SANFORD'S NEGRO TROUPE played in Lancaster on Wednesday evening. This company has always been the favorite of a Lancaster audience, but on this last occasion "undid" themselves. Like the Edwards & Shorey troupe of Columbia, they introduced, in their sharp (?) sayings some thrusts at the government. One of the city dailies speaking of this part of the entertainment, says: "The only drawback to the entertainment was the introduction of Copperhead sentiments by the performers, which were promptly rebuked by the loyal portion of the audience. The facts are as follows: In the course of the comic (?) colloquy, one of the performers referred to the President as being troubled with 'emancipation on the brain'—intended as a bait to draw out the sentiment of the audience. Had this been received in silence, as any loyal gentleman would have seen it ought to be, the performers would have taken the hint, and we should have had no more of it; but certain Copperheads of the city and county, set the example of applause, which of course was extensively followed by many who didn't catch the idea. This seeming approval of course gave the performers the idea that such things would be popular, and shortly after it was tried again—the performer holding up a dilapidated handkerchief, through which he could be seen, and remarking that it was like 'Abe Lincoln's Emancipation Proclamation,' because 'there was a bigger in the back-ground.' The Copperheads aforesaid again led off in applause, in the usual uncivilized manner of stamping with the feet, which would have made any verbal protest inaudible; so the loyal majority of the audience fell back on their only available expression of disapprobation, and a sharp 'hiss' resounded through the house, which was unequivocal in its meaning. The performers, after such a hint, very wisely attempted nothing further in that direction. 'Whilat on this subject we may be permitted to say that quite a seriocomic farce was enacted in this place on Saturday evening. As we stated in our last, the Burgess promised a committee from the Union League that in consequence of complaints of the disloyal character of the performance of Edwards & Shorey's troupe at Columbia, he would withhold a license from them and thus avoid a riot—for it was determined by some that they should not give vent to their derision of the government, in this place; but before midnight the Burgess discovered that the opposition to the performance came from a d-d know-nothing crew called 'Union Leagers'—and that play they should in spite of h— Night came and the performance proceeded—the counsels of the more prudent preventing a riot; but on Saturday evening a few of those 'Leagers' determined that it should not be repeated—although nothing offensive had transpired the evening previous, but the prestige of their disloyal conduct at Columbia remained fresh, and play they should not, was the war-cry. At the opening hour, a few of the more determined, went to the hall door for entrance when Edwards demanded their tickets—the captain of the party said, 'this crowd don't require any tickets,' and passed directly up into the hall, followed by his followers, and on going up to the stage, the performers being dressed in the tip of the mode of gemmen ob color, appeared to comprehend the movement, and suddenly became 'weak in the knees,' and were willing to do anything to convince the citizens of Marietta that they were as loyal as any of them; one of them, wig, black face, diamond breast pin, gold chain and all was then taken down to Esquire Auxer's office to take the oath of allegiance—the 'squire, however, doubted his right to administer such an oath to a negro, and the performer was admonished to 'go and sin no more.'

By reference to our advertising columns, it will be seen that the first National Bank of Marietta will elect directors this afternoon. We feel downright glad—aye, almost in ecstasies—that this bank project is no longer a myth—but a real, tangible, unmistakable reality. Much of the success of the project will now depend upon the selection of gentlemen for its management, and we have not the shadow of a doubt that this, like its inception, will be without the ground of complaint.—Although it is not to be expected that there will be no disappointments, for that would be superhuman, but it is to be hoped that all will be buried in the desire for harmony and the general good.

Mr. Engle has spent a vast deal of time in the cultivation of choice fruit and has succeeded remarkably well.

The Susquehanna is still very high and the rain continues to keep it up. Very few rafts have yet arrived but the impression of those most likely to know, is that an immense amount is on the way, and as soon as the river is low enough to run with safety, will be dropping in.

Friends & Relatives of the Soldiers & Sailors.

HOLLOWAY'S PILLS AND OINTMENT.—All who have Friends and Relatives in the Army or Navy, should take special care, that they be amply supplied with these Pills and Ointment; and that the brave Soldiers and Sailors have neglected to provide themselves with them, no better present can be sent them by their friends. They have been proved to be the Soldier's never-failing friend in the hour of need.

COUGH AND COLDS AFFECTING TROOPS. Will be speedily relieved and effectually cured by using these admirable medicines, by paying proper attention to the Directions which are attached to each Pot or Box. Sick Headache and want of Appetite incidental to Soldiers!

