Sergeant Sigmund E. Wisner, son of Mr. Jacob A. Wisner, of this borough, has been promoted to Sergeant Major of the regiment. Sergeant Wisner has been with the 79th ever since its organization, and has taken part in all the privations and battles in which it has been engaged. He is a young man of intelligence and probity and a good soldier, and the promotion has been made upon the ground of merit. It was therefore fitly made and well deserved.

Just as we were about going to press, we received a letter from a Mariettian in Washington, touching the reports respecting efforts being made by some persons of our place, for the removal, from provost duty, at Washington and Georgetown, of the 135th Regiment. We feel quite confident this is a great error; that no interference was made for their removal, and only gotten up for mere purpose of getting up some excitement. We will publish the letter in our next.

Two square timber rafts passed through to Port Deposit on Sunday last. They came through from Lock Haven and were purchased by Gillingham & Garrison of Kensington. The timber was new and evidently manufactured within the past six months. The pine woods section has plenty of hands, notwithstanding the thinning out by the war; it is said to be the haven of all the deserters from the Pennsylvania regiments.

A musical entertainment was given on Friday evening last, the 13th, at the school house on the Columbia and Chestnut Hill turnpike by the vocalists of Kinderhook and Mountville, under the leadership of Mr. D. F. Reese. Quite a large audience was in attendance, and the vocalists acquitted themselves very creditably. At the close of the entertainment a large dictionary, purchased by the patrons of the school, was presented to the teacher, Mr. Luther Oberlin.

Last week we copied from the Manheim Sentinel an extraordinary number of flour barrels were made in a day by one Jacob Jordan. This week the Sentinel says Peter M. Will, of the same place, made from 1/2 before 5 in the morning until 4 o'clock in the afternoon thirty barrels. Will is ahead.

The 135th Regiment of Pennsylvania Volunteers, in which the "Marietta Braves" and three other Lancaster county companies are, has lately been relieved from provost marshal duty at Georgetown and Alexandria, and ordered to Gen. Hooker.

Lodge No. 43, Ancient York Masons, Lancaster, will commemorate the 132d birth-day of George Washington, on to-morrow afternoon, the 22d instant, by attending divine service in Rev. Mr. Meredith's M. E. Church, Duke street.

Don't forget the "S. B. Thomas Rifles" ball on Monday evening next, at the White Swan Hotel. Turn out to a man and let this rifle company be uniformed and parade the streets to the pride of every Mariettian.

The stand of colors, purchased by the citizens of Lancaster for Col. Ham-bright's regiment have been taken by Lewis Italy to Murfreesboro.

FROM CAMPBELL HOSPITAL.—A few days since we received a few lines from Dr. F. Hinkle, who is attached to this hospital, at Washington, and we take the liberty of making public use of what was only intended for a few friends:

Dear friend.—I am happy to inform you that I am now blessed with continued good health, notwithstanding the pressing duties I have daily to perform. You will perceive by the printed heading of this letter, that I am at the "Campbell Hospital," where will be found a great number of Pennsylvanians, and while health permits I will humbly do all in my power to save life and limb of the noble fellows who shall fall under my care. I have two men in my ward now who have lost both of their limbs below the knee—they are both doing well and may recover, but we find many cases of this kind very deceptive, progressing very finely until the stump is healed, when the patient is suddenly seized with a violent chill and on examination find matter has formed in the bone cells and the veins taking it and conveying it into the circulation and death ensues within forty-eight hours, whilst others may linger a week. The prominent sickness here is Typhoid fever and Pneumonia or inflammation of the lungs. I cannot say that the average of deaths is much greater than in private practice—much depending upon the location and sanitary condition of the hospital. The "Campbell" is delightfully located—contains five hundred beds and capacity to extend up to two thousand. We have just had finished a "Sitting Reading Room," Library, Post-office, &c. Thus the convalescents can have a change of position—becoming very tired of one room for a great length of time. I will give you an abstract account of our "bill of fare" for the sick and wounded, which I know will gladden the hearts of mothers, fathers, sisters, brothers and friends, when I assure them that nothing is wanting to afford any kind of diet that their respective cases may demand. Thus while the Surgeon Medical Director and our worthy Surgeon in charge, Dr. J. H. Baxter, continue their valuable labors, all will be well with your patriotic sons whom you cheerfully gave up to go forth to the battle field and fight for that glorious old flag. The dining hall, where all the convalescent patients that are able to take meals, is about 150 feet long; the tables are so arranged that 400 can be seated with ease; the drum beats as a signal for each meal, when the patients of each ward, in a quiet and orderly manner, enter the hall, and are properly seated by a sufficient number of waiters. The bill of fare for the Dining Hall is as follows: Breakfast, coffee or tea as desired; bread and butter; with Monday cold sliced roast beef; Tuesday, meat hashed with vegetables; Wednesday, Indian meal or hominy, boiled; Thursday, hash again; Friday, fresh fish; Saturday, hominy. Dinner, vegetables, potatoes, beets, turnips and cabbages; dessert, rice-pudding—baked; Monday, beef soup, roast beef and vegetables; Tuesday, pork and beans—baked—vegetables and bread pudding; Wednesday, corned beef, vegetables and pickles; Thursday, roast beef or mutton, beef soup, vegetables and bread pudding; Friday, fish-hash, with vegetables, pudding; Saturday, same as Thursday. Supper, tea, bread and butter, every night; cheese three times a week, sauce three times a week. Those who eat in the wards get chicken soup, poached eggs, milk toast, chocolate, roast chicken, boiled eggs, oysters, beef steak, cornstarch, farina gruel, and in fact everything that is grateful or beneficial to their condition. The cooks are experienced; the head cook having had thirteen years experience in a hotel in this city.

