A word of solemn conscientious advice to those who will reflect.

A class of maladies prevail to a fearful extent in the community, dooming at least 100,-000 youth of both sexes annually, to an early grave. Those diseases are very imperfectly understood. Their external manifestation, or symptoms are Nervous Debility Relaxation and Exhaustion; Marasmus or wasting and consumption of the tissues of the whole body; symptoms are Nervous Debility Relaxation and Exhaustion; Marasmus or wasting and consumption of the tissues of the whole body; shortness of breathing or hurried breathing on ascending a kill or flight of stairs; great palpitation of the Heart; Asthma, Bronchitis and sore Throat; shaking of the Hands and Limbs'; aversion to society and to business or study; dimness of eyesight, loss of Memory, dizziness of the Head, Neuralgia, Pain in various parts of the body; Pains in the back or limbs, Lumbago, Dyspepsia or Indigestion, irregularity of the bowels, deranged secretions of the Kidneys and other glands of the body, as Leuchorrhær of Fleur Albus, &c. Likewise Epilepsy, Hysteria and Nervous Spasms.

Now in ninety-nine cases out of every one hundred, all the above named disorders, and a host of others not named, as Consumption of the Lungs and that most insidious and wily form of Consumption of the Spinal Nerves, known as Tabes Dorsales, and Tabes mesenterics, have their seat and origin in diseases of the Pelvic Viscera. Hence the want of success on the part of old school practices in treating symptoms only.

Dr. Andrew Stone, Physician to the Troy Lung and Hygienic Institution, is now engaged in treating this class of modern maladtes with the most astonished success. The treatment adopted by the institution is new; it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such that patients can be cured at their homes, in any part of the country, from accurate descriptions of their case, by letter; and have the medicines sent by mail or express. Printed interrogatories will be forwarded on application.

23 Consumption, Catarrh and diseases of the throat cured as well at the Home of the Patients as at the Institution, by sending the Cold Medicated Inhaling Balsamic Vapors, with inhaler and ample directions for their use, and direct correspondence.

23 Patients applying for interrogatives or advice, must enclose return stamps, to meet attention.

The attending Physician will be found at the Institution for consultation, from 9 a.

New-Haven, December 11, 1862. Having been taught that medicines, in order to be valuable, must originate with some par-ticular faculty or school, we considered paticular faculty or school, we considered patent medicines, (so called) a humbug, until after losing our beloved child with Cloup, we were forced by the suffering of another, from the same disease, and the advice of triends to try we's Cough Balsam. Little Eddie had gone, and, though we loved him, we could'nt call him from his quiet rest, to share the sorrows of this unfriendly world. But Willie is there no remedy for thee? We found it in Coe's Cough Balsam. It relieved him in 20 minutes to our great joy and the surprise of others. We cannot be hired to dispense with this priccless blessing and we are glad to learn this priceless blessing and we are glad to learn that Mr. Coe has made arrangements with parties whereby it may become more extensively known. In view of this let me say to every parcut, when your child is suffering with Croup, give this Balsam, give it freely.