Those feelings which soadden us, usually arise from trouble or annoyances, obstructed respiration, or eating and drinking whatever is unwholesome, thus disturbing the beneficial action of the liver and stomach. These organs must be relieved, if you desire to do well.—The Pills, taking according to the printed instructions, will quickly produce a healthy action on both liver and stomach, and as a natural consequence a clear head and good general Weakness and dizziness induced by over Fatigue. Will soon disappear by the use of these invaluable Pills, and the Soldier will quickly acquire additional strength. Never let the bowels be either confined or unduly acted upon. It may seem strange that Holloway's Pills should be recommended for Dysentery and Flux, many persons supposing that they would increase the relaxation. This is a great mistake, for these Pills will correct the liver and stomach and thus remove all the acrid humors from the system. This medicinal will give tone and vigor to the whole organic system however deranged, while health and strength follow as a matter of course. Nothing will stop the relaxation of the bowels so sure as this famous medicine.

VOLUNTEERS ATTENTION! Sores and Ulcers, Blisters and Swellings can be cured by the use of Holloway's Pills. These are taken night and morning, the Ointment is freely used as stated in the printed instructions. If treated in any other manner they dry up in one part to break out in another. With the Ointment will remove the former from the system and leave the Patient in vigorous and healthy man. It will require as little perseverance in bad cases to insure a lasting cure.

For Wounds either occasioned by the Bayonet Sabre or the Bullet, Sores or Bruises, To which every Soldier and Sailor are liable there are no medicines so safe, pure and convenient as Holloway's Pills and Ointment. The poor wounded and almost dying sufferer might have his wounds dressed immediately, if he would only provide himself with this excellent Ointment, which should be thrust into the wound and smeared all around it, then cover with a piece of linen from his Knapsack and compressed with a handkerchief. Taking night and morning 6 or 8 Pills, to cool the system and prevent inflammation.

Every Soldier's Knapsack and Senman's Chest should be provided with these valuable Remedies.

INFORMED CITIZEN!—None are genuine unless the words "Holloway, New York and London" are discernible in a Patent-mark in every leaf of the book of Directions, around each pot or box; the same may be plainly seen by holding the leaf to the light.—A handsome reward will be given to any one who renders such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

THE EARLY PHYSICAL DEGENERACY OF AMERICAN PEOPLE.

JUST PUBLISHED BY DR. A. STONE, Physician to the Troy Lung and Hygienic Institute.

A TREATISE on the causes of early Physical Decline of America and people: The cause of Nervous Debility, Consumption and other Diseases. This work is one of the best written, in chaste, yet thrilling language, and appeals directly to the moral consciousness of ALL PATRONS and guardians especially, detailing scientific and reliable aids and treatment for cure.

It will be sent by mail on the receipt of two three cent postage stamps.

Parents and Guardians! Fail not to send for this book. Ladies you should at once secure a copy of this book.

A word of solemn conscientious advice to those who will reflect.

A class of maladies prevail to a fearful extent in the community, amounting to least 100,000 youth of both sexes annually, to an early grave. These diseases are very imperfectly understood. Their external manifestation, or symptoms are Nervous Debility, Relaxation and Exhaustion; Marasmus or weakness and consumption of the tissues of the whole body; shortness of breathing or hurried breathing on ascending a hill or flight of stairs; great palpitation of the Heart; and in the case of women Throat; shaking of the Hands and Lips; aversion to society and to business or study; dimness of eyesight, loss of Memory, dizziness of the Head, Neuralgia, Pain in various parts of the body; Pains in the back or Hips, Lumbago, Dyspepsia or Indigestion, irregularity of the bowels, deranged secretions of the Kidneys and other glands of the body, as Leucorrhoea or Fluor Albus, &c. Likewise Epilepsy, Hysteria and Nervous Spasms.

Now in ninety-nine cases out of every one hundred, all the above named disorders, and a host of others not named, as Consumption of the Lungs and that most insidious and wily form of Consumption of the Spinal Nerves, known as Tabes Dorsalis, and Paralysis of the Pelvic Viscera. Hence the want of success on the part of old school practice in treating such cases.

Dr. Andrew Stone, Physician to the Troy Lung and Hygienic Institution, is now in the city of Marietta, Pa., for the purpose of examining the public, which will be, it is confident, result in foot keepers and others finding it to their advantage to make their purchases from him.
