SATURDAY, DECEMBER 26, 1863.

Our Carrier-and "The Mariettian" has never had one as attentive and pnactual-will present his compliments gier was a most finished historical proin a neat New Year's address, to his duction. The subject-"Chivalry"borough patrons, on New Year's morn- was ably handled, giving the origin and ing. We hope, as we believe he will, coming down through its various stages be cordially and liberally received.

THE COUNTY BOUNTY MEETING .- "This meeting called by the Commissioners, on Saturday last," says the Lancaster Examiner. "for the purpose of consider- the real chivalry and the modern preing the propriety of offering a county tender of to-day, administering to the bounty was a failure, either as regards latter a most scathing castigation. The the number in attendance, or any practical good resulting from it. It partook more of the character of a political meeting, than one called for the purpose of considering important measures, and recommending judicious action on the part of the County Commissioners .-Under these circumstances, of course, the meeting failed to accomplish the object for which it assembled, and the Coupplisaioners very properly refused to responda to any recommendation proceleding from it. Had more practical and more common sense councils prevailed, no such preposterous resolution would have been passed as advising the County Commissioners to engage in a project involving the expenditure of one million two hundred thousand dollars, when hy law they have no right to appropriate a dollar. But it was scarcely to be expected that any audience could pleasantly. resist the eloquence of our eloquent friend and democratic statesman from Professor Walter Wells, in our place Moutt Joy, Henry Shaffner, under next week. Bills will announce the whose lead the project was put through time and place. the meeting. By the way, Mr. Shuffnar's zeal for the war is of such a recent dite, that we are glad, and hope he has changed his opinion of "this nigger war."

But the action of the meeting was of such an extravagant nature, that the Commissioners concluded to postpone any action for the present, and await acfron in an anthoritative way, by the Legislature to raise money by a loan to pay a bounty. The bond of indemnity, even if sufficient in amount, is consid-, cred by good legal authority invalid, because of the illegality of the proceeding to borrow money for that purpose.

"For the present, therefore, it remains for the districts to take such individual action as they may deem best to raise their quota. In several of them we are glad to learn that the effort is being made."
