SATURDAY, OCTOBER 29, 1864.

A brakesman of the Philadelphia and Columbia railroad named G. R. Harrison, was found dead on the top of a burden car, as the train passed into the Lancasterfreight depot, a few mornings since. The train passed through the bridge near Parkesburg at about half-past two o'clock in the morning, and the deceased must have been struck by this structure and killed instantly. He was about twenty-three years of age, an exemplary young man, and resided with his parents in Labcaster. When the war broke out, he entered the three months service under Capt. D. W. Patterson, and, after the expiration of that term, he enlisted under Captain Herr in Co. I, 11th Pennsylvania Cavalry for three years, serving to the end of the term. On the 29th of last month he was appointed a brakesman on the Pennsylvania Railroad.

Mr. William Girod is about to open a singing school in the High School Room. Mr. G. has long been regarded as one of the best vocalists in our vicinity. The course will be open to both sexes. See his card. We can distinctly remember when every fall and winter these classes were gotten-up and were a "kind-e-courting schools for young 'one," and many a billing and and cooing scene did we, when scarcely "knee-high-to-a-duck," witness, but alas! those were days of joy, so free from every pain,-but-but-enough on that etrain, go to Girod's school and learn to

Certain citizens residing in the neighborhood of the Susquehanna river have issued a notice cautioning all persome from shooting wild ducks along the riyer and its tributaries on any other days of the week than Tuesdays, Thursdays and Saturdays. The penalty for violating the statue is severe. and the citizens along the Susquebanua ingist that it shall be cuforced in all

We are informed, says the Lancaster Express, by reliable parties, that on he evening of the late torchlight parade in this city, a number of women, dressed in male attire, paraded in the ranks! Several were recognized. and the sex of another was also revealed from a slight accident-the falling off of her hat which let down ber long hair. This is a new way to swell the ranks of Democratic processions, but we cannot say that it is one to be commended.

One hundred and eight discharged soldiers from Col. Hambright's 79th regiment, who had served three years and did not re enlist, arrived in Lancaster on Wednesday last. They were received by Mayor Sanderson and partook of a fine repast prepared for them at Shober's hotel.

Paymaster E. L. Moore, formerly of the Mount Joy Academy, was amongst the persons recently captured by Moseby's goog between Washington and Harper's Ferry. The was carried off with over \$200,000 in greenbacks, with which he intended to pay off a portion of our troops.

A male infant was horn on the night train between Lancaster and Philadelphia last Friday. The conductor was puzzled whether he ought to collect fare for him or not. The infant ought to be a fast man when he grows, bora at the rate of thirty-six miles an hour.

Read the advertisement of the Germantown Telegraph, in another part of this weeks Mariettian. This is truly one of the very best papers in the State. Not only a reliable news paper, but a family and an agricultural journal of the highest tone and character.

Mr. Duffy's and Miss Franck's new buildings are nearing completion. Both will be fine ornaments to the town. Jacob Roth's new brick building opposite Diffenbach's store is under roof which will fill up an unsightly gap in that part of Market street.

A grand Union demonstration will take place this evening at Maytown. Let every patriot that can get off from Marietta, go and, essist to swell the turn-out of our loval neighbors.

The fruit growers society of East Donegal will meet in their ball on Thursday evening next, for the trans. action of important business.

S 7-80 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from August 15th, 1864 with semi.annual interest at the rate of seven and three-tenths per-cent. per annum,-principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$500, \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars. .

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit. A hour hand

Parties depositing twenty-five thousand dollars and upwards for these notes at sany cone time will be allowed a commission of one quarter of one per cent, which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified jato by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

Special Advantages of this Loan.

It is a National Savings Bank, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U.S. Notes, considers that it s payinn best circulating medium of the country, and it cannot pay in anything better, for its own assets are either in government securities or in notes or bonds payable in govern-

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as colaterals for discounts.

Convertable into a Six per cent, 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about 3 per cent. per an num, for the current rate for 5-20 Bonds is not less than 9 per cent. premium, and before the war the premium on 6 per cent. U. S. Stocks was over 20 per cent. It will be seen that the actual profit on this loan, at the present marret rate, is not less than ten per cent. per annum. Its exemption

From State or Municipal Taxation. But aside from all the advantages we have enumerated, a special Act of Congress exempts all Bonds and Treasury Notes from local taxation. On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or seperate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very trongest appeal will be to the loyalty and patriotism of the people.

Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the original certificate the devomination of notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Tressury Department.

Supscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

First National Bank of Marietta, and by all National Banks which are depositaries of public money, and all respectable BANKS AND BANKERS

throughout the country will give further information and afford every facility to subscribers.
