Marietta, Penna., Saturday, April 23, 1864.

By reference to our advertising columns it will be seen that Dr. Finkle has returned to his home in this borough for the purpose of practicing his profession. The want of any medical assistance in the hospitals—so few sick and wounded on hand now—made it necessary for the Doctor to report to the Gulf department, a location which he deemed highly detrimental to the impaired condition of his health and hence his withdrawal from the army and his return home to practice. His return will be glad news to many of his old friends and patients.

A very distressing accident happened in this borough on Sunday last during a "break-loose" of some timber rafts. A raftman named Abraham Dehaven, from Clearfield county, had his leg caught in the folds of a loose rope whilst attempting to "snub" a raft and had his foot almost pulled off at the ankle joint. He was taken to Holloway's Hotel, where Drs. Landis and Huston amputated the limb. The rivermen contributed \$150 for his benefit; he is said to be a worthy, hard-working married man.

The following preamble and resolutions were passed at the last meeting of Susquehanna Lodge No. 6, I. O. of Good Templars:

Whereas, death has been in our midst creating a vacancy in our fraternal circle. Therefore be it

Resolved, That in the death of brother H. L. Girod this Lodge has been bereft of a most efficient and genial member, and the community have lost a zealous laborer in every reform that is in progress for the elevation of mankind.

Resolved, That the members of this Lodge deeply sympathize with the bereaved relatives of the deceased, and condole with the hope that he has joined an exalted brotherhood in the eternal world.

The children's fair held in the town hall on Wednesday and Thursday afternoons and evenings was a most complete success. The large room of the hall was densely crowded on both evenings and we learn the receipts will exceed three hundred and fifty dollars. Well done, little ones. The proceeds go to the Sanitary Commission.

"The Lady's Friend" for May is out. "The Lovers" is a beautiful steel engraving—a double-sized fashion plate and numerous wood cuts, to say nothing of the high-toned reading matter make it a first class magazine at the low price of \$2. Deacon and Peterson, 319 Walnut-st., Philadelphia.

The pressing business of our Bank made the appointment of a Teller necessary and we are glad to learn that Mr. C. C. P. Grosh has received that appointment. Mr. G. will make an accommodating officer.

Capt. E. D. Roach of the 107th Pennsylvania Volunteers is home on short furlough and has opened a recruiting office in "Lyndsey's Building," on Elbow Lane. The Captain says his men have re-entitled to a man.

A man is said to have been drowned from a raft run by Conrad Marks, of this place, on Thursday morning. We did not learn his name, but we learn he leaves a family in Clearfield county.

A new carrier to our borough subscribers sets in to-day; any neglect on his part should at once be reported at this office and the neglect remedied.

The sales of the 10-40 loan at our Bank during last week footed up eighty thousand dollars.

The Patent Conflux Reflector Lantern.

THIS is the most desirable lantern in the market. It burns Coal Oil without a chimney, emitting neither smoke nor smell. It gives a pure white light. It stands quick motions in any direction. The flame is regulated from the outside. It is neat and compact in form and size. It is free from solder in the upper parts, and is otherwise very substantial in its structure. It has the glass sides so arranged that breakage is less likely to occur than in other lanterns, and in the event of breakage can be easily replaced. It has cones of reflectors which increase greatly the force of the flame, serving at the same time the purpose of shades to the eyes, which is very desirable. It is acid lower, with all these advantages, than any lantern in the market which admits of the flame being regulated from the outside. PRICE, ONE DOLLAR. For sale at JOHN SPANGLER'S Hardware Store, on Market street.

WANTED. ONE HUNDRED THOUSAND Country-made Cigars, which will be paid for. HENRY WOLFE'S, Market Street, Marietta, Pa. Want none but what are well made.

THE DRAFT! THE DRAFT!

Who would not be out of the Draft? BUT that which effects us in connection with the Army, is not the only one—the Draft upon the pocket is equally severe—consequently we purchase goods where we get them cheapest.

John Spangler, SUCCESSOR TO DAVID ROTH

First National Bank of Marietta, Pa.

Designated Depository and Financial Agent of the United States.

10-40 Loan.

By instructions from the Secretary of the Treasury, dated March 26th, 1864, this Bank is authorized to receive subscriptions for the National 10-40 Five per cent. Loan, in Coupon or Registered Bonds. This Loan, principal and interest, is payable in gold. On Bonds of \$500 and upwards, semi-annually (1st of March and September) and on those of less denominations annually, (1st of March). Subscribers can receive Bonds with Coupons from March 1st, by paying the accrued interest in coin, or in lawful money by adding 50 per cent. for premium. Or, if preferred, may deposit the principal only, and receive Bonds with Coupons from date of subscription. Registered Bonds will be issued of the denominations of \$50, \$100, \$500, \$1,000, \$5,000 and \$10,000, and Coupon Bonds of \$50, \$100, \$500 and \$1,000. For the greater convenience of subscribers, the different Banks and Bankers throughout the country are authorized to act as agents for the Loan. As only \$200,000,000 of this Loan can be issued, we would urge upon persons having surplus money, to subscribe promptly and secure the investment at par. The Secretary in presenting this new Loan to the public through the National Banks, relies upon the liberality and patriotism of our people to use all honorable means, and to make every exertion for its sale. It is hoped that Lancaster county, having done so well in the past in furnishing the Government means, will be equally prompt at this time.

Fish's Lamp is one of the most popular novelties of the day. Its utility is unquestionable, a great saving is made in heating and cooking small articles, and can be made to cook meals for a great many persons, which is actually done in the ambulance cars which carry the sick soldiers.

Scientific American. For family use, hospital tent, barracks, picnics, fishing, hunting, or sick room, it is an article of constant use and of great value. I have tried the apparatus, and my wife and I proclaim the same a most valuable and indispensable article, and we wonder how we could have done without it.
