A word of solemn conscientious advice to

those who will reflect. those who will reflect.

A class of maladies prevail to a fearful extent in the community, dooming at least 100,000 youth of both sexes annually, to an early grave. Those diseases are very imperfectly understood. Their external manifestation, or symptoms are Nervous Debility Relaxation and Exhaustion; Marasmus or wasting and consumption of the tissues of the whole body; shortness of breathing or hurried breathing on ascending a hill or flight of stairs; great pal consumption of the tissues of the whole body; abortness of breathing or hurried breathing on ascending a hill or flight of stairs; great pal pitation of the Heart; Asthma, Bronchitis and sore Throat; shaking of the Hands and Limbs; a version to society and to business or study; dimness of eyesight, loss of Memory, dizziness of the Head, Neuralgia, Pain in vatious parts of the body; Pains in the back or limbs, Lum bago, Dyspepsia or Indigestion, irregularity of the bowels, deranged secretions of the Kidneys and other glands of the body, as Leuchorrher of Fleur Albus, &c. Likewise Epilepsy, Hysteria and Nervous Spasms.

Now in ninety-nine cases out of every one hundred, all the above named disorders, and a host of others not named, as Consumption of the Lungs and that most insidious and wily form of Consumption of the Spinal Nerves, known as Tabes Dorsales, and Tabes mesenterica, have their seat and origin in diseases of the Pelvic Viscera. Hence the want of success on the part of old school practices in treating symptoms only.

Dr. Andrew Stone, Physician to the Troy

The treatment adopted by the institution is new; it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such that patients can be cured at their homes, in any part of the country, from accurate descriptions of their case, by letter; and have the medicines sent by mail or express. Printed interrogatories will be forwarded on application.
