

THE EARLY PHYSICAL DEGENERACY OF AMERICAN PEOPLE. JUST PUBLISHED BY DR. A. STONE, Physician to the Troy Lung and Hygienic Institute.

A TREATISE on the causes of early Physical decline of American people: The cause of Nervous Debility, Consumption and Marasmus. This work is one of high moral tone, written in chaste, yet thrilling language, and appeals direct to the moral consciousness of our fathers and grandfathers especially detailing scientific and reliable aids and treatment for cure.

It will be sent by mail on the receipt of two cents postage stamps. Parents and Guardians! Fail not to send and obtain this book. Young men! Fail not to send and get this book. Ladies you should at once secure a copy of this book.

A word of solemn conscientious advice to those who will reflect.

A class of male youth is a fearful extent in the community amounting at least 100,000 youth of both sexes annually, to an early grave. Those diseases are very imperfectly understood. Their external manifestation, or symptoms are Nervous debility, Relaxation and Exhaustion; Marasmus or wasting and consumption of the tissues of the whole body; shortness of breathing or hurried breathing on ascending a hill or flight of stairs; great palpitation of the Heart; Asthma, Bronchitis and some Throat; shaking of the Head and limbs; aversion to society and to business or study; dimness of eyesight, loss of Memory, dizziness of the Head, Neuralgia, Pain in various parts of the body; Pains in the back or limbs, Lung, Dyspepsia, Indigestion, irregularity of the Bowels, derangement of the Kidneys and other glands of the body, as Leucorrhoea of the Female, etc. Like-wise Epilepsy, Hysteria and Nervous Spasms.

Now in ninety-nine cases out of every one hundred, all the above named disorders, and a host of others not named, as Consumption of the Lungs and that most insidious and wily form of Consumption of the Spinal Nerves, known as Tabes Dorsales, and Tabes mesentericæ, have their seat and origin in diseases of the Pelvic Viscera. Hence the want of success on the part of old school practices in treating symptoms only.

Dr. Andrew Stone, Physician to the Troy Lung and Hygienic Institute, is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the institution is new; it is based upon scientific principles, with new and powerful remedies, without minerals or poisons. The facilities of cure are such that patients can be cured at their homes, in any part of the country, from accurate descriptions of their case, by letter; and have the medicines sent by mail or express. Printed interrogatories, to be returned to the institution, are furnished with the most astonishing success.
