In support of the above statements, are presented the Certificates of Dr. James R. Clifton, New-York; Dr. Hiram C. X., Chemical Inspector, Ohio; Dr. James R. Nichols, Chemist, Boston; Dr. E. N. Jones, Chemical Inspector, Circleville, Ohio; Prof. C. T. Jackson, Chemist, Boston; Dr. Charles Upman Shepard, Charleston, S. C.; and J. V. Z. Blaney, and G. A. Mariner, Consulting Chemist, Chicago, all of whom have analyzed the Catawba Brandy, and commend it in the highest terms, for medicinal use.

**Analysis of the Mass. State Assayer. [1858.]** When evaporated through clean linen it left no oil or offensive matter. In every respect it is a pure spirituous liquor. The oil which gives to this Brandy its flavor and aroma, is wholly unlike fossil or grain oil. Its odor partakes of both the fruit and oil of grapes. With acids it produces ethers of a high fragrance. The substitution of this Brandy for Cognac Brandy will do away with the manufacture of rictitious spirits, sold under this name both at home and abroad. Respectfully,

**A. A. HAYES, M. D., State Assayer,** 18 Boylston-st., Boston, July 30, 1864 [Mass.]

**BY THE SAME, in 1864.** I have analyzed "Lyons' Pure Catawba Brandy," with reference to its composition and character, being the same as that produced in past years. A sample taken from ten casks afforded the same results with regard to purity; it is a slightly increased amount of the oil on which its flavor depends was determined by comparison with former samples. The indications of analysis show that this Brandy is produced by the same process as most of the imported Brandy.

Respectfully,  
**A. A. HAYES, M. D., State Assayer,** 16 Boylston-st., Boston, July 30, 1864 [Mass.]

The flame is regulated from the outside. It is neat and compact in form and size. It is free from rattling parts, and is otherwise very substantial in its structure.

**PRICE, ONE DOLLAR.** For sale at **JOHN SPANGLER'S,** Hardware Store, on Market street.

**U. S. 7-30 LOAN.**

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon

Treasury Notes, payable three years from August 16th, 1864 with semi-annual interest at the rate of seven and three-tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$500, \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one quarter of one per cent. which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

**Special Advantages of this Loan.** It is a National Savings Bank, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U. S. Notes, considers that it is payin

best circulating medium of the country, and it cannot pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discounts.

**Convertible into a Six per cent, 5-20 Gold Bond.** In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about 3 per cent. per annum, for the current rate for 5-20 Bonds is not less than 9 per cent. premium, and before the war the premium on 6 per cent. U. S. Stocks was over 20 per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum. Its exemption

From State or Municipal Taxation. From all the advantages we have enumerated, a special Act of Congress exempts all Bonds and Treasury Notes from local taxation. On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the original certificate the denomination of notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Treasury Department.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositories, and by the

**First National Bank of Marietta,** and by all National Banks which are depositaries of public money, and all respectable

**BANKS AND BANKERS** throughout the country will give further information and afford every facility to subscribers.

**GEO. W. WORRALL,** SURGEON DENTIST,

Having removed to the Rooms formerly occupied by Dr. Swentzel, adjoining Spangler & Patterson's Store, Market Street, where he is now prepared to wait on all who may feel inclined to patronize him.

Dentistry in all its branches carried on. Teeth inserted on the most approved principles of Dental science. All operations on the mouth performed in a skillful and workmanlike manner—on fair principles and on very reasonable terms.

Having determined upon a permanent location at this place, would ask a continuation of the liberal patronage heretofore extended to him, for which he will render every possible satisfaction.

Either administered to proper persons.

**OSBORN'S** Celebrated Prepared Java Coffee.

Warranted superior to any in the Market.

It is used by first-class families everywhere, and is highly recommended for nervous and dyspeptic persons, being very nutritious and free from all deleterious substances, in testimony of which I have certificates from the most eminent Physicians and Chemists in this country. Try it and you will be sure to continue its use in preference to any other.

Sold at retail for Twenty Five cents a pound, by first-class Grocers throughout the United States.

A liberal discount allowed to the trade.

Put up only by **Lewis A. Osborn,** Wholesale Depot, 69 Warren-st., N. Y.

**CHAMPAGNE and other Table Wines** guaranteed to be pure, and sold as low as can be bought in Philadelphia or New-York.

Can be bought in Philadelphia or New-York at **H. D. BENJAMIN'S, Picot Building.**

**PUTNAM CLOTHES-WRINGER.**

It is the only reliable self-Adjusting Wringer. No wood-work to swell or split. No thumb-screws to get out of order.

Warranted with or without Cog-Wheels. It took the First Premium at Fifty-seven State and County Fairs in 1863, and is, without an exception, the best Wringer ever made. Patented in the United States, England, Canada, and Australia. Agents wanted in every town.

Energetic agents can make from 3 to 10 Dollars per day. No. 3. \$6.50. No. 1. \$7.50. No. F. \$8.50. No. A. \$9.50. Sample Wringer sent and express paid on receipt of price.

Manufactured and sold, wholesale and retail, by **PUTNAM MANUFACTURING CO.,** No. 13 Platt Street, New York, and Cleveland, Ohio.

**S. C. NORTHPROP, Agent.** WHAT EVERYBODY KNOWS, viz:

That Iron well galvanized will not rust; That a simple machine is better than a complicated one;

That a Wringer should be self-adjusting, durable, and efficient;

That Thumb-Screws, and Fastenings cause delay and trouble to regulate and keep in order; That wood soaked in hot water will swell, shrink and split;

That wood bearings for the shaft to run in will wear out;

That the Putnam Wringer, with or without cog-wheels, will not tear the clothes;

That cog-wheel regulators are not essential; That the Putnam Wringer has all the advantages, and not one of the disadvantages above named;

That all who have tested it, pronounce it the best Wringer ever made;

That it will wring anything from a thread to a quilt without alteration;

We might fill the paper with testimonials, but insert only a few to convince the skeptical, if such there be; and we say to all, test Putnam's Wringer.

Test it thoroughly with any and all others, and if not entirely satisfactory, return it.

**Putnam Manufacturing Co:** GENTLEMEN: I know from practical experience that iron well galvanized with zinc will not rust, and is far more durable than zinc plated iron. The Putnam Wringer is as near perfect as possible, and I can cheerfully recommend it to be the best in use.
