

**DR. JOHN L. LYON'S**  
FRENCH  
Periodical Drops

THE GREAT FEMALE REGULATOR,  
IS THE ONLY KNOWN  
REMEDY  
THAT WILL SUCCESSFULLY AND  
Invariably restore and regulate the female system, removing all irregularities, and producing health, vigor and strength.

**LYON'S**  
PERIODICAL DROPS

Are a fluid preparation, the only one of the kind ever discovered in this country, and acts directly on the parts affected, whilst pills and powders can only reach them as they work through sympathy, but not at all direct and positive.

Are you suffering from a constant anxiety for the regular return of nature's prescribed laws?

Give yourself no uneasiness, for Lyon's Periodical Drops, if taken a day or two before the expected period, will positively and invariably regulate its coming, as sure as effect follows cause, as sure as daylight follows darkness.

Are you sick, enfeebled by disease, or unable to bear the labor and danger of increase?

**LYON'S**  
PERIODICAL DROPS

Come to you as a blessing, for is not prevention better than cure?

If regularly taken, it is a certain preventive, and will save you much peril and many hours of suffering.

Have you been afflicted for many years with complaints incident to the sex, that have baffled the skill of physicians, and are hurrying you on to an early grave?

**LYON'S**  
PERIODICAL DROPS

Are the most reliable regulator ever known, and cure, like magic, all those irregularities that have defied the doctor's skill.

Will you waste away with suffering from Leucorrhoea, Prolapsus, Dysmenorrhoea, and a thousand other difficulties, all summed up under the name of suppressed and obstructed menstruation?

**LYON'S**  
PERIODICAL DROPS

Will surely save you

Do not use the Drops when forbidden in the directions, for although a positive cure, and harmless at all other times, they are so powerful and finely calculated to adjust and govern the functions of the sexual organism, that, if taken at improper times, they would produce results contrary to nature, against which all, particularly those who would reproduce, should carefully guard.

**LYON'S**  
PERIODICAL DROPS

Cannot harm the most delicate constitution a any time; yet the proprietors wish to guard against its misuse, hoping that a thousand bottles will be used for a good purpose where one is used for an illegitimate one.

**LYON'S**  
PERIODICAL DROPS

the never-failing Female Regulator, is for sale by every Druggist, in both city and country, and do not, if you value your health and wish for a reliable medicine, buy any other. Take no other, but if the Druggist to whom you apply has not got it, make him send and get it for you.

**PARTICULAR NOTICE.**  
There are many preparations sold under the  
name of Bitters, put up in quart bottles, com-  
posed of cheap and inferior materials, and  
Rum, costing from 20 to 40 cents per gallon,  
is taste disguised by Anise or Coriander seed.  
This class of Bitters has caused and will con-  
tinue to cause, as long as they can be sold,  
much suffering and death to a drunkard. By  
their use the system is kept continually under  
the influence of alcoholic stimulants of the  
worst kind, the desire for liquor is created and  
kept up, and the result is all the horrors at-  
tendant upon a drunkard's life and death. Be-  
ware of cheap Bitters.

For those who desire and will have a liquor  
bitters, we publish the following receipt:  
Get one bottle Helmbold's German Bitters and  
mix with three quarts of good Whiskey or  
Brand, and you have a superior preparation  
that will far excel in medicinal virtues and  
will excel any of the numerous liquor  
bitters in the market, and will cost less.  
You will have all the virtues of Helmbold's Bitters  
and in addition a good deal of the best  
and at a much less price than these inferior  
preparations will cost you.

**DELICATE CHILDREN.**  
Those suffering from *marasmus*, wasting  
away, and scarcely any flesh on their bones,  
are cured in very short time; one bottle in  
such cases, will have most surprising effect.

**DEBILITY.**  
Resulting from Excess of any kind—these bitters  
will renew your strength in a short time.  
Every man who is debilitated by the use  
of these Bitters will be cured. No person in a  
fever and ague district should be without them.

