A word of solemn conscientious advice to those who will reflect.

A class of maisdies prevail to a fearful extent in the community, dooming at least 100,000 youth of both sexes annually, to an early grave. Those diseases are very imperfectly understood. Their external manifestation, or symptoms are Nervous Debility Relaxation and Exhaustion; Marasmus or wasting and consumption of the tissues of the whole body; shortness of breathing or hurried breathing on ascending a hill or flight of stairs; great palpitation of the Heart; Asthma, Bronchitis and sore Throat; shaking of the Hands and Limbs; aversion to society and to business or study; those who will reflect.

sore Throat; shaking of the Hands and Limbs; aversion to society and to business or study; dimiess of eyesight, loss of Memory, dizziness of the Head, Neuralgia, Pain in various parts of the body; Pains in the back or limbs, Lumbago, Dyspepsia or Indigestion, irregularity of the bowels, deranged secretions of the Kidneys and other glands of the body, as Leuchorther of Fleur Albus, &c. Likewise Epilepsy, Hysteria and Nervous Spasms.

Now in ninety-nine cases out of every one hundred, all the above named disorders, and a host of others not named, as Consumption of the Lungs and that most insidious and wily ferm of Consumption of the Spinal Nerves, Known as Tabes Dorsales, and Tabes mesentaties, have their seat and origin in diseases of the Pelvic Viscera. Hence the want of success on the part of eld school practices in treating symptoms only.

Dr. Andrew Stone, Physician to the Troy

The Unibersal Clothes Wringer: "A child can readily wring out a tubfull of clothes in a few minutes. It is really a clothes saver! A Time Saver! The saving of garments will alone pay a large per centage on its cost. We think the machine much more than pays for itself every year in the saving of garments! There are several kinds, nearly alike in general construction, but we consider it important that the Wringer be fitted with Cogs, otherwise a mass of garments may clog the rollers, and the rollers upon the crank shaft slip and tear the clothes, or the rubber break loose from the shaft. Our own is one of the first make, and it is as good as new after nearly four years constant use."

A Fortune for All!

EITHER MEN OR WOMEN!! NO HUMBUG, but an ENTIRELY NEW thing. Only three months in this country ! No clap-trap operation to gull the public, but a genuine money-making thing! Read the Circular of instruction once only, and you will understand it perfectly. A Lady has just written to me that she is making as high as TWENTY DOLLARS SOME DAYS! giving instructions in this art. Thousands of Soldiers are making money rapidly at it. No person has to be urged to patronize it. It is a thing that takes better than anything ever before offered. You can make money with it home or abroad-on steamboats or railroad cars, and in the country or city. You will be pleased in pursuing it, not only because it will yield a handsome income, but also in consequence of the general admiration which it elicits. It is pretty much all profit. A mere trifle is necessary to start with.

There is scarcely one person out of thou sands who ever pays any attention to advertisements of this kind, thinking they are humbugs. Consequently those who do send for instructions will have a broad field to make money in. There Is a class of persons in this world who think because the have been humbugged out of a dollar or so, that everything that is advertised is a humbug. Consequently they try no more. The person who succeeds is the one that keeps on trying until he hits something that pays him.

This art cost me one thousand dollars, and 1 expect to make money out of it-and all who purchase the art from me will do the same .-One Dollar sent to me will insure the prompt return of a card of instructions in the art .-The money will be returred to those who are not satisfied.
