HOSTETTER'S BITTERS.

A PURE AND POWERFUL TONIC. Corrective and alternative of wonderful efficacy in disease of the Stomach, Liver and Bow cy in disease of the Stomach, Liver and Bow-els; cures Dyspepsia, Liver Complaint, Head-ache, General Debility, Nervousness, Depies' sion of Spirits, Constipation, Colic, Intermitten-Fevers, Cramps and Spasms, and all complaints of either sex, arising from bodily weakness whether inherent in the system or produced

Nothing that is not wholesome, genial and restorative in its nature enters into the composition of Hostetter's Stomach Bitters. This popular preparation contains no mineral of ny kind, no deadly butanical element: no fiery excitant, but it is a combination of the ex tracts of rare balsamic herbs and plants with the purest and mildest of all diffusive stimu-lants.

It is well to be forearmed against diseaso, and so far as the human system can be protected by human means against maladies, engendered by an unwholesome atmosphere, imure water and other external causes

HOSTETTER'S BITTERS

may be relied on as a safeguard.
In districts infested with Fever and Ague, it has been found infallible as a preventative and irresistible as a remedy, and thousands who resort to it under apprehension of an attack, escape the scourge; and thousands who ne-glect ro avail themselves of its protective qualgiet to avain themserves of its protective dialities in advance, are cured by a very blief course of this marvelous medicine. Fever and Ague patients, after being plied with quinine for months in vain, until fairly saturated with that dangerous alkaloid, are not unfrequently restored to health within a few daysby the use

of Hostetter's Bitters.
The weak stomach is rapidly invigorated and the appetite restored by this agreeable to nic, and hence it works wonders in cases of Dyspersia and in less confirmed forms of Indi-gestion. Acting as a gentle and painless apperient, as well as upon the liver, it also invari-ably relieves the *Constitution* superinduced by irregular action of the digestive and secretive organs. Persons of feeble habit, liable to nervous attacks, lowness of spirits and fits of lan-gour, find prompt and permanent relief from the Bitters. The testimony on this point is

most conclusive, and from both sexes.

The agony of Bilious Colic is immediately assuaged by a single dose of the stimulant, and by occasionally resorting to it, the return of the complaint may be prevented.

Last, but not least, it is The Only Safe Stimulant, being manufactured from sound and innocuous materials, and entirely free from the acid elements present more or less in all the ordinary tonics and stomachics of the day. No family medicine has been so universally.

Melancholy deaths by Consumption bear ample witness to the truth of the assertion.
