MARIETTA CAR Hours. The several pas-eanger trains will leave the "Upper-station Depot" as follows: Morning train, East, at ten minutes before 8; Mail train West, 12:11; Marrisburg Accommodation train, East, at 6:39 and the evening train West, at 7:02.

Marietta, Saturday, May 7, 1864.

We will send a collector amongst our borough subscribers and those in our immediate vicinity during the coming week. We are now much in want of money-paper has again taken a rise and we must collect closely to meet our engagements. We hope all will be in readiness for him.

L. K. Brown, Jr., a son of Levi K. Brown, in the eighteenth year of his age, of Goshen, this county, after gearing a horse for use, stepped back from the stall, when the animal kicked him in the breast, killing him almost instantly. He was an intelligent and promis-"lag boy.

One of Fish's celebrated "Lamp Heating Apparatus" can be seen at John Spangler's Hardware store. They are an excellent "institution" -- we know this ourselves to be so, having one in use in our own family. See advertise ment in another column.

By referring to our advertising columns it will be seen that Mr. Black, of Black's Hotel, Columbia, has leased the ferry at that point. Every possible accommodation may be looked for from

The collector of State and County taxes desires us to say that he will start out on Monday next and hopes all taxpayers will be in readiness for him.

The Mount Joy Herald has passed into the hands of Mr. J. R. Hoffer. We wish him success in his new undertaking.

A few days more and the river business will be "wound up." The spring has been a long and busy one.

FATAL HAILBOAD ACCIDENT. - On Wednesday morning last, the Lancaster. Accommodation train ran off the track one mile west of Parkesburg. It ran about Bity yards to the crossing, or switch, where the baggage car crossed to the North track, running into a freight train which had previously crossed over to allow the passenger train to pass. The figure on the train, Free- generally that by land, residing near Bird-in-hand, Laneaster county, was so severely injured have a beautiful stock of that he died in about half an hour after the accident. No one else was injured. at lower prices than they now can be purchased The baggage and front passenger cars were badly injured, and about fifty barrels of coal oil lost.

The oil ran upon the ground freely, and in a short time many persons were on hand with pots, pans, buckets, crocks and vessels innumerable, dipping it up. They would dig holes to let the oil run in, from which they dipped. One man had an ox team and a half hogshead, his family assisted him, and he is reported to have gathered about nine barrels.

The Lancaster train was detained about four hours, and the mail train west about two hours. - Coutesville Union of the 30th ult.

We see it stated that Mr. J. R. Sypher, long an army correspondent of the New York Tribane, and for several years connected with the press of Lancaster city, has now completed his arrangements for the publication of a "History of the Pennsylvania Reserve Corps," Elias Barr & Co., of Lancaster city to be the publishers. A truthfully written history of the Pennsylvania Reserves cannot fail to fill the brightest page in the annals of the struggle to put down the rebellion.

SANITARY COMMISSION.

Office of the Committee on Labor, Incomes and Revenues, No. 118 South 7th St.,

PHILADELPHIA, April 4, 1864.

The Committee on "Labor, Incomes and Revenues," invite co-operation with them in the particular work for which they have been appointed. As no portion of the people are more patriotic than the working men and women of the country, it is but just and proper that they should alike have an opportunity to contribute to the objects of the Fair. The most equable plan for accomplishing this, and, at the same time the easiest one, is to ask for at the same time the easiest one, is to ask for the contribution of a single day's labor from all classes of the community. Many will contribute a day of their labor willingly, who would not subscribe their money. To reach every department of industry and art will be a work of great labor, but, if attained, will be productive of immense results.

'The success of the plan will depend upon the hearty co-operation of every element of influence within our limits, and we invite all the guardians of the industrial interests, and all others, to take shold with us in furthering at the same time the easiest one, is to ask fo

all others, to take hold with us in furthering this great work of patriotism and humanity.

The Committee is charged with the following duty, to wit:

ang duty, to wit:

First.—To obtain the contribution of "one day's labor," or earnings, from every artisan and laborer, foreman, operative and employee; president, cashier, teller and clerk of every incorporated or unincorporated company, railroad or express company, employing firm, bank, manufactory, iron works, oil works, mill, mine and public office; from every private banker and broker, importer, auctioneer and merchant; clerk, agent and salesman; designer, finisher and artist; publisher, printer and merchanic; from every movement. er and mechanic; from every government officer, contractor and employee; grocer, butcher, baker and dealer; farmer, horticulturnst and pro lucer; from every mantua maker, milliner and female operative; every individual engaged in turning the soil, tending the loom, or in any way earning a livelihood, or building a fortune within the States of Pennsylvania, New Jersey and Delaware.

