Marietta, Penna., Saturday, April 30, 1864.

Mr. E. B. McMasters, a lumberman, had his bed chamber at the White Swan Hotel entered a few nights since and two hundred and eighty dollars taken from his pantaloons pocket .-Mr. McMasters on retiring raised his bed room window into which the thief found entrance. The window led into an alley which is one of the most frequented avenues of the borough, leading from Front to Market street; here a ladder must have been placed and after the robbery, taken away. Mr. McM. had a draft for \$1200 in his pocket book which the thief replaced in the pantaloons pocket and decamped. We do not know of a more daring and bold robbery. Our place, however, is now poluted with a band of pick-pockets, yankee traps, sweat tables, bogus jewelry tables, &c., without number. There is one consolation, however, these nuisances will be abated when the river falls.

The Lancaster Fencibles annual re-union took place in Fulton Hall on Tuesday evening of last week. It is said to have been one of the finest entertainments ever given in that city. Speeches were made by Col. Franklin, Gen. Steinman, Col. Dickey, Col. Hambright. Provost Marshal Stevens, A Herr Smith, Esq., and others. The Union League Band were in attendance.

At the Union County Convention held in Lancaster on Monday last Thaddeus Stevens and Thomas E. Franklin were chosen by acclamation to represent this county in the National Convention. Delegates to the State Convention: John Brady, Daniel H. Cochran, G. W. Mehaffy, W. S. Amweg, M H. Shirk, J. K. Alexander.

Officer Emswiler took to limbo on Thursday morning a Frenchy-fied. moustached thief who has been loitering about town for a couple of weeks. He is charged with having stolen a watch from a returned volunteer, which he says he only did in fun. The kind of fun we think he makes his living on.

The man drowned last week on the Susquehanna was Christian White, belonging to this borough, instead of Clearfield county, as we said last week. He leaves a family in this borough.

Office of the Committee on Labor, Incomes and Revenues, No. 118 South 7th St.,

PHILADELPHIA; April 4, 1864.)

The Committee on "Labor, Incomes and Revenues," invite co-operation with them in the particular work for which they have been appointed. As no portion of the people are more patriotic than the working men and women of the country, it is but just and proper that they should alike have an opportunity to contribute to the objects of the Fair. The most equable plan for accomplishing this; and, at the same time the easiest one, is to ask for the contribution of a single day's labor from all classes of the community. Many will conall classes of the community. Many will contribute a day of their labor willingly, who would not subscribe their money. To reach every department of industry and art will be a work of great labor, but, if attained, will

be productive of immense results.

The success of the plan will depend upon the hearty co-operation of every element of influence within our limits, and we invite all the guardians of the industrial interests; and all others, to take hold with us in furthering this great work of patriotism and humanity.

The Committee is charged with the following duty, to wit:

Much of this work must be performed by the personal influence and efforts of ladies and gentlemen associated, or to be associated with the Committee in carrying out this plan.

The Committee feel the responsibility of the work they have undertaken, which, to be successful, will require a very perfect ramification of their plan, and they therefore call upon all eaknest people, to assemble themselves together in every town, township, and county, and form organizations of ladies and gentlemen to co-operate with them in this great work and labor of love. In the manufacturing counties, the coal and oil regions, and in work and labor of love. In the manufacturing counties, the coal and oil regions, and in the agricultural districts,—especially, let there be organizations in the large towns, so that young people may have an opportunity thus to render assistance to their relatives and friends fighting the battles of their country in the armies of the nation.

The work of this Committee may be prosecuted where no other effort can be made for

cuted where no other effort can be made for the Fair, as in the mines of the coal regions.—
A day's earnings of the miners, and a day's product of the mines, can be obtained, where no portable article could be procured for transportation. Indeed there is no part or section of these States where the day's labor may not be obtained, if organizations can be formed to be obtained, if organizations can be formed to

In the coming campaigns of our armies, the labors of the "Sanitary Commission" will be greatly augmented. By the first of June 700,000 men—one of the lagest armies of modern times—will be operating in the field. So large a force, scattered over regions to which the men are unacclimated, must necessarily carry along with it a large amount of sickness, suffering

These sufferings, it is our bounden duty, as men and Christians, to relieve. A great and enlightened people, enjoying the blessings of a government of their own making, cannot re-Juse assistance to men suffering to maintain its authority, and we will not believe that the "Great Central Fair," drawing its products from the three States of Pennsylvania, New Jersey and Delaware, so affluent in all mineral, agricultural and industrial wealth, shall fall behind any similar effort which has yet been made for the relief of the Nation's children.

Subscriptions will be thankfully acknowledged in the newspapers of Philadelphia; and it is very desirable that they commence soon, as each fresh acknowledgment will stimulate effort in other localities.