From Rev. J. Newton Brown, D. D., Editor  
of the Encyclopedia of Religious Knowledge.  
Although not disposed to favor or recommend  
Patent Medicines, I have, through distrust  
of their ingredients and effects; I yet know  
of no sufficient reason why a man may not testify  
to the benefits he believes himself to have  
received from any simple preparation, in the  
hope that he may thus contribute to the benefit  
of his fellow-men.

I do this more readily in regard to Helmbold's  
German Bitters, prepared by Dr. C. M. Jackson  
because I was prejudiced against them for a  
number of years, under the impression that  
they were chiefly an alcoholic mixture. I am  
indebted to my friend Robt. Shoenberger for  
the removal of this prejudice by proper  
tests, and for encouragement to try them, when  
suffering from great and long debility, at the  
beginning of the present year, I was followed by  
evident relief, and restoration to a degree of  
bodily and mental vigor which I had not felt  
for six months before, and had almost despair-  
ed of regaining. I therefore thank God and  
my friend for directing me to the use of them.  
Philadelphia, June 23, 1862.

**ATTENTION, SOLDIERS.**  
AND THE FRIENDS OF SOLDIERS.  
We call the attention of all having relations  
or friends in the army to the fact that Helmbold's  
German Bitters will cure many of the  
diseases induced by privation and ex-  
posure incident to camp life. In the lists  
published almost daily in the newspapers, on  
the arrival of the sick, it will be noticed that  
a very large proportion are suffering from  
debility. Every case of that kind can be read-  
ily cured by Helmbold's German Bitters. We  
have no hesitation in stating that, if these bitters  
are freely used among our soldiers, hun-  
dreds of lives might be saved that otherwise  
would be lost.

The proprietors are daily receiving thankful  
letters from sufferers in the army and hospi-  
tals, who have been restored to health by the use  
of Helmbold's German Bitters. Beware of  
counterfeits! See that the wrapper  
nature of "C. M. Jackson" is on the wrapper  
of each bottle.

**DRUGGISTS.**  
Large Size, \$1.00 per dozen for \$5.  
Medium size, 75c per bottle, or dozen for \$4.

Orange Judd, of the American Agriculturist,  
says:  
"The Universal Clothes Wringer:  
"A child can readily wring out a tubful of  
clothes in a few minutes. It is really a clothes  
saver & Time Saver. The saving of gar-  
ments will alone pay a large percentage on  
its cost. We think the machine much more  
than pays for itself every year in the saving of  
garments! There are several kinds, nearly  
all in general use, but we consider it  
important that the Wringer be fitted with  
Cogs, otherwise a mass of garments may clog  
the rollers, and the rollers upon the crank  
shaft slip and tear the clothes, or the rubber  
bands loose from the shaft. Our own is one of  
the first in the line, as new after  
nearly four years constant use."

Every Wringer with Cog Wheels is war-  
ranted in every particular.  
No Wringer can be durable without Cog-wheels.  
A good Canvaser wanted in every town.  
On receipt of the price from places where  
not in the bill, we will send the Wringer  
free of expense.

**Prospectus of The American Artisan.**

THE AMERICAN ARTISAN is a journal  
devoted to fostering the interests of Arti-  
sans and Manufacturers, encouraging the  
rights of Inventors, and protecting the rights  
of Patentes. It publishes every Wednesday  
morning, at No. 212 Broadway (corner of  
Fulton Street), New York, by BROWN,  
COOMBS & CO., Solicitors of American and  
Foreign Patents.

