PROFESSOR DEGRATH'S ELECTRIC OIL. Wonderful Cures on Man and Beast. A VALUABLE MEDICINE!

I PROPOSE to cure, almost instantaneously, individuals afflicted with Deafness, Headache, Neuralgia, Chill Fever, Ague, Rheumatism, and all Sores and Pains.

I propose to check and effectually dissipate morbid acids and to accomplish nearer and more perfect equilibrium of all the circulating fluids in the human system, than can be effected by any other or all other methods of medical aid in the same space of time, the masses of humors being judged.

I do not propose to cure every disease, but all such are curable by any combination of medical appliances. My Electric Oil operates on chemical and electric principles, and is, therefore, applicable to the cure or nature of restoration of any organic derangement, arising from an improper circulation of Nervous vital uid.

I want the masses to join in this matter--the well as the sick, because if these things are not done, we are all alike interested.

N. B. Please inform me of any case of failure to cure, in from half hour to three weeks, as I wish to cure or charge nothing.

The Columbus Sun remarks: On Saturday, an old gentleman named Wm. C. Osborne, well known in our city, who, from rheumatic affections, has not been able to walk or use his hands sufficient to feed himself, for more than ten years, was brought to Prof. De Grath on the street, where in the presence of a large number of people, he applied De Grath's Electric Oil to one arm and shoulder. He was immediately enabled to raise his hand to his head and scratch it, a thing he said he had not done before in twelve years.

The New Hampshire Patriot says: During the present week, no less than six of our friends, who have been induced to try Prof. De Grath's Electric Oil for Rheumatism and Deafness, in consequence of having seen their names advertised in our columns, have called upon us to state the result of experiments. These persons assure us that their Rheumatic pains have been entirely cured by a few applications of De Grath's Electric Oil, and we recommend its use to all who are afflicted with any of the diseases which it is designed to cure.

It cures Rheumatism, Deafness, Neuralgia, Swollen and Stiff Joints, and other Complaints to which we are all subject, have lost their terrors. Prof. De Grath's Electric Oil is warranted to relieve any case in a short space of time, and with a trifling expense. It always cures Scratches, Sprains, Galls and Splints on horses.

The public must beware. They are worthless. For sale by all dealers and druggists. Principal office 217 South 8th Street, Phila.

CAUTION. New-Haven, December 11, 1863. Having been taught that medicines, in order to be valuable, must originate with some particular faculty of school, we considered pertinent to inform you, that a humbug, until after losing our beloved child with Clump, we were forced by the suffering of another, from the same disease, and the advice of friends to try Dr. Congh's Balm. Little Eddie had been taken with a cold, and we could not call him from his quiet rest, to attend the sorrows of this unfriendly world. But Willie is there no remedy for this? We found it in Congh's Balm. It relieved him in 20 minutes of our great grief, and the pain of others. We cannot be hired to dispense with this priceless blessing and we are glad to learn that Mr. Cog has made arrangements with us whereby it may become more extensively known. If you of this kind, let me say to every parent, when your child is suffering with Clump, give this Balm, give it freely, if we do not believe it to be the best remedy for you, we certainly would not say it.

Yours truly, EDWARD GWYNELL. For sale by Druggists everywhere. G. C. CLARK & Co., Proprietors, New-Haven, Conn. See advertisement in another column.

PRIME GROCERIES--Rio, Java and Laguira Coffee; C. Wash, Pulverized and Brown Sugar; Superior Green and Black Tea; Choice Sarsaparilla; and all prime baking Molasses; Excellent Pearl Barley. J. R. DIFENBACH.

U. S. 5-20'S. The Secretary of the Treasury has not yet given notice of any intention to withdraw this popular Loan from Sale at Par, and until ten days notice is given, the undersigned, as "General Subscription Agent," will continue to apply the public.

