This Loan, principal and interest, is payable in gold. On Bonds of \$500 and upwards, semi-annually. (1st of March and September) and on those of less denominations annually, (1st of March.)

Subscribers can receive Bonds with Coupons from March 1st, by paying the accrued interest in coin, or in lawful money by adding 50 per cent. for premium. Or, if preferred, may deposit the principal only, and receive Bonds with Coupons from date of subscription.

Registered Bonds will be issued of the denominations of \$50, \$100, \$500, \$1,000, \$5,000, \$10,000, and Coupon Bonds of \$50, \$100, \$500 and \$1,000.

For the greater convenience of subscribers, the different Banks and Bankers throughout the country are authorized to act as agent for the Loan.

An only \$200,000,000 of this Loan can be issued, we would urge upon persons having surplus money, to subscribe promptly and secure the investment at par.

The Secretary in presenting this new Loan to the public through the National Banks, relies upon the liberality and patriotism of our people, to use all honorable means, and to make exertion for its sale.

It is hoped that Lancaster county, having done so well in the past in furnishing the Government means, will be equally prompt at this time.

REFRIGERATORS. The only method for preserving by means of Ice, free from the influence of damp air. WILSON'S Patent Air Circulating Refrigerators.

It is an acknowledged fact that articles of food placed in a sufficiently cool atmosphere, free from moisture and damp air, can be effectively preserved for indefinite periods during the warmest weather. These Refrigerators are the only ones manufactured that can accomplish that object. No air from the ice is admitted to the preserving chamber, but a dry cold atmosphere is created in it, by circulating cold air around and outside of it.

Needs, Fish, Milk, Fruit, &c., are preserved in a fresh and natural state for as long as may be required, with a consumption of one third less ice than any other Refrigerator made. They are undoubtedly the best ever introduced.

For Farmers and Families residing in cities, villages, or the country, they are invaluable. Especial attention is called to our DAIRY REFRIGERATORS, made to order expressly for this purpose. - Where they are in use they save many times their cost in one season.

U. S. 10-40 BONDS. These Bonds are issued under the Act of Congress of March 5th, 1864, which provides that all Bonds issued under this Act shall be EXEMPT FROM TAXATION by or under any state or municipal authority. Subscriptions to these Bonds are received in United States notes or notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Government, at any period not less than ten months nor more than forty years from their date, and until their redemption FIVE PER CENT. INTEREST WILL BE PAID IN COIN, on Bonds of not over one hundred dollars annually and on all other Bonds semi-annually. The interest is payable on the first days of March and September in each year.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U. S. Treasurer, and can be transferred only on the owner's order. Coupon Bonds are payable to bearer, and are more convenient for commercial uses.

Subscribers to this loan will have the option of having their Bonds draw interest from March 1st, by paying the accrued interest in coin - (or in United States notes, or the notes of National Banks, adding fifty per cent. for premium) or receive their drawing interest from the date of subscription and deposit. As these Bonds are Exempt from Municipal or State Taxation, their value is increased from one to three per cent. per annum, according to the rate of tax levies in various parts of the country.

At the present rate of premium on gold they pay Over Eight Per Cent Interest in currency, and are of equal convenience as a permanent or temporary investment.

It is believed that no securities offer so great inducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or ability of private parties or stock companies or separate communities only is pledged for payment, while for the debts of the United States the whole property of the country is held to secure the payment of both principal and interest in coin.

These bonds may be subscribed for in sums from \$50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest.

It may be useful to state in this connection that the total Funded Debt of the United States on which interest is payable in gold, on the 31st day of March, 1864, was \$768,965,000. The interest on this debt for the coming fiscal year will be \$45,937,126, while the customs revenue in gold for the current fiscal year, ending June 30th, 1864, has been so far at the rate of over \$100,000,000 per annum.

It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the Treasury for the payment of the gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of importations, to \$150,000,000 per annum.

Instructions to the National Banks acting as loan agents were not issued from the United State Treasury until March 26, but in the first three weeks of April the subscriptions averaged more than TEN MILLIONS A WEEK.

Subscriptions will be received by the First National Bank of Philadelphia, Pa. Second National Bank of Philadelphia, Pa. Third National Bank of Philadelphia, Pa. which are depositaries of Public money, and all RESPECTABLE BANKS & BANKERS throughout the country, (acting as agents of the National Depository Banks,) will furnish further information on application and AFFORD EVERY FACILITY TO SUBSCRIBERS. Friends and Relatives of the brave SOLDIERS & SAILORS. HOLLOWAY'S PILLS & OINTMENT. ALL WHO HAVE FRIENDS AND RELATIVES in the Army or Navy, should take special care, that they be amply supplied with these Pills and Ointment; and where the brave Soldiers and Sailors have neglected to provide themselves with them, no better present can be sent them by their friends. They have been proved to be the Soldier's never-failing friend in the hour of need. Coughs and Colds affecting Troops. Will be speedily relieved and effectually cured by these admirable medicines, and by paying proper attention to the Directions which are attached to each Pot or Box. Sick Headache and want of Appetite Incident to Soldiers! Those feelings which so sadden us, usually arise from trouble or annoyances, obstructed respiration, or eating and drinking whatever is unwholesome, thus disturbing the healthy action of the liver and stomach. These organs must be relieved, if you desire to do well. The Pills, taken according to the printed instructions, will quickly produce an action in both liver and stomach, and as a natural consequence a clear head and good appetite. Weakness and Debility induced by OVER FATIGUE. Will soon disappear by the use of these invaluable Pills, and the Soldier will quickly acquire additional strength. Where the bowels be either confined or unduly acted upon. It may seem strange that Holloway's Pills should be recommended for Dysentery and Flux, many persons supposing that they would increase the pain. This is a great mistake, for these Pills will correct the liver and stomach, and thus remove all the acrid humors from the system. This medicine will give tone and vigour to the whole organic system, however deranged, which health and strength follow as a matter of course. Nothing will stop the relaxation of the bowels so sure as this famous medicine. VOLUNTEERS ATTENTION! Soldiers and Officers, who are willing to combat with certainty be radically cured if the Pills are taken night and morning, and the Ointment be freely used as stated in the printed instructions. If treated in any other manner they dry up in one part to break out in another. Whereas this Ointment will remove the humors from the system and leave the patient a vigorous and healthy man. It will require a little perseverance in bad cases to insure a LASTING CURE. For Wounds either occasioned by the Bayonet, Sabre or the Bullet, Sores or Bruises, To which every Soldier and Sailor are liable there are no medicines so safe and convenient as Holloway's Pills and Ointment. The poor-wounded and almost dying sufferer might have his wounds dressed immediately, if he would only provide himself with this matchless Ointment, which should be thrust into the wound immediately all around it, cover it with a piece of linen from his Knapsack and compressed with a handkerchief. Taking night and morning 6 or 8 Pills, to cool the system and prevent inflammation. Every Soldier's Knapsack and Seaman's Chest should be provided with these invaluable Remedies! IMPORTANT CAUTION! - None are genuine unless the words "HOLLOWAY, New York and London," are discernible as a Water-mark in every leaf of the book of directions, around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious. Sold at the Manufactory of Professor Holloway, 49 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the civilized world, in pots or boxes, at 20c. 75c. and \$1.10 each. - N.B. - Directions for the guidance of patients in every disorder are added to each pot. - Dealers in my medicines can procure SHOW CARDS, CIRCULARS, &c., sent them FREE OF EXPENSE, by addressing THOMAS HOLLOWAY, 50 Maiden Lane, New York.
