DEATH OF GENERAL WELSH.—We are deeply pained to notice the death of General Thomas Welsh, of Columbia. A brave man has gone to his Maker there to answer for the deeds done in the flesh. A pure patriot, a noble soldier, an unflinching supporter of the Government ever since this war broke out, he has fought treason and traitors until death has closed his career.

General Welsh was a pure Democrat, a warm supporter of the late Judge Douglas, and a thorough believer in the precepts of old General Jackson. During the late Presidential canvass, long before the public mind had become aroused to the calamity that impended over the nation, he foresaw the coming storm and prepared for it. He told us often in private conversation, that the South would secede and we would have to crush them with the mailed hand of war; that the sooner the conflict was brought on the better, etc., showing that he knew the Southern people well, and was prepared to meet them. He served during the whole Mexican war, where he was severely wounded in the leg, from which he never fully recovered.

When the war broke out he was among the first to respond, by promptly raising a company, was elected and commissioned by Gov. Curtin, as Colonel of the 45th Pennsylvania regiment, was put in Burnside's corps, and under that gallant officer saw much hard service. When Burnside went to Kentucky, Col. Welsh was commissioned as General, and has been there in active service ever since.

In his death the nation has lost a valuable friend, a brave defender and a good soldier. As a man, no one was more highly esteemed; as a citizen, he was universally respected; and as a soldier, his rapid rise almost from the ranks shows the qualities he possessed.—Lancaster Inquirer.

While in the army Col. Welsh frequently corresponded with "The Mariettian," under the cognomen of "Finger to Lip," &c. He was a self-made man and wrote a strong common sense letter, which was always eagerly sought after by our readers. May he rest in peace.

Gen. Welsh's remains were brought to his home in Columbia on Sunday morning last, and on Tuesday afternoon consigned to their final resting place.—The funeral was one of the largest and most imposing ever had in that place. There was no military display.

The Quarter Sessions Court, during the past week, was a very busy one. One would have supposed there was a daily mass meeting on Monday, Tuesday and Wednesday—the crowd about the court house being immense. P. M. Bolonius did a brisk business also.

The Brady murder and the Johnson-Jason slander cases were continued until November court. The Albert Spangler counterfeiting case went to the jury on Friday afternoon.

Godey for September is out. It should be the monthly companion of every well-informed lady.

Druckmiller, the Mount Joy poet laureate, will pay our borough a literary visit the coming week.

The Circle will meet on Friday evening next at Mrs. Theophilus Hiestand's.

Universal Clothes Wringer. No. 1.—Large Family Wringer, \$10.00 No. 2.—Medium, 7.00 No. 3.—Small, 6.00 No. 4.—Small, 5.50 No. 5.—Large Hotel Wringer, 18.00 No. 6.—Medium Laundry, (to run by steam or hand), 30.00 No. 7.—Large 3 have no Cogs—all others are warranted. *No. 2 is the size generally used in private families. Orange Judd, of the American Agriculturist, says of "The Universal Clothes Wringer": "A child can readily wring out a tubful of clothes in a few minutes. It is really a clothes wringer of the best order. The saving of garments will alone pay a large per centage on its cost. We think the machine much more than pays for itself every year in the saving of garments! There are several kinds, nearly alike in general construction, but we consider it important that the Wringer be fitted with Cogs, otherwise a mass of garments may clog the rollers, and the rollers upon the crank shaft slip and tear the clothes, or the rubber break loose the crank shaft. Our own is one of the first make, and it is as good as new after nearly four years constant use." Every Wringer with Cog Wheels is warranted in every particular. No Wringer can be durable without Cog-wheels. A good Canssaver wanted in every town. On receipt of the price from places where no one is selling, we will send the Wringer free of expense. For particulars and circulars, address A. B. HOAG, 347 Broadway, New-York. August 15, 1863.-6in.]

A class of maladies prevail to a fearful extent in the community, amounting to at least 100,000 youth of both sexes annually, to an early grave. Those diseases are very imperceptibly understood. Their external manifestation, or symptoms are Nervous Debility Relaxation and Exhaustion; Marasmus or wasting and consumption of the tissues of the whole body; shortness of breathing or hurried breathing on ascending a hill or flight of stairs; a great palpitation of the Heart; Asthma, Bronchitis and sore Throat; shaking of the Hands and Limbs; aversion to society and to business or study; dimness of eyeight, loss of Memory, dizziness of the Head, Neuralgia, Pain in some parts of the body; Pains in the back or limbs, Lumago, Dyspepsia or Indigestion, irregularity of the bowels, deranged secretions of the Kidneys and other glands of the body, as Leucorrhoea of Females, &c. Likewise Epilepsy, Hysteria and Nervous Spasms.

Now in ninety-nine cases out of every one hundred, all the above named disorders, and a host of others not named, as Consumption of the Lung and Liver, are the result of a habit of Consumption of the Spinal Cord, known as Tabes Dorsales, and Tabes mesenterica, have their seat and origin in diseases of the Pelvic Viscera. Hence the want of success on the part of old school practices in treating symptoms only.

Dr. Andrew Stone, Physician to the Troy Lung and Hygienic Institute, is now engaged in treating this class of modern Maladies with the most successful success. The treatment adopted by the institution is new; it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such that patients can be cured at their homes, in any part of the country, from accurate descriptions of their case, by letter; and have the medicines sent by mail or express. Printed interrogatories will be forwarded on application.

*Consumption, Catarrh and diseases of the throat cured as well as the Hemorrhoids of the Patents at the Institution, by sending the Cold Medicated Inhalant Balsamic Vapors, with inhaler and ample directions for their use, and direct correspondence.

*Patients applying for interrogatories or advice, must enclose return stamps, to meet attention.

*The attending Physician will be found at the Institution for consultation, from 9 a. m. to 9 p. m., with day of the week, except Sunday in the forenoon.
