MARIETTA, SATURDAY, JULY 18, 1863.

The next issue will complete the ninth year of "The Mariettian," and many are yet several years in arrears for subscription and advertising. We must make every effort to obtain every dollar due us or we cannot continue; the price of paper and everything pertaining to a printing office being alarmingly high, and unless we can get nearly all due us, we must swamp. The trifle from each subscriber is nothing to each. but all to us. We hope, therefore, that all who know themselves indebted to us for subscription, advertising or job work will make it convenient to settle with us immediately, for upon our success in making collections, will depend the continuation of the paper.

The Ladies Patriotic Circle of this borough received the following letter from Dr. Hinkle, acknowledging the box of "hospital needs" sent him some time since:

citizens are just now interested in this topic, we submit some information derived from official circulars. The Board of Enrollment, after the draft, will give notice that they will, between certain hours every day, up to the time when drafted men are ordered to report at a rendezvous, hear propositions for substitutes and examine persons so offering. Drafted persons who desire to present substitutes, will give written notice to the Board that on such a day they will present a substitute, giving his name, residence, age, and stating whether he is an alien or a citizen. The substitute may be presented at any time before the day for being at the rendezvous. As the substitute is to be on precisely the same footing as other soldiers his qualifications must be the same.

A question has arisen whether there | particular attention. is not one advantage in getting a substitute over paying the \$300. The payment of the latter sum discharges a person from this draft, but if another draft should be made next year, he would again be liable. But where a person supplies an accepted substitute, the Enrolling Board gives him a certificate setting forth that he is "not properly subject to do military duty during the time for which he was drafted," that is, for three years or during the war. Those interested will doubtless settle in their own minds how much consequence is to be given to this consideration.—Lan'r. Examiner.

In our next we will give a complete list of all drafted in this borough, East Donegal township and Columbia borough, which will be of interest to our distant subscribers. The draft for Marietta is being drawn tc-day. An attempt at riot was made on Thursday morning, which ended, however, in a fizzle, and the draft was proceeded with.

Joshua Leader, formerly postmaster at Mountjoy, who met with an accident a few weeks since, in that place, in attempting to stop a pair of run-away mules, died a few days since from the effects of the injuries he received. Mr. L. was a native of this borough, and about 38 years of age.
