HOSTETTER'S CELEBRATED STOMACH BITTERS.

A PURE AND POWERFUL TONIC. Corrective and alternative of wonderful effect in diseases of the Stomach, Liver and Bowels.

Noting that it is not wholesome, genial and restorative in its nature enters into the composition of Hostetter's Stomach Bitters.

It is well to be forearmed against disease, and so far as the human system can be protected by human means against maladies engendered by a disordered stomach, here, impure water and other external causes, may be relied on as a safeguard.

In districts infested with Fever and Ague, it has been found infallible as a preventative and irritable as a remedy, and thousands who resort to it in the prevention of an attack, escape the scourge; and thousands who neglect to avail themselves of its protective qualities in advance, are cured by a very brief course of this marvelous medicine.

The agency of Bileus Colic is immediately assuaged by a single dose of the stimulant, and is generally restored by the return of the complaint may be prevented.

Last, but not least, it is The Only Safe Stimulant, being manufactured from sound and innocuous materials, and entirely free from the acid, resinous, or other deleterious elements of the ordinary tonics and stomachics of the day.

U. S. 5-20'S.

The Secretary of the Treasury has not yet given notice of any intention to withdraw this popular Loan from Sale at Par, and until ten days notice is given, the undersigned, as "General Subscription Agent," will continue to supply the public.

The whole amount of the Loan authorized in the Hundred Millions of Dollars. Nearly Four Hundred Millions have been already subscribed for and paid into the Treasury, mostly within the last seven months.

The large demand from abroad, and the rapidly increasing home demand for use as the basis for circulation by National Banking Associations now organizing in all parts of the country, will, in a very short period, absorb the balance.

Sales have lately ranged from ten to fifteen millions daily, and it is well known that the Secretary of the Treasury has ample and unfailing resources in the Duties on Imports and Internal Revenues, and in the issue of the Interest-bearing Legal Tender Treasury Notes, it is almost a certainty that he will not find it necessary, for a long time to come, to seek a market for any other long or permanent Loans, the Interest and Principal of which are PAYABLE IN GOLD.

Pudence and self-interest will force the minds of those contemplating the formation of National Banking Associations, as well as the minds of all who have idle money on their hands, to the prompt conclusion that they should have no use in subscribing to this most popular Loan.

It will soon be beyond their reach, and advance to a handsome premium, as was the result with the "Seven Thirty" Loan, when it was all sold and could no longer be subscribed for at par.

The Government requires all duties on imports to be paid in Coin; these duties have for a long time past amounted to over a QUARTER of a Million of Dollars daily, a sum nearly three times greater than that required in the payment of the interest on all the 5-20's and other Government Loans.

So that it is hoped that the surplus Coin in the Treasury, at no distant day, will enable the United States to resume specie payments upon all liabilities.

The Loan is called 5-20 from the fact that whilst the Bonds may run for 20 years, yet the Government has a right to pay them off in Gold at par, at any time after 5 years.

The interest is paid half-yearly, viz: on the first days of November and May. Subscribers can have Coupon Bonds, which are payable to bearer, and are \$50, \$100, \$500, and \$1000; or Registered Bonds of same denominations, and in addition, \$5,000, and \$10,000.

For Banking purposes and for investments of Trust-moneys the Registered Bonds are preferable. These 5-20's cannot be taxed by States, cities, towns or counties, and the Government tax on them is only one-and-a-half per cent, on the amount of income, when the income of the holder exceeds Six Hundred dollars per annum; all other investments, such as income from Mortgages, Railroad Stock and Bonds, etc., must pay from three to five per cent tax on the income.

Banks and Bankers throughout the Country will continue to dispose of the Bonds; and all orders by mail, or otherwise promptly attended to.

The inconvenience of a few days' delay in the delivery of the Bonds is unavoidable, the delay being so great; but as interest commences from the day of subscription, no loss is occasioned, and every effort is being made to diminish the delay. JAY COOKE, SUBSCRIPTION AGENT, 114 South Third Street, Philadelphia.

Universal Clothes Wringer. No. 1.—Large Family Wringer, \$10.00. No. 2.—Medium, 7.00. No. 3.—Small, 6.00. No. 4.—Very Small, 5.00. No. 5.—Large Hotel Wringer, 14.00. No. 6.—Large Laundry, (to run by) 18.00. No. 7.—Medium Laundry, (to run by) 30.00. Nos. 2 and 3 have no Cogs—all others are warranted. No. 2 is the size generally used in private families.

Orange Judd of the American Agriculturist, says of the Universal Clothes Wringer: "A child can readily wring out a tubful of clothes in a few minutes. It is really a clothes-saver! A Time Saver! The saving of the moneys will alone pay a large percentage of its cost. We think the machine much more than pays for itself every year in the saving of garments. There are several kinds, nearly alike in general construction, but we consider it important that the Wringer be fitted with Cogs, otherwise a mass of garments may clog the rollers, and the rollers upon the crank shaft slip and tear the clothes, or the rubber break loose from the shaft. Our own is one of the first make, and it is as good as new after nearly four years constant use." Every Wringer with Cog Wheels is warranted in every particular. No Wringer can be durable without Cog Wheels. A good Canvas-wanted in every town. On receipt of the price from publisher, we have no issue selling, we will send the Wringer free of expense.