The American Artisan respectfully  
announces that on May 11, 1864,  
it issued the first number of that journal;  
and they confidently believe that, after the  
public have carefully perused and duly digested  
the contents of the first number, they will  
unanimously declare to be more instructive  
and interesting than any other weekly peri-  
odical of similar character published in either  
the United States or Europe. During the next  
twelve months the American Artisan will  
contain numerous Original Engravings and  
Descriptions of New Machinery, etc., both  
American and Foreign—Histories of Famous  
Inventions and Discoveries—Essays on Sci-  
entific Subjects—Reports of the American  
Patent Office—Letters from working  
men in all parts of the world, illustrative  
in various Arts and Trades—Reliable Recipes  
for use in the Field, the Workshop, and the  
Household—Wonderful Experiments in Chem-  
istry—Hints to Millers and Millwrights—  
Manufactures for Mechanics and Agricultural  
Illustrated details of curious and ingenious  
"Mechanical Movements" and other useful  
lessons for young Artisans—the Official  
list of all Patents issued weekly  
from the United States Patent Office—Reports  
of Law Cases relating to Patents; the whole  
forming an Encyclopedia of General Informa-  
tion on a variety of topics connected with the  
Industrial Arts, the progress of Invention, &c.

**THE PUBLISHING DEPARTMENT**  
of the American Artisan will be under the  
general superintendence of Mr. JOHN W.  
New-York, and the editorial department  
in the management of a similar department  
in the office of the "Scientific American," in this  
city. Each number of the American Artisan  
will contain thirty-two columns of instructive  
and interesting reading matter, in which the  
progress of the arts and sciences will be re-  
corded in familiar language, divested of tech-  
nicalities and abstruse words and phrases.

**THE EDITORIAL DEPARTMENT**  
of the American Artisan will be critically su-  
pervised by a member of the firm of Brown,  
Coombs & Co., assisted by other gentlemen of  
theoretical and practical knowledge of the arts  
and sciences. The contents of the American  
Artisan will be rendered attractive by articles  
from the pens of many talented American  
writers upon scientific and mechanical sub-  
jects; and among the more prominent of these  
contributors may be mentioned Robert Mac-  
Farlane, who during the last winter was  
filled the responsible position of Senior Editor  
of the "Scientific American."

**THE PATENT DEPARTMENT**  
of the American Artisan will be placed in  
charge of Mr. Henry T. Brown, who has had  
more than nineteen years' experience as a so-  
licitor of Patents, both in this country and  
Europe, and who has been for many years the  
principal professional assistant of Messrs  
Munn & Co., Patent Agents, of this city. In  
this department will be published regularly  
the "Patent List of 'Scientists'" of all patents  
issued from the United States Patent Office  
during the previous week; this list will be  
prepared expressly for the American Artisan,  
and it will appear several days in advance of  
publication in any other journal. Important  
and interesting decisions in patent  
cases, tried in the United States Patent  
Office, will be periodically presented in this department,  
together with illustrated descriptions of many  
remarkable inventions recently patented either  
at home or abroad.

**TERMS OF SUBSCRIPTION.**  
Persons intending to subscribe for the  
American Artisan should specify the number  
of copies they wish to receive, and the date  
of the first number of Volume 1, dated May 11,  
1864. At the end of the year the fifty-two  
numbers will form, when bound, a handsome  
volume of 416 pages and several hundred en-  
gravings. The terms are as follows:—  
For One Year; \$1 for Six Months. Club-senders will  
be very liberally dealt with, as will be seen  
in the following table:—  
5 Copies, 6 months, \$4.00  
" " " " " " 3.00  
10 Copies, 1 year, 15.00  
" " " " " " 20.00  
Canadian subscribers should remit 20 cents  
extra to pay postage. Specimen Copies sent  
free.

**U. S. 10-40**  
**BONDS.**

These Bonds are issued under the Act of Congress of March 3th, 1864, which provides that all Bonds issued under this Act shall be EXEMPT FROM TAXATION by and under any State or municipal authority. Subscriptions to these Bonds are received in United States notes or notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Government, at any period not less than six months, nor more than forty years from their date, and until their redemption FIVE PER CENT. INTEREST WILL BE PAID IN COIN, on Bonds of not over one hundred dollars annually and on all other Bonds semi-annually. The interest is payable on the first days of March and September in each year.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U. S. Treasurer, and can be transferred to the owner's order. Coupon Bonds are payable to bearer, and are more convenient for commercial uses.

