MARIETTA, PA.

SATURDAY, JANUARY 9, 1864.

Our State Legislature convened on Tuesday last. The Union party in the Senate nominated John P. Penny, of Allegheny county, for Speaker; Geo. W. Hammett, Chief Clerk; G. S. Berry, Assistant Clerk; John G. Martin, of Lancaster, Sergeant-at-Arms. The unfilled have in nomination Hiester Glynor for Speaker, and Jacob Ziegler for Clerk. In the House, the following Union nominations were elected: Speaker—Henry C. Johnson, of Crawford county. Chief Clerk—A. W. Benedict, of Huntingdon. Assistant Clerk—James Brown, of Mercer. Sergeant at arms—James Subers, of Philadelphia. Doorkeeper—T. T. MacJunkin, of Butler. Messenger—Mr. Sturdivant, of Crawford. Postmaster—Mr. Stewart, of Lawrence. Assistant Postmaster—Noah Zook, of Lancaster.

Transcribing Clerks—Messrs. Walker, of Philadelphia; Niles, of Tioga; Butterfield, of Erie; and Harlan, of Chester. The organization will be delayed for a time by the absence of Major White, Senator from Indiana and Armstrong counties, and who is now a prisoner at Richmond, leaves the Senate with a tie vote. The Major was some time ago taken prisoner by the rebels, while gallantly fighting for his country, and is now in prison at Richmond—the rebel authorities refusing to exchange him, for no other reason, it is stated, than that his liberation would give the control of our Senate to the Union party, to which it properly belongs. Under these circumstances it will be for the Opposition to say whether or not the Senate shall be organized under Union auspices or not at all. A similar case occurred in 1854, when the Senate stood 17 Democrats to 16 Opposition. Mr. Buckalew, who was elected a member, having been sent by the President to South America as a bearer of dispatches, failed to reach home in time for the meeting of the Legislature. This tied the Senate. But subsequently the death of a Democratic member gave the majority to the Opposition in the continued absence of Mr. Buckalew. Nevertheless a Democrat, Mr. William M. Hiester, of Berks county, was chosen Speaker by the vote of Mr. Darsie, Opposition, of Allegheny, who correctly decided that the Democrats were entitled to this office by the popular will as declared at the last election. Whether the same magnanimity will be shown this time by the adverse party, wherein the case is much stronger, remains to be seen.

Mr. Lincoln, on receiving the watch awarded to him by the lady managers of the Chicago Sanitary Fair, as being the largest contributor by his donating the original manuscript copy of his emancipation proclamation, returned the following letter in reply: EXECUTIVE MANSION, WASHINGTON, December 18, 1863. MY DEAR SIR: I have received from the Sanitary Commission of Chicago, the watch you placed at their disposal, and I take the liberty of conveying to you my high appreciation of your humanity and generosity, of which I have unexpectedly become the beneficiary. I am, very truly yours, A. LINCOLN. JAMES H. HOES, Esq.

From all parts of the country we hear accounts of the extreme cold of the weather within the past week. On the 4th instant the thermometer at Memphis was ten degrees below zero; and at Cairo, on the same date, it was 16 degrees below zero, the Mississippi being closed above that point. In the West, and on the plains, the cold has been intense. Many persons have been frozen to death on Island No. 10, and the bodies of three members of the 52nd Indiana were found on a sand-bar above Fort Pillow. A dispatch from Washington says that many of the soldiers in the Rebel army have been frozen to death.

The Cincinnati Gazette says:—Andrew Jackson Donelson, who ran for Vice President on the American ticket in 1856, is in trouble, having said that he would not trust Jeff Davis farther than a blind mule could kick. He was arraigned for this, but let off; and when he returned home, he found that his friends had stolen all his corn and bacon. He is very bitter in his denunciations of Confederate.

Orders have been issued by the War Department, postponing the Draft until the 15th of January. This will give ten days longer time to fill up quotas with volunteers.

Lately was mentioned the marriage of the armless color sergeant of a Massachusetts regiment, Plunkett, to Miss Nellie Lorrimer. The wedding took place in Worcester, though the parties belong in Leicester. We have now an additional fact of interest connected with the incident. When he left for the war, Plunkett was engaged to a Miss Lorrimer. Upon his return, he considered his helpless condition and offered a release to his betrothed, which was readily accepted. Her sister was so indignant at this that she said she would marry the brave man herself if he was agreeable, and agreeable he was, and they married. The Hartford (Conn.) Post, on whose authority we relate this anecdote, says that "thanks to the generosity of the Brokers' Boards of Boston and New York, and of the people he has met since his return, Plunkett, the hero, is in independent circumstances pecuniarily." Poor fellow lost both his arms for his country.

Of Gen. Butler at Point Lookout, a correspondence says:—"At 9 o'clock General Butler visited the rebel prisoners of war—9,750 in number. These braves represent almost every State. The presence of 'Picayune' was a great novelty to the fat ragamuffins, who stared at him with distended eyes and open nostrils. It was amusing to hear the rebel comments upon the rebel tamer. Some swore that he was a 'damned good looking man anyhow,' and it must be owned that the general appeared exceedingly well. There was occasional cheering as he passed through the streets of the rebel camps."

