LIEUT. COL. SHIPLEY.—We have just learned from a reliable source that Captain Shipley of the Regular Army, has been appointed by Maj. Gen. N. P. Banks, Lieutenant Colonel and Quartermaster of the Department of the Gulf. This places Col. Shipley in entire control of all water and land transportation pertaining to General Banks' division. The importance of this position can only be appreciated by those knowing the responsibilities attending it. The rapid strides made by this gentlemanly officer, from the ranks as a private, show conclusively the merits of the man. Would that all our Army promotions were based upon like causes.

WHILE in this connection we may be permitted to say that we have learned, with much regret, what appears to us like a premium to disloyalty, that Col. Shipley is about, or has already, appointed Samuel H. Brown, formerly a Mariettian, to a clerkship under him. This we regret, for this Brown is, beyond peradventure, a secessionist. We have in our possession two letters which will show this conclusively. If loyal men cannot be found in New Orleans to fill those places, send north rather than confide government secrets to the doubtful breasts of Northern doughfaces south.

CAPTAIN MILLER: Having heard various rumors with regard to this gentleman's conduct toward Henry W. Free, and now, in order to give the Captain's defence we publish the following card from him. Capt. Miller has always been considered "a very clever fellow" and we were slow to give credence to these reports.

GEORGETOWN, D. C., Feb. 3, 1863. Mr. Editor:—On looking over the last "Mariettian" I find the friends of Henry W. Free do me injustice by censuring me for his illness. I wish to defend myself by saying that the said Henry W. Free contracted his disease by taking a very bad cold at Harrisburg by imprudence. He was off and on duty until the 20th day of September after which he did no duty, and whilst sick I spoke to him in regard to getting his discharge and he refused taking it, but finding him getting worse I persuaded him to take it on the 22d day of November, which his papers will show, further it was not in my power to give him a discharge until I got orders from higher authority; as for his treatment while sick, I could not have done more for him than I did. I hear many reports and am blamed for charging him for getting his discharge. He received eight months clothing and had served but three, consequently the overplus of clothing was taken from his pay by the General paymaster.

Yours, SAMUEL G. MILLER.

On Tuesday last, near Lemon Place, Mr. Barton McQuigan, fireman on a freight train, met with an accident which resulted in his instant death. While in the act of getting a shovel of coal, the tank became detached from the engine, and falling across the track, the whole train passed over his body, severing it in two. His remains were conveyed to his residence at Paoli.

We regret to learn of the death Maj. Shafer's lady, which took place in Philadelphia on Monday last. Mrs. S. was of quite a literary turn of mind, having at one time furnished articles for "The Mariettian" of more than ordinary promise. Her remains were brought to Maytown and buried in the family burying ground.

Gen. Rousseau, en route from the West was taken suddenly ill at Lancaster and was compelled to remain at the Cadwell House in that city, a patient in the hands of Dr. Muhlenberg. He was on his way to New York, for medical treatment for disease of the throat. In the evening he was serenaded by the Fencible's Band, to which he replied in a neat speech.

Isaac B. Millington, of Lancaster county, alleged to have been acting as a rebel spy, was recently arrested and sent to Fort Delaware.

Mayor Opydke of New York, had the honor of a visit from Lavinia Warren and Tom Thumb. The little folks were kindly received by His Honor, and by a crowd of other official dignitaries.

George Hildebrand, a soldier from Lancaster, Pa., was shot through the heart, in a quarrel on Green street, Louisville, a few nights since. John Huff, his assassin, was arrested and committed to a hearing.

The Circle will meet on Friday evening next at Mrs. B. F. Hiestand's.

The 122d, Col. Emlen Franklin's Regiment has been paid off.

THAT BOYER.—Is T. Jefferson Boyer the same person who formerly kept bar at Hollidaysburg and more recently in Carlisle.—Pittsburgh Gazette.

Don't know. Ask his keepers in this city. Perhaps the tory organ can answer. How is it, copperheads, did T. Jefferson sell tangle foot in either of the localities indicated by the Gazette?—Harrisburg Telegraph.

We can answer the above question with an emphatic "no!" Our "Jeffy," although a barkeeper, is far too decent a man to offer himself body and breeches for a stated sum, and then whine a string of dolorous lies to the public, because he was not taken at his own price. Carlisle, we are sorry to admit, has produced some very bad characters, but we believe, has never been disgraced with as mean a swindler as this fellow. Will the above papers please correct their inaccuracies, as our Mr. Boyer has a character to lose?—Carlisle Herald.

The above seems to be satisfactorily explained by our cotemporary. Let us now ask a few other questions, perhaps some one may be able to answer. Is the T. Jefferson Boyer the same individual that sold his vote and received the HARD CASH from certain Passenger Railway companies when he was in the Legislature a few years since? Is it the same Boyer that acted very conspicuously in the Fry divorce case?—Harrisburg Telegraph.

We used to have a Jefferson Boyer in our town; we know it cannot be him, for he, too, was too decent a man to act as this Jefferson K. Boyer did. This J. K., must be a "lost one out of the flock" of Boyers.

PENNSYLVANIA RAILROAD.—The revised organization for conducting the Pennsylvania Railroad went into operation on Monday last. The road will hereafter be divided into three divisions, to be known as the Philadelphia, the Middle and Pittsburg divisions; the 1st to be under the superintendency of Geo. C. Francis, the 2d under Sam'l D. Young, and the 3d under that of Andrew Carnagie. The Engineer and Maintenance of Way Departments will be under the charge of W. H. Wilson, with the title of Chief Engineer will be aided by the following resident Engineers: J. C. Sharpless, M. Wilson and J. S. Love. J. H. Linville is Engineer of Bridges, &c. John P. Laird has charge of the motive department.