Subscribers to this loan will have the option of having their Bonds draw interest from March 1st, by paying the accrued interest in advance on the United States notes, or the notes of National Banks, adding fifty per cent. (premium) or receive their drawing interest from the date of subscription and deposit. As these Bonds are

**Exempt from Municipal or State Taxation,** their value is increased from one to three per cent. per annum, according to the rate of tax levies in various parts of the country.

At the present rate of premium on gold they pay

**Over Eight Per Cent Interest** in currency, and are of equal convenience as a permanent or temporary investment.

It is believed that no securities offer so good inducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or ability of private parties, or of companies or separate communities only is pledged for payment, while for the debts of the United States the whole property of the country is held to secure the payment of both principal and interest in coin.

These bonds may be subscribed for in sums from \$50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest.

It may be useful to state in this connection that the National Debt of the United States on which interest is payable in gold, on the 31st day of March, 1864, was \$768,965,000. The interest on this debt for the coming fiscal year will be \$45,937,126, while the customs revenue in gold for the current fiscal year ending June 30th, 1864, has been set at the rate of over \$100,000,000 per annum.

It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the Treasury for the payment of the gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of importations, to \$150,000,000 per annum.

Instructions to the National Banks acting as agents were not issued from the United States Treasury until March 26, but in the first three weeks of April the subscriptions averaged more than TEN MILLIONS A WEEK.

Subscriptions will be received by the First National Bank of Philadelphia, Pa., Second National Bank of Philadelphia, Pa., Third National Bank of Philadelphia, Pa., and by all National Banks which are depositaries of Public money, and all other BANKS AND BANKERS throughout the country, (acting as agents of the National Depository Banks), will furnish further information on application and AFFORD EVERY FACILITY TO SUBSCRIBERS. **REFRIGERATORS.**  
The only method for preserving by means of Ice, free from the influence of damp air.

**WILSON'S**  
Patent Air Circulating Refrigerators.

It is an acknowledged fact that articles of food placed in a sufficiently cold atmosphere, free from moisture and damp air, can be effectually preserved for indefinite periods during the warmest weather. These Refrigerators are the only ones manufactured that can accomplish this object. No air from the ice is admitted to the preserving chamber, but a dry cold atmosphere is created in it, by circulating cold air around and outside of it.

Fish, Meats, Fruits, &c., are preserved in a fresh and healthy state for as long as may be required, with a consumption of one third less ice than any other Refrigerator made. They are undoubtedly the best ever introduced.

For Farmers and Families residing in cities, villages, or the country, they are invaluable.

Special attention is called to our  
**DAIRY REFRIGERATORS,**  
made to order expressly for this purpose.—Where they are in use they save many times their cost in one season.

**First National Bank of Marietta, Pa.**  
Designated Depository and Financial Agent of the United States.

By instructions from the Secretary of the Treasury, dated March 20th, 1864, this Bank is authorized to receive subscriptions for the National 10 40 Five per cent. Loan, in Coupon or Registered Bonds.

This Loan, principal and interest, is payable in gold. On Bonds of \$500 and upwards, semi-annually. (1st March and September) and on those of less denominations annually, (1st of March.)

Subscribers can receive Bonds with Coupons from March 1st, by paying the accrued interest in coin, or in lawful money by adding 50 per cent for pre- sum. Or, if preferred, may deposit the principal only, and receive Bonds with Coupons from date of subscription.

Registered Bonds will be issued of the denominations of \$50, \$100, \$500, \$1,000, \$5,000 and \$10,000, in Coupon Bonds of \$50, \$100, \$500 and \$1,000.

For the greater convenience of subscribers, the different Banks and Bankers throughout the country are authorized to act as agents for the Loan.

As only \$200,000,000 of this Loan can be issued, the undersigned would urge upon persons having surplus money, to subscribe promptly and secure the investment at par.