Hon. S. P. Chase, Secretary of the Treasury, has forwarded for the Cincinnati Sanitary Fair from Washington city, a box directed to Mayor L. A. Harris. The articles it contains are donated from Governor Chase—an althesoppe with a large number of views, American and Italian, a remarkable instrument, purchased at Venice; also, a complete set of medals, from Philadelphia Mint. These are for sale and should obtain a good price.

The Rev. Mr. Shine, chaplain of the House of Representatives in the Iowa Legislature, on the opening of the recent session, prayed thus: "Bless Thou the young and growing State of Iowa, her Senators and Representatives, the Governor and State officers. Give us a sound currency, pure water, and undefiled religion—for Christ's sake.—Amen."

A wreath was exhibited at a fair in Gloucester, Mass., during Christmas week, that was composed of the hair of one hundred different residents of that town, none of whom was under 70 years of age, while ten of them are over ninety and one was over 100. The lady who made it is 59 and was four years at it.

Heenan and King, according to late foreign news, are both in London. Bell's Life says that King has suffered little or nothing from his encounter. Another paper says that Heenan attributes his defeat to overreaching himself in a wrestle in the nineteenth round, in which he fell upon his head.

A lady residing in her carriage, one day last week, her crinoline caught in the step and the horse started causing her to fall, and being unable to recover herself, was dragged nearly half-a-mile over the frozen ground by her clothing bruising her very badly.

Never enter a sick room in a state of perspiration, as the moment you become cool your pores absorb. Do not approach contagious diseases with an empty stomach; nor sit between the sick and the fire, because the heat attracts the thin vapor.

The rebel Congress in its general conscription bill exempts an editor to each paper and the printers employed in the several offices. They have certainly got a great regard for the "gentlemen of the press" down in Dixie.

The brewers of Cincinnati presented one hundred barrels of lager-beer to the Sanitary Fair, which was worth \$900. It was rejected with as much indignation as Vallandigham's autograph letter.

On last Christmas day, as two ladies of Sturbridge, were out sleigh-riding, from some unexpected cause the horses took fright and ran away, throwing the ladies out upon the ice, killing them both instantly.

U. S. Senator Bowden, of Virginia, died on Saturday last, in Washington, of small-pox, and was buried the next day. Gov. Pierpont is likely to be his successor.

A man sat down on the sidewalk in Quebec, a few days ago, and was frozen to death, dozens of people passing him all the while.

Two soldiers were frozen to death at Camp Chase, Ohio, on Saturday last. A number had their ears and feet frozen.

On Thursday night of last week, four rebel prisoners were frozen to death while asleep in the cars at Jeffersonville.

John Slover, who was on Monday last elected Sergeant-at-arms of the Ohio Senate, has nine sons in the army.

The remains of the musical composers, Beethoven and Schubert, have been exhumed, photographed, and reburied. Photography is being run into the ground.

Mr. Murdoch, the tragedian, has given to the Cincinnati Sanitary Fair a memorial relic from the Treaty Tree of Penn., the keel of the first vessel that carried the American flag, and the flag-ropes of the famous frigate Cumberland.

Townsend Sharpless, a well known merchant of Philadelphia, died on Wednesday morning at the advanced age of seventy-one years. Mr. Sharpless was well known in the mercantile world as a man of active enterprise, far-sighted shrewdness and strict integrity.

The Montreal Witness says that a French Canadian land-owner to all appearance died suddenly a few days ago, and was taken to the church for interment. As the service was proceeding, noises were heard coming from the coffin, the lid was taken off, and the man was found to be alive. On the following day he was able to move about.

Bishop Hughes died on Saturday evening last. He was born in Ireland in 1798.

Negroes from the country are pouring into St. Louis at the rate of one hundred per day to join the new negro regiments now forming at Benton Barracks. They hail chiefly from the counties along the Missouri river.

The London papers state that the Duke of Brunswick was robbed, at his hotel in Paris, of diamonds and coins to the value of a million and three-quarters of dollars by a valet named Shaw, who was afterwards captured at Boulogne with the stolen property in his possession.

The Baltimore Clipper favors the re-election of President Lincoln. The editor gives it as his opinion that if Mr. Lincoln will consent to be a candidate, there will be no serious opposition to his re-election. The Union men in different parts of the loyal States appear to be coming to the conclusion that "Old Abe" is the safest racer to put on the course in 1864.

The Choctaw Chief, McCurtain, with several other Indian leaders, came into the Union lines at Fort Smith, Ark., on the 24th ult., and surrendered under the protection of the President's Amnesty Proclamation. The Choctaws abandon the rebel cause, and it is very probable that their example will be followed by all the other disloyal tribes.

The Bangor Whig says that there were purchased recently in that city a rare lot of American half eagles, such as have not been seen in circulation for thirty years. They are part of a deposit which has been buried in the town of Frankfort for fifty years, and recently taken up by the heirs of the estate to which they belonged.

A man with his face blacked lately called on Mrs. Hubbard, of Dayton, Ohio, and presenting a pistol at her head, ordered her to fetch him what silver she had. She went up stairs and brought down a loaded pistol, when he left.