SECOND.—To obtain the contribution of one and says "Revenue." 2 from all the great employer.

day's "Revenue," from all the great employ-ing establishments, firms, corporations, companies, railroads and works.

There To obtain the contribution of one day's income from every retired person, and person of fortune—male, and female—living upon their means, and from all clergymen,

lawyers, physicians, dentists, editors, authors and professors; all other persons engaged in the learned or other professions. Much of this work must be performed by the personal miluence and efforts of ladies and gentlemen associated, or to be associated with

the Committee in carrying out this plan.

The Committee feel the responsibility of the work they have undertaken, which, to be successful, will require a very perfect ramifica-tion of their plan, and they therefore call upon all earnest people, to assemble themselves to-gether in every town, township, and county, and form organizations of ladies and gentle-men to co-operate with them in this great work and labor of love. In the manufacturing counties, the coal and oil regions, and in the agricultural districts,—especially, let there be organizations in the large towns, so that young people may have an opportunity thus to render assistance to their relatives and friends fighting the battles of their country in

the armies of the nation.
The work of this Committee way be prosecuted where no other effort can be made for the Fair; as in the mines of the coal regions. A day's earlings of the miners and a day's product of the mines, can be obtained, where no portable article could be produced fortransportation. Indeed there is no part for section of these States where the day's labor may not be obtained if or produced in the could be activated if or produced in the could be able to the could be activated if or produced in the could be activated by the could be activated be obtained, if organizations can be formed to reach them.

The Committee cannot close without urging

more, than thus to present the subject to the more, than thus to present the subject to the people of the three States named. In the coming campaigns of our armies, the labors of the "Sanitary Commission" will be greatly augmented. By the first of June 700,000 men—one of the lagest armies or modern times—will be accepted. will be operating in the field. So large a force, scattered over regions to which the men are unacclimated, must necessarily carry slong. with it a large amount of sickness, suffering and death, to say nothing of the gathered hor-

These sufferings, it is our bounden dury, as men and Christians, to relieve. A great and enlightened people, enjoying the blessings of a government of their own making, cannot relieve and somach and thus remove all the Juse assistance to men suffering to maintain its authority, and we will not believe that the authority, and we will not believe that the authority, and we will not believe that the "GREAT CENTRAL FAIR," drawing its products from the three States of Pennsylvania, New Jersey and Delaware, so affluent in all mineral, agricultural and industrial wealth, shall fall behind any similar effort which has yet been made for the relief of the Nation's

As it is desirable not to multiply circulars no further authority than this circular will be necessary for any employing firm or company, or any respectable committee of ladies and gentlemen, to proceed at once, in the work of this Committee; and it is hoped that under it, or ganizations will spring up in all the towns and the busy regions of the States of Pennsyl-vania, New Jersey and Delaware. Subscriptions will be thankfully acknowl-

edged in the newspapers of Philadelphia; and it is very desirable that they commence soon, as each fresh acknowledgment will stimulate effort in other localities. All subscriptions should be addressed to John W. Crachorn. Treasurer, office of the

Committee for a Day's Labor. GREAT CENTRAL SANITARY FAIR. Committee on "Labor Incomes & Revenues." Office No. 118 S. Seventh Street.

JOHN W. CLACHORN, Trens'r. This Committee has a special work, to wit: to obtain a day's "labor," a day's "income," and a day's "revenue," from every citizes of the three States of Pennsylvania, New Jersey and Delaware, for the benefit of our sick and

wounded soldiers.

The Committee is now fully organized at the above address, and for the co-operation of all classes in the community.

We want to show what the industrial classes can do for their soldiers!

What the people can do in their seperate

What Pennsylvania can do! What New Jersey can do! What Delaware can do! What each county can do! What each city and town can do! What each profession can do! What each trade can do! What each occupation can do! What each manufactory can do! What each bank, insurance company and

ulroad can do! What each mine can do! What each workshop can do! What each family can do! What each man can do! What each woman can do! What each boy and girl can do!

We want to show to the world what Ameri-nan freemen are ready to do for their soldiers! This is a great work and the time short. The way to do so is to ORGANIZE. Organize in your workshops-in your fami-

Let the men organize. Let the women organize. Let the trades organize.

Let the workmen give with their employers, the employers with their workmen.

It is easily done. It the workmen will authorize their employers to deduct one day from their week's or month's earnings, and the employers will add to it a day of their profits, the whole sum will be acknowledged together to the credit of the establishment. We say to all, go to work at once with us in this great work. Hurry forward your contributions.—

Every acknowledgment will stimulate others to follow your example.

Circulars with full instructions will be sent upon application, by mail or otherwise, to the Organize everywhere.