The whole amount of the Loan authorized is Five Hundred Millions of Dollars. Nearly Four Hundred Millions have been already subscribed for and paid into the Treasury, mostly within the last seven months. The large demand from abroad, and the rapidly increasing home demand, for use as the basis for circulation by National Banking Associations now organizing in all parts of the country, will, in a very short period, absorb the balance--millions weekly, frequently exceeding three millions daily, and as it is well known that the Secretary of the Treasury has ample and unfailing resources in the Duties on Imports and Internal Revenues, and in the issue of the interest bearing and in the issue of Notes, it is almost a certainty that he will not find it necessary, for a long time to come, to seek a market for any other long or permanent Loans, the Interest and Principal of which are PAYABLE IN GOLD.

Prudence and self-interest must force the minds of those contemplating the formation of National Banking Associations, as well as the minds of all who have idle money on their hands, to the prompt conclusion that they should lose no time in subscribing to this most popular Loan. It will soon be beyond their reach, and advance to the same premium on the result with the "Seven Thirty" Loan, when it was sold and could no longer be subscribed for at par.

It is a Six Per Cent. Loan, the Interest and Principal payable in Coin, the former one Nine per cent. per annum at the present rate of premium on coin.

The Government requires all duties on imports to be paid in Coin; these duties have for a long time past amounted to over one hundred millions of Dollars daily, and the Government is three times greater than that required in the payment of the interest on all the 5-20's and other permanent Loans. So that it is hoped that the surplus Coin in the Treasury, at no distant day, will enable the United States to resume specie payments upon all liabilities.

The Loan is called 5-20 from the fact that whilst the Bonds may run for 20 years, yet the Government has a right to pay them off in Gold at par, at any time after 5 years.

The interest is paid half-yearly, viz: on the first days of November and May. Subscribers can have Coupon Bonds, which are payable to bearer, and are \$50, \$100, \$500, and \$1000; or Registered Bonds of same denominations, and in addition, \$5,000, and \$10,000. For Banking purposes and for investments of Trust-estates the Registered Bonds are preferable.

These 5-20's cannot be taxed by States, cities, towns or counties, and the Government tax on them is only one-and-a-half per cent. on the amount of income, when the income of the holder exceeds six hundred dollars per annum; all other investments, such as income from Mortgages, Railroad Stock and Bonds, etc., must pay from three to five per cent. on the income.

Banks and Bankers throughout the Country will continue to dispense of the Bonds; and orders by mail, or otherwise promptly attended to. The inconvenience of a few days' delay in the delivery of the Bonds is unavoidable, the demand being so great; but as interest commences from the day of subscription, no loss is sustained, and every effort is being made to diminish the delay. SUBSCRIBER AGENT, 114 South Third Street, Philadelphia.

A Fortune for All! EITHER MEN OR WOMEN! NO HUMBUG, but an ENTIRELY NEW thing. Only three months in this country! No clap-net operation to gull the public, but a genuine money-making thing! Read the Circular of instruction once only, and you will understand it perfectly. A Lady has just written to me that she is making as high as TWENTY DOLLARS SOME DAYS! giving instructions in this art. Thousands of Soldiers are making money rapidly at it. No person has to be urged to patronize it. It is a thing that takes better than anything ever before offered. You can make money with it home or abroad--on steamboats or railroad cars, and in the country or city. You will be pleased in pursuing it, not only because it will yield a handsome income, but also in consequence of the general admiration which it elicits. It is pretty much all profit. A mere trifle is necessary to start with.

There is scarcely one person out of thousands who ever pays any attention to advertisements of this kind, thinking they are humbugs. Consequently those who do send for instructions will have a broad field to make money in. There is a class of persons in this world who think because the have been humbugged out of a dollar or so, that everything that is advertised is a humbug. Consequently they try no more. The person who succeeds is the one that keeps on trying until he hits something that pays him.

This art cost me one thousand dollars, and I expect to make money out of it--and all who purchase the art from me will do the same. One Dollar sent to me will insure the prompt return of a cash of instructions in the art. The money will be returned to those who are not satisfied. Address WALTER T. TINSLEY, No. 1 Park Place, New York. Oct. 24-3m.
