A word of solemn conscientious advice to those who will reflect.

A class of maladies prevail to a fearful extent in the community, amounting to at least 100,000 youth of both sexes annually, to an early grave. These diseases are very imperfectly understood. Their external manifestation, or symptoms are Nervous Debility, Relaxation and Exhaustion; Marasmus or wasting and consumption of the tissues of the whole body; shortness of breathing or hurried breathing on ascending a hill or light of stairs; great palpitation of the heart; Asthma, Bronchitis and sore Throat; shaking of the Hands and Limbs; aversion to society and to business or study; dimness of eyesight, loss of memory, dizziness, and all the symptoms of the Head, Neuralgia, Pain in various parts of the body; Pains in the back or limbs, Lumbago, Dyspepsia or Indigestion, irregularity of the bowels, deranged secretions of the Kidneys and other glands of the body, as Leucorrhoea or Fluor Albus, &c. Likewise Epilepsy, Hysteria and Nervous Spasms.

Now in ninety-nine cases out of every one hundred, all the above named disorders, and a host of others not named, as Consumption of the Lungs and that most fatal and deadly form of Consumption of the Spinal Nerves, known as Tabes Dorsales, and Tabes mesentericae, have their seat and origin in diseases of the Pelvic Viscera. Hence the want of success on the part of old school practice in treating symptoms only.

Dr. Andrew Stone, Physician to the Troy Lung and Hygienic Institution, is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the institution, is entirely based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such that patients can be cured at their homes, in any part of the country, from accurate descriptions of their case, by letter; and have the medicines sent by mail or express. Printed interrogatories will be forwarded on application.

Patients with Catarrh and diseases of the throat cured as well as at the homes of the Patients as at the Institution, by sending the Cold Medicated Inhalant Balsamic Vapors, with inhaler and ample directions for their use, and direct correspondence.

Patients applying for interrogatories or advice, must enclose return stamps, to meet attention.

The attending Physician will be found at the Institution for consultation, from 9 A. M. to 9 P. M., each day.
