, Neuralgia, Chill Fever, Ague, Rheumatism, and all Sores and Pains.

I propose to check and effectually dissipate morbid acids and pain, and to account for the more perfect equilibrium of all the circulating fluids in the human system, than can be effected by any other or all other methods of medical aid in the same space of time, the masses themselves being judges.

I do not propose to cure every disease, but all such as are curable by any combination of medical appliances. My Electric Oil operates on chemical and electric principles, and is, therefore, applicable to the cure and restoration of any organic derangement, arising from an improper circulation of Nervous vital fluid.

I want the masses to join in this matter - the well as the sick, because if these things are so, all are alike interested.

N. B. Please inform me of any case of failure to cure, in from half hour to three weeks, as I wish to cure or charge nothing.

The Columbus Star remarks: On Saturday, an old gentleman named Wm. C. Osborne, well known in our city, who, from rheumatic affections, has not been able to walk or use his hands sufficient to feed himself, for more than ten years, was brought to Prof. De Grath on the street, where in the presence of a large assemblage of people, he applied De Grath's Electric Oil to one arm and shoulder. He was immediately enabled to raise his hand to his head and scratch it, a thing he said he had not done before in twelve years.

The New Hampshire Patriot says: During the present week, no less than six of our friends, who have been induced to try Prof. De Grath's Electric Oil for Rheumatism and Deafness, in consequence of having seen this preparation advertised in our columns, have called upon us to state the result of experiments. These persons assure us that their Rheumatic pains have been entirely cured by a few applications of De Grath's Electric Oil, and they recommend its use to all who are afflicted with any of the diseases which it is designed to cure.

It cures Rheumatism, Deafness, Neuralgia, Swollen and Stiff Joints, and other Complaints to which we are all subject, have lost their terms. Prof. De Grath's Electric Oil is warranted to relieve any case in a short space of time, and with a trifling expense. It always cures Scratches, Sprains, Galls and Splints on horses.
