There are many preparations soid under the name of Bitters, put up in quart bottles, compounded of the cheapest Whiskey or common Rum, costing from 20 to 40 cents per gallon, he taste disguised by Anise of Coriander seed. This class of Bitters has caused and will continue to cause as long as they can be sold. inue to cause, as long as they can be sold, undreds to die the death of a drunkard. received from any simple preparation, in the bope that he may thus contribute to the benefit of others.

I do this more readily in regard to Hoofland's German Ritters, prepared by Dr. C. M. Jackson because I was prejudiced against them for a number of years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Rob't Shoemaker, esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long debility. The use of three bottles of these bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had aimost dispaired of regaining. I therefore thank God and my friend for directing me to the use of them.