Gov. Curtin will be inaugurated, for the second term, on Tuesday the 19th instant.

Milk sold on Christmas day in the city of Richmond, at \$20 a gallon—rebel currency.

NIGHT AND DAY TRAVELING.—Many persons are averse to traveling on railways by night, having the impression that there is greater liability to accident. The statistics tend to show the reverse to be true. A writer in the Railroad Advocate sums up the case for night trains pretty strongly. At night all work ceases on the track and there are but few trains running. Draw bridges are generally closed; switches are not so liable to be misplaced, as they are less used; the signals for trains are more certain, for lights are used and can be seen further. The engineer has nothing to divert his attention by night. Rocks and trees are no more liable to fall upon the track by night than by day, nor are cars more likely to break at one time than another. The passenger in a night car is more apt to keep his seat and remain quiet by night, and that is the safest thing he can do in a railroad car.

The members of the U. S. Supreme Court are thus classified by the Chicago Tribune: Taney, Maryland, Copperhead; Nelson, New York, Copperhead; Grier, Pennsylvania, War Democrat; Wayne, Georgia, Conservative; Catron, Tennessee, Copperhead; Clifford, Maine, Conservative; Wayne, Ohio, Republican; Davis, Illinois, Republican; Miller, Iowa, Republican; Field, California, Republican. It will be seen that the majority of the Court, even as at present constituted, is with the Government.

Smithson, the banker at Washington, who was arrested for treason wrote to a rebel officer, before he was detected: "We can learn little or nothing about the intended movements of McClellan's army across the river. I believe the fellow is a coward, and will never attack you without he is forced to do it." This Smithson was a hot McClellan man at Washington.

A colored volunteer was taken before the Provost Marshal in Norwich, Conn., for examination, and, upon being disrobed, gave unmistakable evidence of having lately recovered from the small-pox. There was a right smart skodaddle in consequence, and the volunteer was allowed to leave unmolested.

The Smith family is numerous in Baltimore. There are 652 persons of that name recorded in the city directory just issued. The Browns stand next, numbering 397, and the Jones third, numbering 254. The city has 160 churches, 149 stationed ministers, 304 physicians, and 391 commission merchants.

His interest has been transferred to his wife, and personal friends have purchased him a homestead out of respect to his talents and former industry.

Gen. Burnside takes command of the Department of the Ohio, relieving Gen. Foster, who is reported in bad health. The President and the people of the Department are so well pleased with Gen. B., that they would not consent to the acceptance of his resignation.

The town of Greencastle, Pa., is clear of the draft. A bounty of \$200 was offered, and the quota was raised within ten days. We know of larger towns that will not escape the draft unless something is done at once to encourage volunteering.

HOSTETTER'S CELEBRATED STOMACH BITTERS.

A PURE AND POWERFUL TONIC. Corrective and alternative of wonderful efficacy in disease of the Stomach, Liver and Bowels; cures Dyspepsia, Liver Complaint, Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Cramps and spasms, and all complaints of either sex, arising from bodily weakness whether inherent in the system or produced by special causes. Nothing is so not wholesome, genial and restorative in its nature enters into the composition of Hostetter's Stomach Bitters. This popular preparation contains no mineral of any kind, no deadly botanical element; no fiery extracts of rare balsamic herbs and plants with the purest and mildest of all diffusive stimulants. It is well to be forearmed against disease, and so far as the human system can be protected by human means against disease, is engendered by an unwholesome atmosphere, impure water and other external causes, HOSTETTER'S BITTERS may be relied on as a safeguard.

In districts infested with Fever and Ague, it has been found infallible as a preventative and irresistible as a remedy, and it prompts the resort to it under apprehension of an attack, escape the scourge; and thousands who neglect to avail themselves of its protective qualities in advance, are cured by a very brief course of this marvelous medicine. Fever and Ague patients, when being pined with quinine for months in vain, until fairly saturated with that dangerous alkaloid, are not unfrequently restored to health within a few days by the use of Hostetter's Bitters. The weak stomach is rapidly invigorated and the appetite restored by this agreeable tonic, and hence it works wonders in cases of Dyspepsia and in less confirmed forms of Indigestion. Acting as a gentle and painless aperient, as well as upon the liver, it also invariably relieves the Constipation superinduced by irregular action of the digestive and secretory organs. Persons of feeble habit, liable to nervous attacks, loss of spirits and fits of languor, find prompt and permanent relief from Hostetter's Bitters. The testimony of this point is most conclusive, and from both sexes. The agony of Bilious Colic is immediately assuaged by a single dose of the stimulant, and by occasionally resorting to it, the return of the complaint may be prevented. Last, but not least, it is the Only Safe Stimulant, being manufactured from sound and innocuous materials, and entirely free from all deleterious elements present more or less in all ordinary tonics and stimulants. No family medicine has been so universally and so beneficially used, as Hostetter's Bitters. Prepared by HOSTETTER & SMITH, Pittsburg, Pa. Sold by all Druggists, Grocers and Store keepers everywhere.
