MARIETTA CAR HOVS. The several passenger trains will leave the "Upper Station Depot" as follows: Morning train, East, at ten minutes before 8; Mail train West, 11:30; Mail train East, 1:45; Harrisburg Accommodation train, East, 6:39 and the evening train West, at 7:02.

Marietta, Saturday, May 21, 1864.

Dr. William W. Martin, formerly of this borough, but for the past sixteen years a resident of Indiana, died in that state on the 9th instant. His remains were brought to this place for burial on Saturday last. Dr. Martin read Medicine with the late Dr. Glaz. We learn that the Doctor was a Surgeon in the Union service for the last two years; having been attached to the 44th Regiment, Indiana Volunteers. He was attacked with a stroke of apoplexy on Sunday morning about ten o'clock, and by midnight on Monday he had had three more, in the last of which he died.

Speaking of the bridge, the Columbia Spy of Saturday last says: "Workmen are now engaged at repairing the piers of the Columbia Bridge. They intend to make the Columbia end of the bridge considerably lower, so that locomotives can run on it without so much grade. They do not intend to do anything at the wood work at present, as it will take all summer to do masonry. The first span at each end and one or two spans about the middle will be iron. It will be a covered bridge with railroad track, towing path, carriage ways, &c., and when completed it will be one of the finest structures in the country."

Mr. Black, of the Columbia ferry, we learn has issued coupon tickets at half price, to persons who wish to visit church on either side of the river on Sunday. He also sells tickets good for 24 trips for \$3.00, also 8 trip tickets for \$1.00. They can be used by any member of the family. The ferry boat runs so as to connect with all the trains, at Columbia and Wrightsville. We have no doubt Mr. B's management will prove very satisfactory for he is an obliging and gentlemanly business man.

We learn through Col. W. H. Eagle, the Treasurer of the Children's Fair, that the net proceeds amounted to three hundred and eighty-three dollars and seven cents. A check for \$300 has been forwarded to J. W. Claghorn, Esq., Treasurer of the Sanitary Fair, Philadelphia, and the balance has been devoted to the "Patriotic Circle" of this place. This fair was certainly a most complete success, for which Colonel Eagle and some of the gentlemen connected with the Marietta Athenaeum Association, deserve great praise.

A very distressing accident occurred near Bainbridge on Thursday afternoon, by the breaking of an axle of one of Knuffman & Shaeffer's iron cars by which the conductor, a Mr. Hawthorne, lost his life; several other attendants of the train were more or less injured and the afternoon passenger train, due at this place at quarter before 2, did not arrive until nearly 7 o'clock.

On tomorrow (Sunday) morning and evening the M. E. Sabbath School will hold their first quarterly meeting for the present year. The children on that occasion will sing to great their friends and the citizens with rejoicing and singing. Sermon by Rev. Mr. Gregg and an address by the superintendent, Rev. Mr. Clawges.

A most distressing accident occurred on Monday morning last at Hjestand's siding, at the lower station. Whilst a burden train was backing in to a couple of cars, Henry Bostick, the brakeman, was thrown from the train and his neck broken and arm badly shattered. He was killed instantly. He leaves a family in this borough.

By reference to our advertising columns it will be seen that Mr. Engle, adjoining this borough, has a lot of fine Sweet Potato plants for sale. We are told that the period for planting is just at hand—from the present until the 8th or 10th of June being the proper time.

Mrs. Alcinda Wilhelm lectured in the Town Hall on Thursday and Friday evenings. Mrs. W. is spoken of as a very eloquent speaker, and has spent some time in her country's service in attending the sick and wounded. The proceeds of the lectures are to go to the sanitary fund.

There will be a meeting of the Farmers' and Gardeners' Society on Thursday evening next, at 8 o'clock, in Temperance Hall, to take preliminary steps for a Fruit exhibition. A full attendance is requested.

In the recent battles by the army of the Potomac, we find amongst the killed Simon N. Sanders, of this borough, who was in the 45th. Ruben Weaver, of this place, also in the 45th was wounded.

"Old Mrs. Dickey" and did not know her in this vicinity—Wednesday morning last. She is one of the oldest ladies in the county.

A new and accommodative table went into operation on Monday morning last. For particulars of this column, see above.

The following of Dr. Thomas W. Evans, formerly of Lancaster, is from the London gossip column of the New York Home Journal: "When Sir Henry Bulwer returned from Paris, the other day, he brought with him as a guest, Dr. Evans, the Yankee dentist of almost all the crowned heads of Europe in general, and Napoleon in particular. If the Doctor were a prince he could hardly receive more attention than he does now. It is understood that he is not only the dentist but the confidential agent and friend of the Emperor Napoleon, and his errand here is probably political rather than professional. Like most decorated Americans, he is rather disagreeably vain of the fact that he wears more decorations than any general in Europe; but, aside from this, he is an agreeable and talented man. As a warm friend of the North, he has undoubtedly done very much to restrain the Emperor in his inclination to recognize the South."

Osborn's celebrated Java Coffee is acknowledged by all who have used it to be the best and most economical coffee in use, and equal in flavor to pure Java, being made from the best Java coffee, with other ingredients which are not only harmless but highly beneficial to the physical system, a fact not merely stated, but in testimony of which he has certificates from the most eminent physicians and chemists in this country, highly recommending it from actual experience, having used it themselves to their entire satisfaction.