Judge Ludlow received a fitting rebuke from the Grand Jury of Philadelphia. It will be remembered that this butternut Judge attempted to use the Grand Jury in aiding him in his own treasonable sympathies, by ordering that the said Grand Jury should take some immediate action in reference to the arrest of the notorious copperhead, Boileau, of the Evening Journal. The Grand Jury did not, but as the butternut Judge anticipated. The Jury stated the facts of the case, quoted the treasonable articles from the Journal, expressed their high regard for the National and State Governments, and then left the inference, broad and plain, that the entire jury approved of the arrest of the traitor Boileau. So much for butternut Ludlow's attempt to arrest the course of justice in the case of one of his affinities in treason.

A woman named Catherine Klein (German) residing at 23 Christie street, New York, committed suicide a few days since, by taking a dose of phosphorus. The old story! Husband went to war 18 months ago. She was indiscreet, and to hide disgrace, rushed into eternity.

The Victoria Advocate says that a pair of large camels are being put on the express from the Rio Grande to Victoria. They are to be harnessed to a two-wheeled cart. They will carry 3,000 pounds of freight, and make the trip in five to seven days.

A letter from Newbern, N. C., says that Governor Stanley's resignation was sent to Washington by the last mail.—It was based upon the President's emancipation proclamation, to which he is strenuously opposed.

The Captain James Brown, of the 30th Ohio, recently dismissed from the service for being absent without leave, was not a son of old John Brown, of Harper's Ferry memory. He was another Brown altogether.

Colonel Stewart, chief of General McClelland's staff, was killed opposite Vicksburg on the 24th ult. He was destroying the rebel ferry-boats, and was shot by the enemy.

Gen. Rousseau is a gentleman of commanding presence, standing six feet two inches in his stockings, and of corresponding muscular strength and development.

The citizens of Charleston do not appear to believe in the impregnability of their city's defenses, for they are carrying all their portable property into the country.

Rev. Dr. Chapin spent New Year's in Rome. His health is quite restored, but the date of his return home is still uncertain.

Gen. Cameron will not, it is said, return to Russia, but Cassius M. Clay instead. Vastly more creditable to our country.

MARRIED.—In the M. E. Church, on the 4th instant, by Rev. J. M. Wheeler, Mr. JOHN F. SULTZBACH, to MARY F., youngest daughter of Mr. Samuel Hipple, all of this borough.

DIED.—In Philadelphia, on the 2d instant, Mrs. SARAH A. E., wife of Major Jeremiah Shafer, of Maytown, this county, aged 31 years.

The Soldier's True Friend always Ready. HOLLOWAY'S OINTMENT.—Long marches, sore and stiff joints, blistered and inflamed feet, all these the Soldiers must endure. Remember, REMEMBER THIS, when your sons are grasping their muskets to meet danger, think what relief a single pot of this A. I. HEALING & COOLING Salve will give to the men you love when far away from home and friends. It hardens and makes tough the feet so that they can endure great fatigue. It soothes and relieves the inflamed and stiffened joints, leaving them supple, strong and vigorous, while for Sore Cuts and GUNSHOT WOUNDS it stands unequalled, removing and preventing every vestige of inflammation and gently drawing the edges together, it quickly and completely heals the most frightful wound.

WIVES AND SISTERS OF OUR VOLUNTEERS. You cannot put into the Knapsacks of your husbands and brothers, a more valuable or more necessary gift than a supply of this Extraordinary Military Salve.

The lonely sentry walking his rounds at night, exposed to drenching rains and chilled night air, is often seized with most violent PAINS, Cough and suffocating Hoarseness, first symptoms of quick consumption, but if supplied with Holloway's Pills and HOLLOWAY'S OINTMENT, all danger is averted, a few Pills taken night and morning, and the Ointment will rubbed twice a day over the throat and chest will remove the severest pains and stop the most distressing or dangerous cough. Therefore we say to the whole Army

SOLDIERS' ATTENTION! See to your own health, do not trust to the Army supplies, although most valuable—These Pills and Ointment have been thoroughly tested, they are the only remedies used in the European Camps and Barracks, for over forty years Doctor Holloway has supplied all the Armies in Europe, and during the Crimean Campaign he established a depot at Balaklava for the exclusive sale of these Great Remedies. Many a time his special agent there has sold over a ton in weight of the Ointment in a single day. These terrible and fatal enemies of SOLDIER IN CAMP,

Dierke, Dysentery, Scoury, Sores and Scarculous Eruptions, all disappear like a charm before these Pills and Ointment, and now while the cry rings throughout the land, TO ARMS!—TO ARMS!! Do not let these brave men perish by disease, put their hands these Precious Remedies, that will enable them to resist the dangerous exposures, the Fevers, the Chills, and the wounds which they cannot avoid, and what is more, cannot frequently get succor in the moment of need, whereas if our brave men have on hand to put their hands into their Knapsacks and find there a sure remedy for all the casualties of the battle field. How many thousands of lives would thus be saved who would otherwise perish before relief could be obtained.

IMPORTANT CAUTION!—None are genuine unless the words "Holloway, New York and London" are discernible as a Water-mark in every leaf of the book of directions around each pot of the Pills, the Chills, and the Ointment, when used according to directions. Also, Chills and Frost Bites, and Insect Bites and stings.
