U.S.7-80 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from August 15th, 1864 with semi.agnual interest at the rate of seven and three-tenths per-cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be ssued in denominations of \$50, \$100, \$500. \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one quarter of one per cent. which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

Special Advantages of this Loan. It is a National Savings Bank, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U.S. Notes, considers that it is payinn the bes t circulating medium of the country, and it cannot pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as colaterals for discounts.

Convertable into a Six per cent, 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about 3 per cent. per annum, for the current rate for 5-20 Bonds is not less than 9 per cent. premium, and before the war the premium on 6 per cent. U. S. Stocks was over 20 per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum. Its exemption

From State or Municipal Taxation. But aside from all the advantages we have enumerated, a special Act of Congress exempts all Bonds and Treasury Notes from local tax- will warrant for neatness and good fi ation. On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or seperate communitie ly, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the original certificate the denomination of notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the

Treasury Department. Supscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated

Depositaries, and by the First National Bank of Marietta, and by all National Banks which are deposi-

taries of public money, and all respectable BANKS AND BANKERS throughout the country will give further infor-

mation and afford every facility to subscribers. August 13, 1864. [3min

HOLLOWAY'S PILLS & DINTMENT A LL WHO HAVE FRIENDS AND Relatives in the Army or Navy, should take special care, that they be amply supplied with these Pilis and Ontment; and where the previous College and Scilors have a supplied to the brave Soldiers and Sailors have neglected to provide themselves with them, no better pres

Coughs and Colds affecting Troops Will be speedily relieved and effectually cured by using these admirable medicines, and by paying proper attention to the Directions which are attached to each Pot or Box.

Sick Headache and want of Appetite Incident to Soldiers! Those feelings which so sadden us, usually arise from trouble or annoyances, obstructed prespiration, or eating and drinking whatever is unwholesome, thus disturbing the healthful action of the liver and stomach. These organs must be relieved, if you desire to do well. The Pills, taking according to the printed instructions, will quickly produce a healthy action in both liver and stomach, and as a natural consequence a clear head and good appelite.

Weakness and Debility induced by

OVER FATIGUE. Will soon disappear by the use of these in, valuable Pills, and the Soldier will quickly acquire additional strength. Never let the bowels be either confined or unduly acted upon. It may seem strange that Holloway's Pills should be recommended for Dysentery and Pilly many marked the strength of the st and Flux, many persons supposing that they would increase the relaxation. This is a great mistake, for these Pills will correct the liver and stomach and thus remove all the acrid humours from the system. This medi-cine will give tone and vigor to the whole organic system however deranged, while health and strength follow as a matter of course. Nothing will stop the relaxation of the Bowels so sure as this famous medicine.

VOLUNTEERS ATTENTOIN! Sores and Ulcers. Blotches and Swellings can with certainty be radically cured if the Pills are taken night and morning, and the Ontment be freely used as stated in the printed nstructions. If treated in any other manner they dry up in one part to break out in another. Whereas this Ointment will remove the humors from the system and leave the patient a vigorous and healthy man. It will require a little perseverance in bad cases to insure a

LASTING CURE.

For Wounds either occasioned by the Bayone Sabre or the Bullet, Sores or Bruises, To which every Soldier and Sailor are liable there are no medicines so safe, sure and con-venient as Holloway's Pills and Ointment.— The poor wounded and almost dying sufferer night have his wounds dressed immediately, if he would only provide himself with this matchess Ointment, which should be thrust into the wound and smeared all around it, then cover it with a piece of linen from his Knap-

sack and compressed with a handkerchief.— Taking night and morning 6 or 8 Pills, to cool the system and prevent inflamation. Every Soldier's Knapsack and Seaman's Chest should be provided with these invaluable Remedies.

IMPORTANT CAUTION!—None are genuine unless the words "Holloway, New York and London," are discernible as a Watermark in every leaf of the book of directions,

around each pot or box; the same may be plainly seen by holding the leaf to the light.—A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing

A PURE AND POWERFUL TONIC. Corrective and alternative of wonderful efficacorrective and afternative of wonderful effica-cy in disease of the Stomach, Liver and Low-els; cures Dyspepsia, Liver Complaint, Head-ache, General Debility, Nervousness, Depleat-sion of Spirits, Constipation, Colic, Intermitten-Fevers, Cramps and Spasms, and all complaints of either sex, arising from bodily weakness whether inherent in the system or produced

Nothing that is not wholesome, genial and restorative in its nature enters into the compo-sition of Hostetter's Stomach Bitters. This popular preparation contains no mineral of any kind, no deadly betanical element; no fiery excitant, but it is a combination of the ex-tracts of rare balsamic herbs and plants with the purest and mildest of all diffusive stimu-

HOSTETTER'S BITTERS may be relied on as a safeguard.

In districts infested with Fever and Ague, it has been found infallible as a preventative and irresistible as a remedy, and thousands who resort tout under apprehension of an attack, escape the scourge; and thousands who ne-glect ro avail themselves of its protective qualities in advance, are cured by a very blief course of this maxvelous medicine. The weak stomach is rapidly invigorated and the appetite restored by this agreeable tonic, and hence it works wonders in cases of Dyspepsia and in less confirmed forms of Indi-gestion. Acting as a gentle and painless appe-rient, as well as upon the liver, it also invari-ably relieves the Constipation superinduced by irregular action of the digestive and secretive organs. Persons of feeble habit, liable to ner-vous attacks, lowness of spirits and fits of lan-gour, find prompt and negronnest relief from gour, find prompt and permanent relief from the Bitters. The testimony on this point is most conclusive, and from both sexes. The agony of Bilious Colic is immediately

assuaged by a single dose of the stimulant, and by occasionally resorting to it, the return of the complaint may be prevented.