"The Lady's Friend" for June is out. This fine monthly opens with a fine steel engraving of "The Young Brood." This is followed by a handsome colored Fashion Plate, double the size of those usually given by two-dollar magazines. Then comes a number of well-executed wood engravings of the fashions, needle work, &c., such as ladies alone know how to properly value. A number of engravings illustrating "Anarchy for Ladies" is an interesting feature of this number. Only \$2 a year, Deacon & Peterson, 319 Walnut street, Philadelphia.

Our readers are already aware that the great sword contest at the New York Sanitary Fair, resulted in favor of Gen. Grant.—His majority was 15,702, over all competitors. A number of citizens of Lancaster forwarded the amount of money necessary and "put down" 62 "votes for Grant."

Sergeant Greenawalt, of Elizabethtown, attached to the 9th Pa. Cavalry, while home on furlough, was killed on Monday last. In endeavoring to jump from the cars, whilst in motion, he fell and the train passed over him, killing him instantly.

Mr. Moses Habecker, of Clay township, has five sons in Col. Hambright's Regiment. Three of them have been in the regiment since its first organization and the other two joined lately.

Friends and Relatives of the brave SOLDIERS & SAILORS.

HOLLOWAY'S PILLS & OINTMENT

ALL WHO HAVE FRIENDS AND Relatives in the Army or Navy, should take special care, that they be amply supplied with these Pills and Ointment; and where the brave Soldiers and Sailors have neglected to provide themselves with them, no better present can be sent them by their friends. They have been proved to be the Soldier's never-failing friend in the hour of need.

Coughs and Colds affecting Troops Will be speedily relieved and effectually cured by using these admirable medicines, and by paying proper attention to the Directions which are attached to each Pot or Box.

Sick Headache and want of Appetite incident to Soldiers! Those feelings which so sadden us, usually arise from trouble or annoyances, obstructed perspiration, or eating and drinking whatever is unwholesome, thus disturbing the healthy action of the liver and stomach. These organs must be relieved if you desire to do well.

The Pills, taking according to the printed instructions, will quickly produce a healthy action in both liver and stomach, and as a natural consequence a clear head and good appetite.

Weakness and Debility induced by OVER FATIGUE. Will soon disappear by the use of these invaluable Pills, and the Soldier will quickly acquire additional strength. Never let the bowels be either confined or unduly acted upon. It may seem strange that Holloway's Pills should be recommended for Dysentery and Flux, many persons supposing that they would increase the relaxation. This is a great mistake, for these Pills will correct the liver and stomach, and thus remove all the acrid humors from the system. This medicine will give tone and vigor to the whole organic system however deranged, while health and strength follow as a matter of course. Nothing will stop the relaxation of the Bowels so sure as this famous medicine.

VOLUNTEERS ATTENTION! Sores and Ulcers, Blotches and Swellings can with certainty be radically cured if the Pills are taken night and morning, and the body is kept cool by using the printed instructions. If treated in any other manner they dry up in one part to break out in another. Whereas this Ointment will remove the humors from the system and leave the patient cool and healthy. It will require a little perseverance in bad cases to insure a LASTING CURE.

For Wounds either occasioned by the Bayonet Sabre or the Bullet, Sores or Bruises, To which every Soldier and Sailor are liable there are no medicines so safe, sure and convenient as Holloway's Pills and Ointment.—The poor wounded and almost dying sufferer might have his wounds dressed immediately, and would not provide himself with this matchless Ointment, which should be thrust into the wound and smeared all around it, then cover it with a piece of linen from his Knapsack, and compressed with a handkerchief.—Taking night and morning 6 or 8 Pills, to cool the system and prevent inflammation. Every Soldier's Knapsack and Seaman's Chest should be provided with these invaluable Remedies.

UTMOST CAUTION!—None are genuine unless the words "HOLLOWAY, NEW YORK and LONDON," are discernible as a Water-mark in every leaf of the book of directions, around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

Sold at the Manufactory of Professor HOLLOWAY, 50 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the civilized world, in pots or boxes, at 75 Cts. and \$1.10 each.

N.B.—Directions for the guidance of patients in every disorder are affixed to each pot.

Dealers in my well known medicines can have SHOW CARDS, CIRCULARS, &c., sent them, FREE OF EXPENSE, by addressing

The Patent Conflux Reflector Lantern. THIS is the most desirable lantern in the market. It burns Coal Oil without a chimney, emitting neither smoke nor smell. It gives a pure white light. It stands quick motions in any direction. The flame is regulated from the outside. It is neat and compact in form and size. It is as free from soot in the upper parts, and is otherwise very substantial in its structure. It has the glass sides so arranged that breakage is less likely to occur than in other lanterns, and in the event of breakage can be easily replaced. It has convex reflectors which increase the force of the flame, serving at the same time the purpose of shades to the eyes, which is very desirable. It is sold lower, with all these advantages, than any lantern in the market which admits of the light being regulated from the outside. PRICE, ONE DOLLAR.