I wish you could have been present at our levee, it was a grand affair—the music and attendance was fine—Congressmen and their wives were there; Gen. Doubleday, who, by the way, is a fine officer, was there, and everything passed off creditably and satisfactorily.

Editor "The Mariettian":—I see it stated in your issue of the 14th instant, that Mr. John Musser, adjoining our Borough on the west, produced \$1400 worth of tobacco off of seven acres of land, and, thereby, carried off the palm in tobacco raising, as far as heard from. Mr. F. Waller cultivated five acres of tobacco on the farm of Henry Musserman Esq., adjoining our Borough on the east, the product of which amounted to sixteen hundred and ten dollars and twenty-two cents (\$1610.22).

Mr. Musser is entitled to great credit as a practical farmer, producing fine fruits and excellent vegetables, but so far at this year's crop of tobacco is concerned he is "considerably" in the shade. If there are any better or larger crops of tobacco in the county than Mr. Waller's, I would like to know and confer a favor on an Old Smoker.

On last Saturday evening as Mr. Joseph Landis was on his way home from a sale in East Cocalico township, was accidentally thrown from his horse striking the ground violently with his head. He was immediately taken to the house of his brother in Reamstown, where he received medical attendance, but to no purpose—he expired an hour after the fall.

A FLATTERING NOTICE OF "OLD BOCK."—We clip the following first-rate notice of old Mr. Buchanan, from a recent number of the Baltimore County American, the editor of which was formerly a prominent citizen of this county:—

A recent visit to the home of this once prominent and distinguished man, convinced us that he stands but little better in the city of his nativity, than with the people of the United States generally. It is true, there are still some who look upon him as those of old looked upon kings—"that they could do no harm,"—but we hazard nothing in saying that he is not only not the most unpopular man in his county, but that he is actually despised by many who were in his palmy days his personal and political friends. His downfall has speedily taken place; many traitors, their aiders and abettors, have yet to feel the pangs of a guilty conscience and the curses of a loyal people. Honest public, loyal sentiment will eventually consign to the same political grave all who have in any way had a hand in getting up the present unholy attack upon the best government ever given to man.

Joseph Wade, a young man of about 17 years of age, belonging to this place, died of fever while attached to Col. Emilen Franklin's 122d Regiment, was brought home on Tuesday evening last and buried in the Cemetery on Thursday morning. The funeral was very large notwithstanding the inclement weather. The S. B. Thomas Rifles acted as military escort.

On Sunday last two boys, named William and John Dougherty, aged respectively eleven and thirteen years, were drowned in Hako's mill dam, on the little Conestoga, York county, Pa., while on the ice.

The "Circle" will meet on Friday evening next, at Mrs. Harrison Rowe's, Frobt street, adjoining Mr. David Harry's residence.

Quite a snow fall on Tuesday last.

Extraordinary Military Salve. The lonely soldier walking his rounds at night, exposed to drenching rains and chilled night air, is often seized with most violent PAINS, Cough and suffocating Hoarseness, first symptoms of quick consumption, but if supplied with Holloway's Pills and Holloway's Ointment, all danger is averted, a few Pills taken night and morning, and the Ointment well rubbed twice a day over the throat and chest will remove the severest pains and stop the most distressing or dangerous cough. Therefore we say to the whole Army

SOLDIERS' ATTENTION! See to your own health, do not trust to the Army supplies, although most valuable.—These Pills and Ointment have been thoroughly tested, they are the only remedies used in the European Camps and Barracks, for over forty years Doctor Holloway has supplied all the Armies in Europe, and during the Crimean Campaign he established a depot at Balaclava, for the exclusive sale of these Great Remedies.
