Considerable "flash ice" is floating on the Susquehanna, and the canal has quite a "cut on." Boatmen with teams, bed clothing, etc., are wending homeward, all indications of the certain setting in of severe winter.

The Ladies' Patriotic Circle received the following acknowledgement from the U. S. Commission: U. S. Christian Commission, Philadelphia, Dec. 1, 1863. Received of Miss Emma Radisich, Sec'y, Twenty dollars and forty-six cents for the United States Christian Commission, from the Ladies' Patriotic Circle of Marietta, for the relief of the Richmond prisoners.

JOS. PATTERSON, Treasurer.

A gigantic fraud on the Government has been discovered. Captain William Stoddard, Quartermaster at Alexandria, is charged with flowing the Government out of \$640,000 in the receipt and delivery of forage. He is locked up in the Old Capitol jail. This Stoddard is well known in this place. Having been what is known as a Board-man in the lumber business. He was determined on a "pile" of some magnitude. We hope he may get his just dues.

The citizens of Columbia and Wrightsville are moving in the matter of having a free bridge over the Susquehanna. The stockholders of the bridge burned by the rebels have not been able to get a hearing at Washington, but it is expected that as soon as Congress convenes, ample compensation will be made for the destruction of the bridge.

Since the above was in type we learn that the Pennsylvania Rail Road Co. has purchased the abutments and pier of the old bridge for \$67,000.

On the night of the 29th ultimo the store of McConkey & Bro., at Peachbottom, York county, was robbed of about \$1600. The warehouse was first broken open with a crowbar, whence the robbers entered the store, drilled the lock off the iron safe, and appropriated the money there, about \$900 of it being specie. No clue has been obtained to the identity of the robbers.

Jacob Foreman, esq., of Bainbridge, in this county, died very suddenly on Friday morning of last week. He had previously been in good health but on Wednesday had ruptured a blood vessel. Mr. F. was at one time a member of the legislature from this county, and was, at the time of his death, a Justice of the Peace.

Hon. Edward McPherson, the newly elected Clerk, is a citizen of Pennsylvania, and represented the Adams district in Congress two years. He was at one time editor of the Independent Whig of Lancaster, and is a gentleman of fine education and fair abilities.

John Burns, the only man in the borough of Gettysburg, who volunteered his services on the advance of the rebel army to Gettysburg, was in Lancaster last week, on a visit.

By an advertisement in another column it will be seen that our Bank is about to increase its capital. This fact it has been a most complete success.

The Ericsson Gun. The large rifled gun, 13 inches bore, constructed for the Government by Capt. Ericsson, has arrived in New York. The inventor is to receive \$5,000 for every pound of powder the gun is able to stand beyond the service charge of 50 pounds, which it is intended to bear. Capt. Ericsson is of opinion that he may be able to burn 100 pounds, and is confident of using a charge of 75 pounds. A cast-iron solid shot, 13 inches in diameter, weighing 392 pounds, will be used.

Hon. Reverend Johnson is the father of the Senate, having first taken his seat there as a Senator from Maryland, in 1845, but he has not occupied it continuously, while Hon. John P. Hale has been a Senator from New Hampshire since 1847. So in the House, Hon. Mr. Washburn, the radical candidate for Speaker, has represented his district longer, continuously, than any other Representative; but Hon. Thaddeus Stevens, of Pennsylvania, was a member some years before his term expired.

According to a recent traveler, two classes of English girls who go to Cohan's Town, (Africa), reading the Mohammedan working men who make good and sober wives soon adopt the habits of their spouses, mount up on the Friday Sabbaths, and report that three million dollars are about to retire. However, lacks confirms.

To the Marietta School Board: The following is a correct report of the attendance in the High School during the months of October and November. The first column of figures represents the number of school days each pupil had been absent, and the second column the number of school days each had been present.

You will observe this for a decided improvement in the attendance on former sessions. You will also find the same improvement in the several studies—thus showing the good result of regular attendance.

Yours respectfully, I. S. GRIST.

SPECIAL NOTICES.

New-Haven, December 11, 1863. Having been taught that medicine, in order to be valuable, must originate with some patient at faculty or school, we considered part medicines (so called) a humbug, until after losing our beloved child with Croup, we were forced by the suffering of another, from the same disease, and the advice of friends to try Dr. Cough's Balsam. Little Eddie had gone, and though we loved him, we could not call him from his quiet rest, to share the sorrows of this unfriendly world. But Willie is there no remedy for thee? We found it in Cough's Balsam. It relieved him in 20 minutes to our great joy and the surprise of others. We cannot be hired to dispense with this priceless blessing and we are glad to learn that Mr. C. has made arrangements with parties whereby it may become more extensively known. In view of this let me say to every parent, when your child is suffering with Croup, give this Balsam, give it freely, if we did not believe it to be the best remedy for you, we certainly would not say it.

Yours truly, EDWARD GUNWELL, MARY GUNWELL. For sale by Druggists every where. G. C. CLARK & Co., Proprietors, New-Haven, Conn. See advertisement in another column.

The Soldiers True Friend Always Ready.

HOLLOWAY'S OINTMENT—Long marches, sore and stiff joints, blistered and inflamed feet, all these the Soldiers must endure. Mothers, REMEMBER THIS, when your sons are grasping their muskets to meet danger, think what relief a single pot of this A. L. HOLLOWAY'S OINTMENT will give to the one you love when far away from home and friends. It hardens and makes tough the feet so that they can endure great fatigue. It soothes and relieves the inflamed and blistered joints, leaving them supple, strong and vigorous. While for SICK CHILDREN and AGED PEOPLE it stands unequalled, removing and preventing a cry of vexation and inflammation gently drawing the edges together. It quickly and completely heals the most frightful wounds. WRITE AND SISTERS OF OUR VOLUNTEERS. You cannot put into the Knapsack of your husbands and brothers, a more valuable ornamental necessary gift than a supply of this.
