MARIETTA CAR HOURS. The several passenger trains will leave the "Upper-Station Depot" as follows: Morning train, East, at ten minutes before 8; Mail train West, 11:56; Way train East, 1:45; Harrisburg Accommodation train, East, 6:39 and the evening train West, at 7:02.

Marietta, Saturday, Sept. 17, 1864.

The report of the proceedings of the exhibition of the Farmer's and Gardener's Society of East Donegal, held on Thursday last, came too late for to-day's paper. It will appear in our next issue. The display and attendance was a most complete success.

In looking over last week's Columbia Spy we find Col. Schock, the Columbia Col. Amos S. Green, George Young, Jr., Samuel Evans, Esq., and Mrs. Samuel Evans, have each furnished a representative recruit to the credit of that borough. We believe the only representative recruit furnished in this borough was by Miss Annie M. Rinehart.

We learn through the Lancaster Intelligencer, that Vallandigham will not appear on the stand in that city at the mass meeting to be held there. He repudiates McClellan's letter of acceptance.

Our public schools will open on Monday next. They have been allotted as follows:— High School, Frank Hoffmeier, Male Secondary, Theo. Hiestand, Female Secondary, Miss Mary Turner.

Primary No. 1, Saml. Lindsay, Primary No. 2, Miss Harriet Cook, Primary No. 3, Miss Emma F. Baker, Primary No. 4, Miss Mary Lazlore, Beneficial Hall, Miss Sarah Turner.

The law requires the assessor to receive the name of any person in the army or navy whose residence is vouched for by a citizen of the district. A tax of ten cents is required to be paid which will entitle the assessed citizen to vote in the U. S. service. See that every man is assessed. Mr. Isaac Risinger is the Assessor for this borough.

The property of Henry Shill, deceased, will be sold this evening. See advertisement.

We are often surprised to find so few Sewing Machines in use, in our section of the country. In the large cities, every family has its Sewing Machine, and they would not be without one for ten times its cost. It is certainly the most useful and economical invention of the age, and we advise our readers to hesitate no longer, but see to getting one of these labor and life saving Machines. There are a great many kinds of Sewing Machines, and we have taken some pains to examine into their respective merits, and we have come to the conclusion that the Wheeler & Wilson, highest premium Sewing Machine, is decidedly the best.

These unequalled Machines are adapted to every variety of sewing for family wear, from the lightest muslins to the heaviest cloths. They work equally well upon silk, linen, woolen, and cotton goods, with silk, cotton, or linen thread. They will seam, quilt, gather, hem, fell, cord, braid, bind, and perform every kind of sewing, make a beautiful and perfect stitch, alike on both sides of the article sewed. The sewing will never unravel or wash out.

The Wheeler & Wilson Sewing Machines are so simple that a child can work them with ease. Printed instructions are sent with every Machine, so that any one can operate them without any trouble or difficulty. Every Machine is warranted, and the money returned if not entirely satisfactory.

Over Fifty thousand of the celebrated Wheeler & Wilson Sewing Machines are sold every year, and yet the demand is so great that they can hardly be supplied as fast as ordered. Machines are carefully packed and sent in good order to any portion of the country. We hope our readers will write at once to the Wheeler & Wilson Agency, No. 704 Chestnut Street, Philadelphia, and get one of their Almanacs for 1865, and specimens of work done by the Machine, all of which they will send by mail, free of charge, to any address. We should be glad to see an Agency for the Wheeler & Wilson Sewing Machine established in our locality. We know them to be the best, most simple and cheapest machines in use.

The Susquehanna took quite a rise during last week, and presented every indication of a Fall freshet, bringing up New York and Philadelphia buyers, and bringing down Clearfield and Clinton county sellers. The river has gone down again, however, without bringing anything but water.

We are sorry to learn that Sergeant Major Sigmund E. Wisner, of the 79th Regiment, was severely wounded at the battle of Atlanta.

PUTNAM CLOTHES-WRINGER.

It is the only reliable self-adjusting Wringer. No wool-work to split. No thumb-screws to get out of order. Warranted with or without Cog-Wheels. It took the First Premium at Fifty-seven State and County Fairs in 1863, and is, without an exception, the best Winger ever made. Exported to the United States, England, Canada, and Australia. Agents wanted in every town. Energetic agents can make from 3 to 10 Dollars per day. No. 2. \$5.50 No. 1. \$7.50. No. F. \$8.50. No. A. \$9.50. Sample Wringer sent and express paid on receipt of price. Manufactured and sold, wholesale and retail, by the PUTNAM MANUFACTURING CO., No. 13 Platt Street, New York, and Cleveland, Ohio. S. C. NORTROP, Agent.

WHAT EVERYBODY KNOWS, viz: That Iron well galvanized will not rust; That a simple machine is better than a complicated one; That a Wringer should be self-adjusting, durable, and efficient; That Thumb-Screws, and Fastenings cause delay and trouble to regulate and keep in order; That wood soaked in hot water will swell, shrink and split; That wood bearings for the shaft to run in will wear out; That the Putnam Wringer, with or without cog-wheels, will not tear the clothes; That cog-wheel regulators are not essential; That the Putnam Wringer has all the advantages, and not one of the disadvantages above named; That all who have tested it, pronounce it the best Wringer ever made; That it will wring anything from a thread to a bed quilt without alteration; We might fill the paper with testimonials, but insert only a few to convince the skeptical, if such there be; and we say to all, test Putnam's Wringer; Compare it with any and all others, and if not entirely satisfactory, return it. Putnam Manufacturing Co. GENTLEMEN: "I know from practical experience that iron well galvanized with zinc will not rust, or rust one particle. The Putnam Wringer is near perfect as possible, and I can cheerfully recommend it to be the best in use. Respectfully yours, JNO. W. WHEELER. Cleveland, Ohio.

Many years' experience in the galvanizing business enable me to endorse the above statements in all particulars. JNO. C. LEFFERTS, No. 100 Beekmann Street, New York, January, 1864. We have tested Putnam's Clothes Wringer by practical working, and know that it will do its duty; it is simple; it requires no room, whether at work or at rest; a child can operate it; it does its duty thoroughly; it saves time; and it saves wear and tear. We earnestly advise all who have much washing to do, with all intelligent persons who have any, to buy this Wringer. It will pay for itself in a year at most. How, HORACE GREELY. May 23, 1864. 6m.

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from August 15th, 1864 with semi-annual interest at the rate of seven and three-tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$500, \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one quarter of one per cent. which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

Special Advantages of this Loan. It is a National Savings Bank, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying the best circulating medium of the country, and it cannot pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discounts.

Convertible into a Six per cent, 5-20 Gold Bond. In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about 3 per cent. per annum, for the current rate for 5-20 Bonds is not less than 9 per cent. premium, and before the war the premium on 6 per cent. U. S. Stocks was over 20 per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum. Its exemption From State or Municipal Taxation. But aside from all the advantages we have enumerated, a special Act of Congress exempts all Bonds and Treasury Notes from local taxation. On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the original certificate the denomination of notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Treasury Department.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositories, and by the First National Bank of Marietta, and by all National Banks which are depositories of public money, and all respectable BANKS AND BANKERS throughout the country will give further information and afford every facility to subscribers. August 13, 1864. [3min