The Secretary in presenting this new Loan to the public through the National Banks, relies upon the liberality and patriotism of our people, to use all honorable means, and to make exertion for its sale.

It is hoped that Lancaster county, having done so well in the past in furnishing the Government means, will be equally prompt at this time.

**PARTICULAR NOTICE.**  
There are many preparations sold under the  
name of Bitters, put up in quart bottles, com-  
posed of cheap and inferior materials, and  
Rum, costing from 20 to 40 cents per gallon,  
is taste disguised by Anise or Coriander seed.  
This class of Bitters has caused and will con-  
tinue to cause, as long as they can be sold,  
much suffering and death to a drunkard. By  
their use the system is kept continually under  
the influence of alcoholic stimulants of the  
worst kind, the desire for liquor is created and  
kept up, and the result is all the horrors at-  
tendant upon a drunkard's life and death. Be-  
ware of cheap Bitters.

For those who desire and will have a liquor  
bitters, we publish the following receipt:  
Get one bottle Helmbold's German Bitters and  
mix with three quarts of good Whiskey or  
Brand, and you have a superior preparation  
that will far excel in medicinal virtues and  
will excel any of the numerous liquor  
bitters in the market, and will cost less.  
You will have all the virtues of Helmbold's Bitters  
and in addition a good deal of the best  
and at a much less price than these inferior  
preparations will cost you.

**DELICATE CHILDREN.**  
Those suffering from *marasmus*, wasting  
away, and scarcely any flesh on their bones,  
are cured in very short time; one bottle in  
such cases, will have most surprising effect.

**DEBILITY.**  
Resulting from Excess of any kind—these bitters  
will renew your strength in a short time.  
Every man who is debilitated by the use  
of these Bitters will be cured. No person in a  
fever and ague district should be without them.

From Rev. J. Newton Brown, D. D., Editor  
of the Encyclopedia of Religious Knowledge.  
Although not disposed to favor or recommend  
Patent Medicines, I have, through distrust  
of their ingredients and effects; I yet know  
of no sufficient reason why a man may not testify  
to the benefits he believes himself to have  
received from any simple preparation, in the  
hope that he may thus contribute to the benefit  
of his fellow-men.

I do this more readily in regard to Helmbold's  
German Bitters, prepared by Dr. C. M. Jackson  
because I was prejudiced against them for a  
number of years, under the impression that  
they were chiefly an alcoholic mixture. I am  
indebted to my friend Robt. Shoenberger for  
the removal of this prejudice by proper  
tests, and for encouragement to try them, when  
suffering from great and long debility, at the  
beginning of the present year, I was followed by  
evident relief, and restoration to a degree of  
bodily and mental vigor which I had not felt  
for six months before, and had almost despair-  
ed of regaining. I therefore thank God and  
my friend for directing me to the use of them.  
Philadelphia, June 23, 1862.

**ATTENTION, SOLDIERS.**  
AND THE FRIENDS OF SOLDIERS.  
We call the attention of all having relations  
or friends in the army to the fact that Helmbold's  
German Bitters will cure many of the  
diseases induced by privation and ex-  
posure incident to camp life. In the lists  
published almost daily in the newspapers, on  
the arrival of the sick, it will be noticed that  
a very large proportion are suffering from  
debility. Every case of that kind can be read-  
ily cured by Helmbold's German Bitters. We  
have no hesitation in stating that, if these bitters  
are freely used among our soldiers, hun-  
dreds of lives might be saved that otherwise  
would be lost.

The proprietors are daily receiving thankful  
letters from sufferers in the army and hospi-  
tals, who have been restored to health by the use  
of Helmbold's German Bitters. Beware of  
counterfeits! See that the wrapper  
nature of "C. M. Jackson" is on the wrapper  
of each bottle.

**DRUGGISTS.**  
Large Size, \$1.00 per dozen for \$5.  
Medium size, 75c per bottle, or dozen for \$4.  
The larger size, on account of the quantity  
the bottles hold, are much the cheaper.
